United States Patent Office,
Washington, July 28, 1853.

ON the petition of John H. Tims, of Newark, New Jersey, praying for the extension of a patent granted to him on the thirty-first day of October, 1838, for an improvement in bearings and oil boxes for railroad cars, &c., for seven years from the expiration of said patent, which takes place on the thirty-first day of October, eighteen hundred and fifty three, (1853)—

It is ordered that the said petition be heard at the Patent Office on Monday, the third of October next, at 12 o'clock, m.; and all persons are notified to appear and show cause, if any they have, why said petition ought not to be granted.

Persons opposing the extension are required to file in the Patent Office their objections, specially set forth in writing, at least twenty days before the day of hearing; all testimony filed by either party to be used at the said hearing must be taken and transmitted in accordance with the rules of the office, which will be furnished on application.

Ordered, also, that this notice be published in the Union, Intelligencer, and Evening Star, Washington, D. C.; Pennsylvanian, Philadelphia, Pennsylvania; Evening Post, New York; Boston Post, Boston, Massachusetts, and Inquirer, Cincinnati, Ohio, once a week for three successive weeks previous to the third day of October next, the day of hearing.

CHARLES MASON,
Commissioner of Patents.

P. S.—Editors of the above papers will please copy, and send their bills to the Patent Office, with a paper containing this notice.

FARM for sale in Alexandria county, Virginia, within two miles of the aqueduct, and four from the President's House, by way of Georgetown.—I will sell on reasonable terms my farm, or any portion thereof, located as above, within a half mile of Ball's Cross Roads, containing one hundred and twenty acres. There are between twenty-five and thirty acres of beautiful timbered land, the residue is cleared. Much the larger portion of this farm is rich including twenty or thirty acres which might be advantageously made into a meadow. Persons who may be disposed to purchase are referred to John Ball, grocer, Water street, near Pennsylvania avenue, or Horatio Ball, on adjacent farm.

May 11—eodtf WM. BALL.

NEW SPRING GOODS.—P. W. BROWNING, merchant tailor, under United States Hotel, begs leave to call the attention of the citizens of Washington, and strangers, to his superior and well-selected assortment of French cloths, cassimeres, and vestings, imported expressly for the present season. Being determined to carry out to the fullest extent the popular principles of "low prices and punctuality," he will offer whole suits of clothes at prices intervening $20 and $40, and thus prevent the necessity of persons going to the so-called "cheap stores" for economy. He has spared no pains in securing a stock of goods that cannot be surpassed either in style, color, or quality. With many thanks to his friends, for the liberal patronage heretofore extended to him, he solicits a continuance of the same. Mar 31—3awtf

Select Boarding and Day School for Young Ladies.

THE next academic year of this school, opposite Judiciary Square, and formerly Dr Cushman's, will commence on Tuesday, September 20th. The course of instruction embraces the whole range of a thorough and substantial education, and, in all departments where practicable, is illustrated by an ample apparatus. The French department will be conducted by Mademoiselle Rollin, and that of music by Professor Schell. Circulars, containing fuller information, may be had by addressing the subscriber at Philadelphia, until September 1st, and after that at Washington.

VALUABLE GARDEN AND AGRICULTURAL FARM NEAR the city of Washington, about thirty minutes' drive from the Centre Market, at auction—On Monday, the 5th day of September, we shall sell, at 4 o'clock, p. m., on the premises, a handsome farm, lying about one mile from the Navy Yard, over the Eastern Branch, adjoining the United States Asylum. It contains 180 acres, fifty of which are cleared and in a high state of cultivation, having been used for gardening purposes; the balance is well wooded. It is part of the tract called St. Elizabeth, which is well known for its fertility and susceptibility of improvement. It is well adapted to the growth of wheat, corn, and garden vegetables. There is on it a good orchard of 300 fruit trees, of various kinds, in fine bearing order. It is well watered, and nearly all under good fencing.

The improvements are an excellent two-story frame dwelling-house containing eight conveniently arranged rooms, overseer's house, barn, corn-house, stabling, and sheds. It has a well, with a pump of excellent water in the yard, and a perpetual spring about twenty yards from the house. It is an elevated position, and known to be one of the most healthy farms in the District.

We shall also sell with the farm all the stock, farming utensils, crop in the ground, and 2,000 lights of hot-bed sash. Possession can be given immediately after the sale, if required.

Terms: One-third cash; balance in one, two, and three years, the purchaser to give notes for the deferred payments, bearing interest from the day of sale; a deed given and a deed of trust taken, slate positive. Title indisputable.

Persons wishing to examine the premises will please call previous to the sale and do so. There will be a person on the premises to show them. GREEN & SCOTT,

Red River Raft.

THE person to whom the contract was awarded under former advertisements for proposals having failed to give the bond with sureties as required, proposals for the work are again invited as follows:

Proposals will be received until the 20th day of next September for the removal of obstructions to the navigation of Red river (Louisiana) occasioned by the raft, and for keeping the said navigation free from the same for the longest period.

The amount of these proposals united is not to exceed the sum of $100,000.

Each bidder will propose to remove said raft, (thoroughly,) and to keep the navigation free from obstruction thereby for a specified period; specifying in his bid the time in which he proposes to complete the removal of the raft, the said time not to be later than the 1st day of June, 1855; and also the number of years, counting from said removal, during which time he binds himself to keep the said navigation free from raft obstruction.

The contractor will be required to give his bond for $20,000, with two good sureties, each for the sum of $10,000, conditioned for the faithful execution of the contract. Each bidder will transmit, at the same time with his proposals, the names of the persons whom he offers as sureties, and a declaration signed by them that they will sign his bond as sureties as above mentioned; and also the certificate of a district judge of the United States for the State in which he resides, that said securities are respectable citizens, and that he considers them worth $10,000 over and above all their debts and liabilities. No bid will be examined unless these conditions shall be complied with.

Terms of Payment.

Of the sum of $100,000 appropriated for the above object, $50,000 shall be paid as the work of removing the raft advances, as follows, to wit: Whenever the contractor shall report that a portion of the raft has been removed, the same shall be inspected by an officer appointed by the War Department; and if it shall appear that such is the fact, the department will pay such a proportion of the said sum of $50,000 as the portion removed shall bear to the entire raft, provided no partial payment shall be made for less than one-tenth part of the whole work. The remaining $50,000 will be paid in equal annual instalments corresponding in number with the number of years during which the contractor shall bind himself to keep the navigation open, of which fact the department is to be the sole judge.

Each bid must be for the whole work—that is, for the removal of the raft, and for keeping the river open for a specified period. No separate proposals for portions of it will be considered.

The proposals will be addressed to the undersigned, marked on the envelope, "Proposals for removing Red river raft."

The War Department reserves to itself the right of awarding the contract according to its own judgment of the most favorable bid and the most responsible bidder.

Law School of Cumberland University, at Lebanon, Tennessee.

FACULTY, Hon. Abraham Caruthers, late one of the circuit judges of Tennessee.
Hon. Nathan Green, late one of the judges of the supreme court of Tennessee.
Hon. Bromfield L. Ridley, one of the chancellors of the State.
Judges Caruthers and Green devote their whole time exclusively to the school.

Plan of instruction—1. Daily examinations of each class on the text books. No regular course of lectures, but explanations of the daily lessons in the progress of the examinations.

2. Weekly moot courts of common law and equity, in which students commence suits on a statement of facts given by the professors, and prosecute them through all the processes known in actual practice. The cases are so framed as to require them to prepare deeds, wills, records, and all sorts of documents, to be read as evidence in the trials. Some of the cases are taken by appeal to a supreme moot court, which is held monthly in the class, and in public at the end of every session. The students act as clerks, sheriffs, jurors, circuit judges, and chancellors, and in other official capacities connected with their suits.

Sessions—The first session commences the third Monday in September, and ends third Thursday in February. The second commences the succeeding Monday in February, and ends second Thursday in July.

Expenses per session.—Tuition fee $50, in advance; contingent fee $2; boarding about $50. Students furnish their own books, which can be had in the Lebanon bookstores.

Four sessions required to complete the course, unless the students enter an advanced class. No previous study required for admission. There are four regular classes. Students may enter at any time during the collegiate year.

There is a moot legislature connected with the school.

Number of students the last collegiate year eighty-six.

IMPORTANT AND VALUABLE INVENTION.

SANDS AND CUMMINGS'S BRICK MACHINE—PATENT Rights for sale.—Michael Nourse & Co., of this city, have been appointed the exclusive agents for the United States for the sale of rights in the above machine. It has been thoroughly tested and pronounced by practical brickmakers throughout the country to be the best machine for the purpose that has yet been produced. It is successfully worked by the application of any motive power, steam, water, or horse. With two light horses the clay is tempered, and at the same time six bricks are moulded in five seconds, in the very best manner, thus excelling in rapidity of operation any other machine for that purpose now known.

The issue of the American patent is only delayed until the machine can be protected abroad. Meanwhile, M. N & Co. are prepared to negotiate for the sale of any amount of territory, and to give a good title to the same.

Apply by letter, (post paid,) or at their office, corner of 8th and E streets, near the Post Office Department.

KENTUCKY MILITARY INSTITUTE, directed by a board of visitors appointed by the State, is under the superintendence of Colonel R. T. P. Allen, a distinguished graduate of West Point and a practical engineer, aided by an able faculty. The course of study is that usually taught in the best colleges, with the addition of an extended course of mathematics, natural science, and theoretic and practical engineering.

The buildings of the Institute will be entirely refitted, and arrangements made for heating them with steam, before the opening of the ensuing fall term, which will render the Institute entirely unequalled in regard to health, convenience, and agreeableness of residence, as it is already in thoroughness of instruction and strictness of government.

The seventh annual term will open on the second Monday in September, 1853. Entire charge, $100 per semi-annual session, (surgeon's fee $2 extra,) payable in advance.

Address the superintendent, at "Military Institute, Franklin county, Kentucky," or the undersigned.

The lotteries in Maryland are drawn under State authority, through a sworn commissioner appointed for the purpose, thus guaranteeing to the purchaser the fairness of the drawing.

A single package in either of the above lotteries can draw the four highest prizes in the schemes.

We invariably answer letters by return mail, enclosing the tickets in a proper envelope, observing the strictest confidence, and after the drawing is over we send the official printed drawing, duly certified to by the State officers, with a written explanation of the result. All prizes bought at our office are payable immediately after the drawing in current money. Bank notes of any State taken at par for tickets.

Correspondents may place the utmost confidence in the regularity and safety of the mails, as out of many thousand orders containing drafts and bank notes for all parts of the United States we have never yet had a valuable letter to miscarry. In making odd change post office stamps can at all times be obtained. Pay your postage to us and we will prepay to you.

In ordering tickets, enclose the money, and direct the letter to our address. Be careful to mention you post office, county, and state.

It has many times happened that we have made our correspondents rich before we have had the pleasure of a personal interview.

N. B.—Correspondents cannot be too careful in writing in each letter addressed to us their post office, county, and state.

The great luck which has attended our office will fully authorize us in saying that to obtain a good prize it is only necessary to address a line to

Western Military Institute.

Drennon Springs, Henry county, Kentucky.

THE first term of the seventh annual session of this college commences the second Monday in September, 1853, and the second term on the first Monday in the following February.

The faculty consists of nine experienced professors. The number of cadets in attendance last session was 227. The course of studies embraces the scientific course of the United States Military Academy, and thorough instructions in history, English literature, and the Greek and Latin languages. Students are admitted to select courses, including civil engineering, modern languages, book keeping, with commercial practice and other branches at their option.

The military feature is not introduced merely to diffuse military knowledge, but to promote discipline, health, and physical development.

Charges for tuition, boarding, rooms, fuel, lights, washing, servants' attendance, and use of furniture and arms, $90 per term. Surgeon's fee $3 per term. For further information address A. O. Smith, esq., Louisville, Kentucky, Smith & Johnson, 67 Magazine street, New Orleans, or B. R. Johnson, superintendent.
