"THE PERSICATOR,"

OR

PEACH MANURE.

SOLUBLE PHOSPHATE OF POT ASH.

The exterminator of RUST, SPORES and INSECTS that infest CORN and WHEAT.

The "Top dressing" for GRASS and CLOVER.

For TOBACCO and CORN it affords the most concentrated form of

SOLUBLE PHOSPHATES AND POTASH

The food which forms the mineral part of the plant, so well known to all intelligent planters, furnishing the very elements that are removed with every crop, and are deficient in cultivated soils, both in EUROPE and AMERICA, and in all farm manures.

CHEAPER THAN WOOD ASHES.

Supplying the peculiar elements of the PEACH.

ORCHARDS manured with the "PERSICATOR" bore last year abundantly amid "*Hundreds of Thousands of Trees*" in the same neighborhood, not thus manured, that did not yield a single Peach.

DISEASED TREES, with yellow leaves, under the influence of the "PERSICATOR," produced a dark green foliage in a few weeks.

CORN stands "to a hill," even in the midst of other hills, injured by the insect, that were not manured by it.

No LIME should be applied to land without its co-operation, as its influence is largely increased *as lime*, and, when slacked with it, other advantages result in the economical use of the Potash.

For sale by
WM CRICHTON & SON,
Agents and Patentees,
Bowly's Wharf,
Baltimore, Md.

May 20, 1869—1m.

RUST AND SMUT IN WHEAT AND OATS.

THE CAUSTIC POTASH PHOSPHATE CALLED

"PERSICATOR."

A fine, dusty powder, sown as plaster, it reaches every plant and destroys the *spores* of these pests—Rust, Smut and Insects everywhere.

One bushel will save an acre of wheat, and pay seven-fold as a permanent manure thereafter.

☞ Try only one barrel, leaving the rest of the field unmanured by the Persicator for comparison.

Price $3 per barrel. For trial only. Send for a Circular to
WM CRICHTON & SON,
Wood street, Bowly's Wharf,
Baltimore.

May 20, 1869—1m.

THE GREAT

National Reaper,
Self-Raker and
MOWER COMBINED.

THE UNDERSIGNED, AGENT for the above named machines, is ready to supply the farmers of St. Mary's county, and will have them on exhibition and trial in a few days at H B Cawood's, near St. Clement's Bay, who will furnish buyers at the shortest notice. The machines will be landed at the nearest navigable point where the purchaser may reside.

This great reaper self rakes and can be worked with one hand and two ordinary horses. Its durability, simplicity and perfectness are so striking that none can fail to observe them. In fact, it surpasses all other reapers now in use in merit, particularly in the saving of labor.

We only ask a fair trial, after which we believe all farmers will be satisfied that Ridgaway's is *the* Reaper.

Sold by H B CAWOOD,
St Clement's Bay, Md
And by T K CHING,
Bird's Creek, Md.

☞ Any communications addressed to either of the parties named will be promptly responded to.

May 13th, 1869—6w.

TO TOBACCO GROWERS.

The Maryland Fertilizing and Manufacturing Company.

ARE now preparing a special Fertilizer based on the requirements of the

TOBACCO PLANT,

being a combination of Super-Phosphate, Peruvian Guano, Potash and Nitrate of Soda.

Price $60 Per Ton in Bags.

The Phosphatic base is derived from the Fossil Bone Deposits of South Carolina and contains a larger per centage of

SOLUBLE PHOSPHATE

than any other in the markets.

DENTISTRY.

DR. PAGE EDMUNDS, DENTIST, having permanently located at Leonardtown, respectfully offers his professional services to the citizens of St. Mary's, and if persons desire it, to those of the adjoining counties.

In answer to the many letters of enquiry in regard to my prices, I herewith subjoin a list of them.

For plugging tooth with gold, lowest price,	$3 00
For plugging tooth with silver,	2 00
Removing tartar,	3 00
For inserting teeth, the price will be governed by the material they are based upon.	
Extracting tooth,	$1 00

In performing a large amount of work in a family, of course, deductions will be made.

For County Commissioner.

GEORGE S MATTINGLEY is respectfully recommended to the voters of St. Mary's county as a candidate for County Commissioner and will receive an earnest support from CHAPTICO DISTRICT.

may 20, 1869.

VALUABLE

REAL ESTATE FOR SALE.

I WILL SELL AT PRIVATE SALE the farm upon which I reside in St. Inigoes district, in St. Mary's county, Maryland, called WAVERLY, containing 300 acres, more or less.

This farm is situated about three miles from Point Lookout, is adapted to all the crops grown in the county, with oyster creek belonging to said farm, sufficient to plant about 30,000 bushels of oysters—which grow rapidly and command the largest prices. The improvements are an old fashioned BRICK HOUSE, four rooms below and two above. The barns and out houses are sufficient for the estate and in good repair. Sufficiency of wood, timber, &c.

For terms apply to
STANISLAUS CLARKE,
Ridge Post Office,
St. Mary's county,
Md.

April 29, 1869.

(Baltimore Daily *Sun* and National *Intelligencer* publish 3 times and send bills to this office for collection.)

ROAD NOTICE.

WE THE UNDERSIGNED, CITizens of Chaptico district hereby give notice, that after thirty days we will make application to the County Commissioners to open or re-open the old road from the foot of Notley Hall Hill to the late Mrs. Burch's Gate, near Plowden's Wharf.

Soluble Ammoniated REDONDA GUANO.

AT the request of many Farmers and Planters who find it inconvenient and, in some localities in the South, impossible to command the labor to break up the Peruvian Guano, screen and mix it with the REDONDA, as directed, we have prepared, under the formula and supervision of Dr. STEWART, the well known Agricultural Chemist, an

Ammoniated Super Phosphate

containing

THIRTY-FIVE PER CENT. OF PPOSPHATES,

of which

FOURTEEN PER CENT. ARE SOLUBLE BONE PHOSPHATES

and

THREE PER CENT. OF AMMONIA.

Price $50 per Ton.

PUT UP IN STRONG BAGS—12 TO EACH TON.

Dr. STEWART says of this compound: "I have analyzed about half a dozen samples of the SUPER PHOSPHATE made with REDONDA GUANO. It may be relied on to yield 14 PER CENT. OF PHOSPHATES soluble in water—estimated as BONE PHOSPHATE OF LIME—containing 300 LBS. BEST PERUVIAN GUANO, and yielding 3 PER CENT. OF AMMONIA.

"My practical experience during the past seven years in the top-dressing of wheat, even as late as the middle of May, enables me to recommend this AMMONIATED SUPER PHOSPHATE made at my instance, as capable of refunding its cost, with 100 per cent. interest, in 90 days.

"At this season it is customary to sow CLOVER with plaster. This will also supply the *element* of the plaster at half its price, and better insure the Clover, as the crop will pay for the manure as above, even on Oats."

A liberal deduction made to dealers and purchasers of large quantities.

WM. CRICHTON & SON,
Wood Street, Bowly's Wharf,
Opposite Corn Exchange,
Baltimore, Md.

April 8, 1868—1m.

FLOUR.

For County Commissioner.

We respectfully submit GEORGE T. BURROUGHS to the consideration of the voters of the county as a suitable person for County Commissioner. MANY VOTERS.

may 13, 1869.

PUBLIC SALE.

BY MUTUAL CONSENT OF THE heirs, we will sell at Public Sale at the residence of Abell Sanner, Newport, Saint Mary's county, all tee real estate of John Sauber, late of said county, deceased, on

Thursday, June 10th, 1869,

at 2 o'clock, p. m. The property consists of three tracts or parcels of land, one tract called and known by the name of

CLARKE'S LOT,

containing about

130 acres.

Another tract called

SALISBURY PLAINS,

containing

150 acres,

and one other tract, name unknown containing

60 acres.

All the above land is favorably situated as to conveniences, being within from 1½ to 2½ miles of the navigable water of St. Mary's river, is well watered and timbered, and improved on one tract by a comfortable

DWELLING HOUSE,
KITCHEN, BARN
AND OTHER OUT-HOUSES.

Another tract has a small TENEMENT HOUSE on it and the other has also a similar TENEMENT HOUSE.

TERMS OF SALE.

One-third of the purchase money cash on the day of sale, the balance in two equal installments at one and two years credit, the purchaser to give bond with approved security, the deferred payments to bear interest from the day of sale.

JOHN A B SHERMANTINE,
and other Heirs.

D. Appleton & Co., Publishers, 90, 92, *and* 94 *Grand St., New York,* Commence, on the 27th of March, the publication of

APPLETON'S JOURNAL,

A WEEKLY PAPER,

Devoted to Literature, Science, and Art.

Appletons' Journal will be devoted to popular current Literature, and organ of advanced opinion with respect to all the great interests of society, of Popular Science in its best sense, and of Art.

The department of Literature will embrace:

Fiction, in the form of Both Serial Novels and short Stories;
Essays upon Literary and Social Topics;
Sketches of Travel and Adventure;
Discussion upon Art, Books, and kindred themes;
Papers upon all the various subjects that pertain to the pursuits and recreations of the people, whether of town or country; and
Poems by our foremost poets.

A distinctive feature will be a fuller treatment of Science than is prevalent in popular journals. In this branch the Publishers have secured the services of the ablest and most authoritative thinkers, men who combine large and accurate knowledge with the power of clear and impressive statement.

Education, in its various aspects, personal and public, at home, in the school, and in the college, in its principles as a science, and in its practice as an art, will receive the full consideration to which it is undeniably entitled.

Illustrations will form an important feature in the plan of the Journal. Nearly every number will be accompanied by either an

Illustrated Supplement on some popular theme,

A Steel Engraving in the best style of the Art, or a large Cartoon engraved on wood.

Novelty, freshness, and continual change will be aimed at in this department. The Illustrations will usually be valuable as works of art; those on steel, and the Cartoons, consisting of views of American scenery, by our most distinguished painters, and illustrations of character and life, by our foremost draughtsmen. *They will be printed with extra care on separate sheets*, and may be either bound in the volume at the close of the year, or framed to hang upon the wall.

Appletons' Journal will aim to be vigorous, earnest, and capable; valuable as an organ of thought, and pleasing to all the members of the household on account of its varied, solid, and entertaining literature.

Arrangements have been made to secure original contributions from distinguished writers, both of Europe and America.

In the first number will be commenced

THE NEW STORY

BY THE GREAT FRENCH WRITER,

VICTOR HUGO,

UNDER THE GENERAL TITLE OF

"THE MAN WHO LAUGHS."

Part I.—THE SEA AND THE NIGHT.
Part II.—BY THE KING'S COMMAND,

For which the French publishers paid the distinguished Author 300,000 francs.

This novel has been in the author's workshop for twenty years, the idea of it having arisen in his mind contemporaneously with that of "Les Miserables." M. Hugo here tries his powers in a new field, that of English history and English character, of which he has been a student and observer during his Guernsey exile.

Price 10 Cents per number, or $1.00 per annum, in advance.

For sale by all Newsmen.

Terms for clubs may be obtained of the Publishers. Specimen copies sent gratis upon application.

The postage within the the United States, for the Journal, is 20 cents a year, payable yearly, semi-yearly, or quarterly in advance, at the office where received. Subscriptions from Canada must be accompanied with 20 cents additional, to prepay the United States postage.

In remitting by mail, a post-office order or draft, payable to the order of D Appleton & Co., is preferable to bank-notes, as, if lost, the order or draft can be recovered without loss to the sender. In ordering the Journal, the name should be clearly given, with the post-office, county, and State in full.

April 8, 1868.

also 25 PER CENT. AT LOWEST MARKET RATES

ALSO

GRIMES'
PATENT

RAW BONE PHOSPHATE,

AT $40 PER TON;

THE past two years have fully realized this RAW BONE PHOSPHATE to be the Cheapest and Best in the Market, and unsurpassed by the highest priced Guanos. Readily taking up WHEAT, CORN, OATS, BUCKWHEAT, TOBACCO, GARDEN TRUCK, GRASSES &c., has been fully and most satisfactorily tested. Finely ground and suitable for drilling, put up in Bags of 167 LBS. each.

☞ READ THE FOLLOWING CERTIFICATES, and call at our Warehouse and examine hundreds of a similar character from those who have been using it with the most satisfactory results.

O. P. MERRYMAN & CO.,
Sole Manufacturers,
WAREHOUSE—54 S. Gay St., between Lombard & Pratt, Baltimore, Md.

Bowley's Quarter, Baltimore Co.,
Nov. 21st, 1868.

Mess. O. P. Merryman & Co.

Gentlemen:—The Raw Bone Phosphate I bought of you last spring, I applied to Corn by the side of Peruvian Guano in equal quantities, and if there was a difference at all, it was in favor of the Phosphate. My Corn Crop was excellent. I applied it also upon Oats and Potatoes with the most satisfactory results. I prefer it decidedly to Peruvian Guano from the fact, that whilst the Guano spends itself upon the growing crop, the effects of the Phosphate can be strongly seen in the crops following. Some that I applied to Potatoes by the side of Fish Manure, made a splendid yield, the Fish turning out an abundant crop of Vines, the Phosphate the Potatoes. I have used it this Fall upon my Wheat, and at this time it looks as well as I could desire.

GEORGE EDWARDS,
Overseer for Dr. Wm H Keener.

12th District, Baltimore Co., Md.,
Nov. 14th, 1868.

Mess O P Merryman & Co.

Gentlemen:—I applied the Raw Bone Phosphate purchased of you last Spring on my Corn, spot by side with one of the most popular and expensive Fertilizers in the Market, and I could see no difference; yours was fully equal to it. I also applied it to Turnips with perfect success. It gave such entire satisfaction that I used nothing else upon my Wheat this Fall. I sowed the most of it the latter part of September, and at this time it bids fair to make as good a crop as I ever produced by the use of Peruvian or any of the expensive Guanos. I have every confidence in it. It is only to be tried to be appreciated. Yours Respectfully,

JOHN B WILLIS.

Anne Arundel Co., Md., Nov. 10th, 1868

Mess O P Merryman & Co.

Gentlemen:—In answer to your enquiry as to what I think of your Raw Bone Phosphate purchased of Dr. Get, about me to say I gave it a fair trial on Cabbage by the side of three other Fertilizers of acknowledged merit and found it equal if not better than the other, and at less cost. I am so well satisfied with it, I intend to use it the coming Spring. Yours, Truly,

REZIN HAMMOND.

ANDREW COE'S

Super-Phosphate of Lime.

Extract of a letter from Wm. O. Gough.

Medley's Neck, St Mary's Co., Md.,
January 25, 1869.

Messrs. Herbert & Hairston, Baltimore, Md.

GENTLEMEN:—I used Andrew Coe's Super-Phosphate of Lime on my Corn crop last spring at the rate of 75 lbs. to the acre in the hill, and it affords me pleasure to state that the result was perfectly satisfactory. My corn looked green and healthy during the whole season, the ear was well filled and the yield large, and I conscientiously believe it to be the best fertilizer in use in this section. I shall want more for my corn and tobacco next spring.

Yours, respectfully,
WM G GOUGH.

Letter from G. A. Simms.

Leonardtown, St. Mary's Co., Md
January 25th, 1869.

Messrs. Herbert & Hairston.

GENTLEMEN:—In reply to your inquiry of the effects of Andrew Coe's Phosphate, it gives me pleasure to say I used it on Irish Potatoes, alongside of well rotted barnyard manure, and found the greatest difference in favor of the Phosphate. The Potatoes were as large again and a great many more in the hill. I also used it on my Corn and Tobacco with entire satisfaction. I used it on my fall Wheat and at present see no difference in that and Peruvian Guano and Bone. I regard it a valuable fertilizer.

Very respectfully,
G. A. SIMMS.
