Probst Slashed His Wrists Before Being Deported

New York, June 7.—August Probst, young Swiss butler whose heart affairs with Pittsburg society girls at the exclusive Rolling Rock club were alleged by his friends to have moved others to railroad him out of the country, was deported yesterday on the Mauretania.

The government engaged an attendant to accompany Probst, who attempted suicide by slashing his wrist at Ellis Island yesterday. The attendant is to report on the butler's physical condition and bring back a receipt from his parents, showing that the prodigal has returned to his home in Switzerland.

It was charged that Probst came to America without a passport and therefore has no right to remain.

DAUGHTREY IS NOW ABLE TO STAY ON JOB

Declares He Is in Finest Health Since Tanlac Completely Relieved Him of Distressing Stomach Trouble—Gives Public Facts in Case.

"I feel like a different person since taking Tanlac and am now able to stay on the job all day long," said J. H. Daughtrey, 420 W. 19th St., Norfolk, Va., for fourteen years with the Hampton Roads Paper Co.

"I suffered a long time with indigestion and got worse until I was badly run down. Everything I ate disagreed with me and I would bloat up with gas which pressed against my heart and lungs so it was all I could do to get my breath. I was so nervous it was impossible for me to get a good night's sleep and I always got up with a bad taste in my mouth and all worn out.

"A Tanlac statement impressed me so I decided to try it, and I began to improve almost at the start. I now have a splendid appetite, that sluggish tired feeling has left me and my sleep is good and sound. I get up every morning feeling fine and ready for a big day's work. Tanlac sure is a wonderful medicine."

Tanlac is sold by all good druggists.
