TO TOBACCO PLANTERS.

Containing Ammonia,	6	*per cent.*
Super-Phosphate equivalent to Bone Phosphate of Lime,	57	"
Potash and Soda,	5	"

THIRTEEN years' experience in the use of our "Excelsior," as a Tobacco Grower, has convinced the most skeptical planters of Maryland and Virginia that it has no competitor in the production of that crop. It is now their unanimous opinion that, *"from the application of "Excelsior," the crop is heavier and of finer quality, cures earlier and better, and is not so liable to suffer from drought as from the use of Peruvian Guano."* We refer to every planter in Maryland. "Excelsior" is in fine, dry powder, prepared expressly for drilling, and 100 pounds of it are equal to from 200 to 300 pounds of any other fertilizer sold.
☞ Uniformity of quality guaranteed by Manufacturers.

Price $60 per ton.

J. J. TURNER & CO.,
42 Pratt st., Baltimore.

CAUTION.—The popularity of "Excelsior" as the only reliable substitute for Peruvian Guano has induced unscrupulous parties in this and other cities to use our trade-mark, "Excelsior," to sell their worthless compounds. Every bag of genuine "Excelsior" has our name on it in *RED LETTERS.* All others are counterfeits.

COMPOSED of Bones and Guano dissolved in Sulphuric Acid, it is richer in Ammonia and Soluble Phosphates than any fertilizer sold, except our "Excelsior," and is made with the same care and supervision. *Uniform quality guaranteed. For Corn, Oats and Spring crops* generally, it has no superior. Fine and dry, in excellent order for drilling. Packed in bags.

Price $50 per ton.

THE
Southern Magazine.

THIS periodical (formerly the New Electic) is now the only literary magazine published in the South, and as such, it is the aim of the publishers to make it, as far as possible, the representative of every department of Southern literature, and the exponent of the best talent of our people—hitherto almost unknown for want of an adequate literary organ.

An important feature of this magazine is the placing on record well-authenticated facts, derived from the highest sources of authority, relative to the late war; thus preserving authentic materials for the future historian.

Papers containing information respecting the Resources and Prosperity of the South, or judicious counsel for their improvment, are at all times welcomed.

No articles of a sectarian character are admitted; nor will anything of a nature to give just offence to persons of any Christian faith, find a place in our pages.

Ample space is devoted to Lighter Literature, Fiction, Poetry, Essays and Humorous Sketches from the best Southern writers, so as to render The Southern Magazine a welcome guest in every home-circle.

Our list of contributors now includes nearly all the distinguished writers of the South.—Among others we have mentioned the names of
