HOWARD ASSOCIATION.
PHILADELPHIA.
A Benevolent Institution established by special Endowment for the Relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, (age occupation, habits of life, &c.,) and in cases of extreme poverty, to **furnish Medicines free of charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.
The Directors of the Association, in their Annual Report upon the treatment of Sexual diseases, express the highest satisfaction with the success which has attended the labors of their Surgeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrœa, Gleet, Syphilis, the vice of Onanism or Self-abuse, &c., and order a continuance of the same plan for the ensuing year.
The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.
An admirable report on Spermatorrhœa or Seminal Weakness, the vice of Onanism Masturbation, or Self-abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope) FREE OF CHARGE on receip of two stamps for postage. Other Reports and Tracks on the nature and treatment of sexual diseases, diet, &c., are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.
Address, for Report or treatment, Dr. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa.
By order of the Directors.

FASSMANN'S
IRON HOOPS AND TIES
FOR COTTON BALES.
Price 6 cents per pound—25 per cent, less than Rope.

ANY one considering the advantages of Iron over Rope as a material for binding cotton bales will be surprised that it has not been adopted long since. In its security against fire there is an overwhelming reason for its adoption.
The Presses in the Seaport Cities have been the main cause of its not being generally adopted; but, now that objection is removed generally, and the Orleans Press, the largest in N. O., give it the preference over rope. The Fassmann Iron Hoop and Tie is the improvement of one of the proprietors, and is adopted from the fact, that it is found after long experiment, to combine the greatest merits in simplicity and facility of application of any one yet made. It is so prepared as to require no change for recompressing. Thus obviating the only remaining difficulty at the sea board cities.
The hoops are sent of any length from eight to ten feet and a full guarantee given that neither the Ties nor Hoops shall break. And further, that all cotton bound in them shall be received on the same terms, at the Orleans Press as rope bound cotton. The weight per bale is about the same as Rope, ot one pound more or less.
To show the opinion Ship Masters have of it, we give the following, among numerous commendations we have:
The undersigned masters of vessels having had cotton compressed with Fassmann's new Iron Hoops and Ties, hereby recommend the same. The bales being well compressed, and the buttons or hoops never break when thrown down in the Ship's hold or when stowed:

L. L. Condey,	Capt.	Ship.	Moses Davenport,

John C. Wilner,	"	"	Mulhouse,
H. Koppenholdt,	"	"	Ella A. Clark,
L. P. Merill,	"	Bark,	Kimball.

The price of Hoops and Ties at N. O., is 6 cents per pound, and all orders will receive prompt attention. Liberal deductions made to merchant's for city acceptance. F. BELCHER, AGENT.

"Prompt customers and low per-centage," is the proper motto. DR. LEE would say that he is prepared to execute *all* operations embraced in the Dental Art, if entrusted to his care, in the most skilful manner; and having purchased the right to use Prof. BLANDY'S Patent Cheoplastic process for mounting artificial teeth, and used the same in his practice for some time, with perfect success in every case, he unhesitatingly recommends it to all who may require Dental substitutes. This process has many advantages which cannot be attained by any of the old methods, while no other has any advantage over it; as to its strength, durability and beauty, he challenges for it a comparison with any known process for mounting artificial teeth.
.... Those preferring it, will be waited upon at their residences.
