"Southwestern Presbyterian University, Clarksville, Tennessee. Thirty-fifth session, 1909-1910." The annual catalogue is compressed into forty-six short pages. The announcements are unusually condensed, clear and crisp. The record of students for the present year shows a marked advancement over several years preceding. The administration of Chancellor Dinwiddie has been most successful.

"Church Federation. First annual report of the Executive Committee of the Federal Council of the Churches of Christ in America. 1909." A pamphlet of 120 pages, containing the rolls, committee lists, minutes, reports of corresponding secretary, commissions and committees, and addresses delivered in connection with the Annual Meeting of the Executive Committee of the Federal Council, in Louisville, Ky., December 7-9, 1909.

"The Presbyterian Theological Seminary of Kentucky" issues its catalogue for 1909-1910, with a roll of fifty-eight students, a large increase over its past record, and showing an attractive course of study for a suitable equipment for the ministry. The Seminary's entire plant is now completed, and a more attractive group of buildings can hardly be found anywhere in America.
