No. 2. PALMER HOUSE. No. 2.

FASHIONABLE TAILORING.

James & E. A. Hall,

No 2, Palmer House.

BEING convinced that the sale of ready made clothing, in connexion with custom work, cannot be carried on with mutual advantage to customers and themselves, have abandoned that branch of their business with a determination of devoting themselves exclusively to furnishing such persons as may favor them with their orders. This determination, they hope, will increase their business, as they know it will enable them to give greater satisfaction to their customers.

Those wishing to get

Fashionable Work, Well Made,

may be assured that no effort will be spared to give entire satisfaction. They persuade themselves that in this they cannot fail, inasmuch as they are well supplied with the

BEST MATERIALS, TRIMMINGS AND WORKMEN.

In the receipt of the quarterly report of the Paris, London, and New York fashions, they will be enabled to keep up with the different changes constantly going on in the fashionable world.

In every instance, where garments do not give satisfaction, at their loss, they will try it again. They will strictly adhere, in the transaction of their business, to the following rules, viz: *promptness and despatch, small profits, quick returns and ready pay.*

They have recently much improved the style and convenience of their room, and have filled it with

An Entire New Stock,

(purchased in New York,) of the most fashionable goods in their line of business, which will be regularly kept up from the eastern cities; and they respectfully invite the public to call and examine for themselves.

FOR SALE—Scott's Reports of Fashions and System of Garment cutting, squares, scales, crooking and board shears, tape measures, &c. &c. 49

D. S. WARD,

From the care with which he has made his present selections, he confidently hopes to be able to suit all tastes, in style of goods, fashions, and prices. 49 3m

Political Mysteries of Indianapolis.

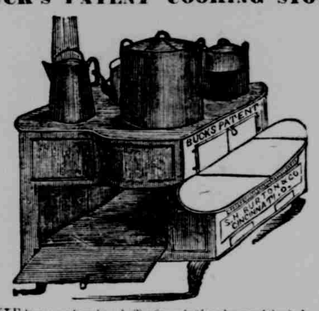
BUCK'S PATENT COOKING STOVE.



WE have on hand and offer for sale the above celebrated cooking stoves. The many persons using this stove, in this and other cities, declare themselves delighted with its operation, and be ar testimony of its superiority over any other cooking stove ever offered to the public. In addition to its unsurpassed facilities for boiling, roasting, broiling, &c. it has the advantage of having an oven nearly twice as large as any other stove in use, which is heated with the most perfect uniformity, by which bread without being turned will bake on all sides as perfectly as can be done in a brick oven. It requires, also, much less fuel than is generally used in other cooking stoves, one half the ordinary quantity being amply sufficient for all purposes.

For the operation of the stove we respectfully refer to the following persons who have it in use: C. W. Cady, Morris Morris, Rev. Saml. L. Johnson, Alfred Harrison, Robt. Taylor, Chas. Woodward, Abram Harrison, A. W. Morris, J. J. Bagby, Hiram Gaston, James Hall, C. C. Nave.

In addition to Buck's Patent Cooking Stove, the subscribers have on hand Premium Cooking Stoves, Elevated Oven Cooking Stoves, Parlor Stoves, Seven and Ten plate Stoves, which they offer at the lowest prices. C. & J. COX,

February, 1845. y-35 *Opposite Post office.*

DOUBLE OVEN COOKING STOVE.

THE subscriber has just received a lot of the above named stoves. They are decidedly superior to any stove ever invented. Having two ovens, different articles can be baked at the same time, which could not be well baked in a single oven. This tends to great economy in fuel. At the same time all other culinary operations can be as well or better performed, than in any other stove in market. Those in want of such an article are invited to call and examine this before purchasing any other. This is all that is necessary to secure for it the preference; for seeing is believing. 17 S. WAINWRIGHT.

PROSPECTUS OF THE

New Library of Law and Equity,

UNDER THE DIRECTION OF

FRANCIS J. TROUBAT, Esq., of Philadelphia,
Hon. ELLIS LEWIS, of Lancaster,
WILSON M'CANDLESS, Esq., of Pittsburgh.

THIS work contains the best productions of English law authors, without regard to priority of claim on the part of any American publisher. Such books are notoriously too dear. The reason is, that as fast as they appear they become monopolies in the hands of bookseller in the Atlantic cities. Under the plea of right acquired by the addition of notes of American decisions, the latter claim an undivided title to those works, and set a burthensome price on them. The publishers of the work now offered to the profession throughout the Union, will not respect such titles, but will reprint the standard British law books as fast as they emanate from the London market. Should new editions of the works of such writers as Starkie, the Chitty's, Stephen, and Archbold, appear, they shall also be included; and Dickens of Equity and Law decisions—works which have been studiously kept out of the Law Library published at Philadelphia—shall have a place in the proposed new one, together with every new valuable English treatise on Chancery or Common Law.

☞ This work will be issued monthly, in numbers of 160 pages, printed on FINE WHITE PAPER AND GOOD NEW LONG PRIMER TYPE, at seven dollars per annum, payable half yearly.
