DR. DUNCAN'S Expectorant Remedy, for CONSUMPTION.

Colds, Coughs, Spitting of Blood, Bronchitis, Difficulty of Breathing, Asthma, Pain in the Side, Breast and Chest, Whooping Cough, Croup, and all Diseases of the Liver and Lungs.

They Die of Consumption.

BEWARE OF THE DESTROYER.—How many persons put off from time to time that most important calling—attending to their health before it be too late. Look around us, particularly in our city, and we will daily behold hundreds of persons, whose countenances bespeak suffering with disease of the lungs and a protracted cough, fast approaching their immortal destination, without, perhaps, being sensible of their serious situations. May this warning awake them in due season, and at once seek relief, which is to be found in Dr. DUNCAN'S EXPECTORANT REMEDY, a safe, pleasant and certain medicine for the cure of a cough and the pneumonic symptoms that lead to CONSUMPTION. This medicine immediately heals the irritated Membrane of the Bronchii and Lungs, gives strength and support to the enfeebled frame, thus causing the lungs to throw off the viscid secreted matter that accumulates and settles upon them.

Read the following Case and Cure:

Let all the World know the wonderful efficacy of Dr. Duncan's EXPECTORANT REMEDY!

For the cure of CONSUMPTION, and the symptoms indicating "going into a decline."

DR. DUNCAN—*Dear Sir*—The undersigned, a patient under my care for the last three months, who has been labouring with *Phthisis Pulmonalis*, or pulmonary consumption, and finding that no medicine I could prescribe would afford him any relief, I was therefore determined to test your EXPECTORANT REMEDY, at the same time to ving no confidence in the medicine set forth to cure consumption, but to please the patient, I allowed him to send to your agent in Wooster, Dr. J. P. Coulter, for the medicine, which he did, and used it according to the directions accompanying the bottles, and truly to my astonishment I found my patient fast improving, which he continued until he became perfectly well. I believe he used only 7 bottles. By his request, I write you these lines, hoping your expectorant medicine will continue to do for the cure implies generally as in the above case.

Yours Respectfully,
DR. JAMES R. RUKEY.

I willingly subscribe my name to the above as being a solemn and sincere fact. I hope those afflicted with that dreadful disease, consumption, will find out your medicine in time, and be cured.
WM. H. WILKINS, Wayne County, O.

More Cures performed by Dr. Duncan's Expectorant Remedy!

DR. DUNCAN—*Dear Sir*—You may perhaps remember that I consulted with you at your office in Cincinnati, in June last, when you examined my lungs and informed me that there was a small cavity forming in the lobe of my left lung, with slight ulcerations, and advised me to take a few bottles of the EXPECTORANT REMEDY, which I bought of you 6 bottles. I have used 4 of them, and feel as well as I ever did in my life. My cough disappeared after using the first bottle, the pain in my breast also left me, my strength increased and also my appetite. The medicine caused me to expector te large quantities of foul matter, after this was all thrown up, I felt relief at once. I think that the whole world should know something about the good effects of your "EXPECTORANT REMEDY," for the removal of the first symptoms leading to Consumption. Please inform me if you think it advisable for me to use the medicine any longer.

Yours truly, and ever grateful, HORACE EINNS,
Near Hamilton, O.

Consumption, or going into a Decline.

Cure follows Cure, by the use of Dr. Duncan's Expectorant Remedy.

Mr. WM. P. PETERS, Richmond, Indiana, was taken with a bad cold last spring, which settled upon his lungs, at length cavitied and where formed, his Physician used everything that he thought of, but to no effect; he informed him that he could not be cured, that nothing more could be done; in the mean time, a friend of his, Mr. Howell, induced him to send to David P. Holloway, who is agent in that place, for the medicine, which he did. Before using two bottles, he found that he was getting better. After using six bottles he became perfectly satisfied that the medicine was certain to cure him as well as ever. He sent for six bottles more, and is happy to state to those afflicted, that he has used 4 of them and became in all respects hearty, and feels himself entirely cured. He wishes these lines published in the public papers, that others afflicted with Consumption may know the virtues of Dr. Duncan's Expectorant Remedy, and spare their lives.

We the undersigned are well acquainted with Mr. Peters, and know its case to be as above stated.

NOTICE.

DISSOLUTION OF COPARTNERSHIP.—The copartnership heretofore existing, under the name of WM. SWAIM & SON, was dissolved on the 21st of July last, by the decease of the said Wm. Swaim, and the business is now, and will be in future, conducted exclusively by the subscriber, who has had the sole charge of the manufacturing of the Panacea and vermifuge for the last fourteen years.

The Panacea will be put up as usual in round bottles, fluted longitudinally, with the following letters blown on the glass—"*Swaim's Panacea*," and the only change made is the name of JAS. SWAIM stamped on the sealing wax, and *written* on the label covering the cork, and a new label for the side of the bottle, composed of geometric lathe work, comprising nine different dies, which have been turned for the exclusive use of the proprietor, by Draper & Co., bank note engravers of Philadelphia. Four dies of different patterns form the body of the work, and in the centre is a portrait of the late Wm. Swaim, separated from the borders by two circles of lathe work. The words "Swaim's Panacea," are engraved conspicuously on two turned strips, and a large semi circular die forms the upper margin. The borders are composed of plain lathe work strips, outside of which is engraved in small letters the entry of the copy right.

THE BRANDRETH'S PILLS.

THOSE of our citizens who desire a good medicine, will find one in the pretty celebrated pills of Doctor Brandreth, which have performed cures upon thousands of helpless and hopeless persons, after the usual scientific skill of physicians had consoled them with the assurance that they could do no more. The properties of these Pills, as an antibilious and aperient medicine, are unrivalled; all who use them recommend them; their virtues surpass all eulogy, and must be used to be appreciated. The weak and delicate will be strengthened by their use, not by bracing, but by removing the cause of weakness, the gross and corrupt humors of the body. They require no change in the diet, or care of any kind. Plain directions accompany each box, so that every one is his own competent physician.

These pills are for sale by an agent in every town in the State, and at Indianapolis, by C. B. DAVIS, Bookseller, and by SMITH, HANNA & Co., these being the only authorized Agents. 36-y

LIGHT AND PERFECTION.

E. HEDDERLY, from a succession of experiments to which he has devoted much time and expense, has discovered the precise ingredients and their appropriate quantities to produce *CANDLES* in every respect superior to any heretofore made. He is also enabled to sell them at reduced prices, especially his *No. Twos*, than which no article gives a better and clearer light. He solicits a trial from the citizens generally, confident that they will give entire satisfaction.

LARD OIL, at the lowest prices, constantly on hand. 43

THE MAMMOTH STABLE

IS IN FULL BLAST! It may be called the *Horse's Paradise*; for the graded ground floors, the sweet scented hay, the abundance and goodness of the various grains, the pure and sparkling water, all combine to make it one of the most commodious, cool in summer and warm in winter stables in the world. Its ample dimensions, covering acres of ground, is only equalled by the great care and skill with which horses are treated. *New Carriages*, &c. on hand to order. Call and see for yourselves, gentlemen. 29 JOHN LISTER.

THE RAREST CHANCE YET.
Armitage & Co. Ahead!

B. ARMITAGE & Co. have just received their first assortment of latest style *HATS, CAPS, &c*, and are already prepared to compete with any eastern hats in the market, either in style or price. Their new arrival is all of the best quality, not selected by those who know not a moleskin from a coonskin, but by the

Proprietor, himself a Practical Hatter.

and therefore none but the best has been purchased, except a very few articles, such as are sold in some dry goods stores, which are selected more for comparison than to sell, except to such as desire a *very cheap* article without regard to quality. The proprietors just invite all to examine before purchasing elsewhere, and after they *have* examined, if they are not suited, the fault shall not be in the new store. 33-tf

CLOTHING, &c.

TO TAILORS.

THE subscriber takes this method of making known to the trade, that he has invented an almost entire new system of garment cutting upon the principle of actual measurement.

In introducing this system to the trade, the subscriber has spared himself the mortification of having to combat objections to the use of any apparatus or machinery of any kind for the purpose of securing the measure—having reduced the plan of measuring to the simple tape alone.

To describe this system in all its points and bearings, would occupy more time and space than he can reasonably devote. Feeling assured that the accompanying testimonials cannot fail to satisfy even the most incredulous of its perfection and decided superiority over all others heretofore introduced to the trade, he is as located in the city of Indianapolis, where he would be happy to impart instructions in the above system to all who may favor him with a call.

To young men who are fond of travelling he would say that he is prepared to furnish the work upon terms that would yield them a handsome profit. He will dispose of State rights, and furnish the work with all the necessary instructions so that the purchaser can readily impart instructions to others.

Those wishing instructions in the art of garment cutting would do well to call and spend a few days with him, as it would afford him a better opportunity of giving satisfaction.

The price of this system with oral instructions will be $15 00. To those who order it by mail, a copy with satisfactory explanations will be furnished at $10 00. Address J. KNOWLAND,
Indianapolis, Ind.

CERTIFICATES.

Extract of a letter, dated Cincinnati, Oct. 8th, 1846. The writer is acting as foreman and cutter for Mr. Shauriger, on Fourth street, who, it is said, does the largest and most fashionable business in that city.

MR. J. KNOWLAND—*Dear Sir*:—Yours of Sept. 29th, is received, in which you ask me to inform you by return mail, with what success I have used your system. In answer, I would say, sir, that it affords me great pleasure to say to you that your system is in every way equal if not superior to the character you gave it when here. I have used nothing else since you were here, and I am positively certain that I shall never dispense with it for another. I have not had a single coat to alter since I have been using your system; nor do I have the least dread that I shall ever again be troubled upon that point. I have only to add, go on, and success must and will crown your efforts. Respectfully, ALEX. BOYD.

NEW ALBANY, Ind., June 4th, 1846.

We have never before given a certificate in support of any system of garment cutting heretofore invented; from the fact that we never saw one, after giving it a trial, that we thought worthy the patronage of the trade, until we tried J. Knowland's; which we have found upon fair trial to be as near the point of perfection as it is possible for the art of garment cutting to be rendered. By this system, we can fit even the most unaccommodating forms with the utmost precision. We would say to *Crook* Tailors that you can never be complete masters of the science of garment cutting until you secure the above system. HUNT & LAPPING.

MADISON, Ind., Jan. 16, 1847.

We purchased of Mr. J. Knowland, some time last summer, a copy of his new system of garment cutting. We have tested it faithfully, and with the greatest pleasure, recommend it to the trade as the only system now in use, that we have seen, worthy of patronage. It is all it professes to be.

LOUISVILLE, KY., July 14th, 1846.

MR. J. KNOWLAND:—It gives us great pleasure to be able to contribute our mite in favor of the value of your system. Hundreds in all ages, of the trade have labored in vain to win the same achievements in the art of garment cutting that you have gained. Nothing is wanting to bring your system into universal use among the trade, but a knowledge of its merits; and that it may specifily find its way amongst all who can appreciate its merits, and that you may reap the reward of your labors to advance the interests of the profession, permit us to subscribe ourselves, Yours, &c.,

Respectfully, SHERMAN & COLLINS.

Extract of a letter, dated LOUISVILLE, KY., Dec. 9th, 1846.

"I have used your system upon many forms that were never before fitted, and succeeded beyond my most sanguine expectations. That your system may continue to spread amongst the trade, is the sincere wish of your old friend,

J. B. WALKER."

Extract of a letter, dated PARIS, KY., Dec. 3, 1846.

"I believe your system to be the best one *now in existence*.
C. C. DAUGHERTY."

Extract of a letter, dated DANVILLE, KY., Dec. 9th 1846.

"All who bought your system in this section of the country, have come out master cutters. You have completely revolutionized the trade in this part of Kentucky. To deprive us of the knowledge of your system, and to prevent us from the use of it would be the means of destroying our business to a great extent.

Respectfully, MOORE & HEFNER

LAFAYETTE, Ind. Dec. 20th, 1846.

Mr. J. Knowland was in this city teaching his system. It was purchased by nearly all the *crooks* in this place. He cut three coats by his system for my customers, and they were perfect, I assure you. I saw a number of other coats that himself and others cut by the same in this place, and they all, without a single exception, were complete in all parts. Respectfully,
R. C. NABB.

The above is an extract of a letter of introduction to D. Preston of Logansport, Ind.

CAMBRIDGE CITY, Ind., Nov. 20th, 1846.

Knowland's system of cutting is amongst some fifty or sixty different works on garment cutting that we have purchased and tested, with a view to rid ourselves of the disagreeable necessity of altering garments, and found no relief from those difficulties until we received instructions in the above system; since which all those troubles have vanished. We therefore with the utmost confidence recommend it to the trade generally.

Respectfully, CUSTER & HAMILTON.

INDIANAPOLIS, Ind., Jan. 30th, 1847.

This is to certify that Matthews & Knowland's system, as invented by J. Knowland, has proved useful in my hands to be fully equal to what it is recommended to be, and I am bold to say, that to supercede it with another, is impossible. No one, after getting a correct knowledge of it would dispense with the use of it for any
