WASHINGTON CITY, FRIDAY NIGHT, NOVEMBER 14, 1845

LAND AGENCY IN TEXAS.—The subscriber, having, during a residence of nine or ten years in Texas, been connected with the land offices thereof, and having acted as the agent of his friends in the United States, in purchasing, selling, holding, paying taxes upon, and giving a general superintendence to their lands in Texas, respectfully offers his services to such other persons abroad as may wish to engage them.

REFERENCES.

His excellency Anson Jones, General Sam. Houston, General T. J. Rusk, General P. J. Henderson, Colonel James Love, Colonel James Riley, Hon. D. S. Kauffman, Texian charge d'affaires, Washington city; Matthew St. Clair Clarke, do.; Kingman & Co., do.; General C. F. Mercer, and the Texian consuls abroad.

Many forfeitures are about to accrue, from failure to pay taxes; many claims, otherwise good, will be barred by adverse possession of three years—that being the limitation; many titles of lands conveyed in the United States, cannot be admitted to record in Texas, for want of proper authentication. Owing to some one or other of these causes, the best lands are in a condition to be lost.

Having made it my business to become acquainted with all the laws relating to titles, and being determined to attend diligently to all claims confided to me, I require, in all cases, an advance in cash, sufficient to cover expenses of investigation. When that shall be done, I am willing to take a contingent interest in the lands for attention and services.

ROBERT D. JOHNSON.

NATIONAL HOTEL, WASHINGTON, CITY, D. C.—The proprietor of this fine hotel, formerly known as "Gadsby's" but now generally called "Coleman's Hotel," desires to return his thanks to his friends, and the travelling portion of the community generally, for the favors which they have bestowed upon him since he opened his establishment, and to assure them that he will spare no exertions to render his house worthy of the patronage of which he has already received so liberal a share.

The house having been during the summer thoroughly painted and refitted, is now in first-rate order for the reception of travellers or residents; and the proprietor respectfully solicits a continuance of past favors on the part of visiters to Washington, or residents during the session of Congress, being confident that they will always find comfortable lodgings, the best on the table that the market affords, and attentive and polite waiters.

DENTISTRY, OR DENTAL SURGERY.—Dr. Van Patten continues at his pleasant and central location (a few doors west from Brown's and Coleman's hotels.) He pledges himself to perform any and every operation appertaining to his profession, as successfully, and with as little pain, as can be done in any of the eastern cities.

He inserts teeth of any desired shade or size, with or without gums, singly or in full sets, as cases may require; and usually secures them to the gums by that most cleanly and comfortable principle of atmospheric pressure. Yet, being fully competent to apply every known principle, his patients shall always have the benefit of the mode best adapted to the condition of their mouths.

Having been long established in Washington, he deems it unnecessary to expose patients' names for reference, but would suggest to strangers that they inquire of citizens.

N.B. No charge for work that should come short of what was promised in the contract, nor ever any charge for repairing, or even renewing, his work.

GREATEST WONDER OF THE AGE. PATENT GALVANIC RING, AND MAGNETIC FLUID.—These wonderful Rings, and the Galvanic Fluid, have created a great sensation throughout Europe, and are attracting crowds to see them, both in New York and Boston. They cure with astonishing rapidity rheumatism, gout, tic-doloreux, fits, cramp, sick headache, indigestion, paralysis, stiff joints, general debility, deficiency of nervous energy, and all nervous disorders. They produce all the beneficial results of the ordinary galvanic battery, or electric and magnetic machines, without the injurious shocks which always accompany their application. The secret of preparing the Ring was discovered by Professor Harmance Christie, of London, in October last, and they have been recently introduced into this country by Dr. A. Christie, who warns the American public, from the beginning, to beware of spurious imitations. To guard against fraud, he will appoint but one agency in each of the cities of the United States.

DR. SWAYNE'S COMPOUND SIRUP OF WILD CHERRY,

*The great remedy for consumption, colds, coughs, spitting of blood, bronchitis, difficulty of breathing, asthma, pain in the side and breast, whooping-cough, croup, and all diseases of the liver and lungs, broken constitution, &c.*

THE above is the original and only genuine preparation from this valuable tree, and has won its way to public favor by its unparalleled success in curing all diseases of the lungs, notwithstanding the many articles prepared by persons who have no knowledge of the science of medicine, in theory or practice; and some, more readily to deceive the unsuspecting, use a part of the name of the original preparation, such as "balsam of wild cherry," "Phœnix balsam of wild cherry," "balsam of wild cherry and camfrey," &c.—all sprung up with a mercenary view, after Dr. Swayne's compound sirup of wild cherry had won a reputation in the healing art never to be forgotten by many a once cheerless fireside. Therefore the public should be on their guard, and purchase none but the original preparation, which is daily performing such astonishing cures in pulmonary complaints, after all remedies had failed, and the patients given up as hopeless. Thousands of certificates might be published, which would astonish credulity itself; but it is deemed unnecessary. Below we publish a few of the names of persons who have been cured by this wonderful remedy:

Robert Glenn, steward of the almshouse near Frankford, testifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, in curing Valentine Chapman, one of the most aggravated cases of diseased lungs which has ever been placed upon record, after every other remedy had failed, and his physician had given him up as incurable.

Mrs. Brown, corner of Second street and Germantown road, Philadelphia, effectually cured of diseased lungs and the symptoms of incipient consumption, by using four bottles of Dr. Swayne's compound sirup of wild cherry.

R. Jackson, D. D., formerly pastor of the first Presbyterian church, New York, testifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, and recommends it to the heads of families, having witnessed its wonderful effect in more than one hundred cases, in relieving children of every obstinate complaint, such as coughing, wheezing, choking of phlegm, asthmatic attacks, &c.

Abraham Skinner, Crawford county, Pennsylvania, cured of a protracted cough, pain in the side and breast, &c., after being reduced to a mere skeleton.

James Osburn, Washington, Pennsylvania, cured of consumption and bleeding of the lungs, after being given up by several eminent physicians, and having used most of the patent medicines.

This medicine, in all cases, gives immediate relief, and is a safe, pleasant, and effectual remedy, and worth a trial from the most skeptical.

☞ Prepared only by Dr. Swayne, north corner of Eighth and Race streets, Philadelphia, where all orders must be addressed.

Proposals for commencing said routes at any other United States port on the Atlantic, than as above named, will be considered.

It is intended, out of the foregoing list of routes, to make selection of one to Europe, and one to the Gulf of Mexico and the Pacific, as may best be determined, after proposals for service on all the routes are submitted—not relinquishing, however, the right to place a greater number in operation, if it shall be deemed expedient to do so.

The proposals should specify the number of trips to be performed during the year, and as near as may be, the day of the month on which the vessel conveying the mail is to depart from the port at each end of the route. The department contemplates on route No. 1, a semi-monthly conveyance for eight months of the year, and a monthly conveyance for the residue of the year; on No. 2, a like frequent conveyance; and on No. 3, the same; on No. 4, a monthly conveyance; on No. 5, as frequent a transportation as two or three times a month; on No. 6, a trip once in two months; and on No. 7, twice or three times a month.

The proposals should specify the mode of conveyance, whether by steam-ship or sailing-packet; and set forth the size, rate, and description of the vessel, with sufficient particularity to enable the decision to be made on the advice of the proper officers of the naval service, whether the same is or is not convertible into a ship-of-war. And special notice is hereby given, that, agreeably to the provisions of the act of Congress aforesaid, those proposals (being acceptable in other respects) will be preferred, which shall engage to carry the mail in a *steam* ship or ships, and shall stipulate to deliver said ship or ships to the United States, or to their proper officer, on demand made, for the purpose of being converted into a vessel or vessels of war; the United States being bound, on their part, to pay the fair full value thereof at the time of delivery, to be ascertained by four appraisers, appointed two by the President of the United States, and two by the owner or owners, with an umpire, in case of disagreement, to be appointed by the President of the United States.

It should be shown, by the certificate of a postmaster, or other equivalent testimony, that the bidders are American citizens, and that the mail is to be transported by them "in American vessels, by American citizens."

The postage fixed by law upon mailable matter to be transported by these lines, is as follows: "Upon all letters and packages not exceeding one half ounce in weight, between any of the ports of the United States and the ports of England, or France, or any other foreign port not less than three thousand miles distant, *twenty-four cents*, with the inland postage of the United States added when sent through the United States mail to or from the post office at a port of the United States. Upon letters and packets over half an ounce in weight, and not exceeding one ounce, *forty-eight cents;* and for every additional half ounce, or fraction of an ounce, *fifteen cents.* Upon all letters and packets not exceeding one half ounce, sent through the United States mail, between the ports of the United States and any of the West India islands, or islands in the Gulf of Mexico, *ten cents;* and *twenty cents* upon letters and packets not exceeding one ounce; and *five cents* for every additional half ounce or fraction of an ounce. Upon each newspaper, pamphlet, or price-current, sent in the mail between the United States and any of the ports and places above enumerated, *three cents*, with inland United States postage added when the same is transported to or from said port of the United States, in the United States mail." The bidder may propose for an annual sum of compensation, to be named in the bid; or, in lieu thereof, for the whole or a certain proportion (to be named in the bid) of the postages accruing on the mail-matter conveyed over the route.

He may embrace in his offer a stipulation to carry an agent of the Post Office Department with the mails, or he may omit it, at his discretion. Such stipulation may induce a preference to be given in favor of a bid equal in other respects, over a bid not containing it.

Indentures of contract are to be executed by the accepted bidder and by his sureties, by or before the first day of May next. If is to provide, among other things, that the pay of the trip is to be forfeited when the trip is not performed, and a due proportion when a grade of service is rendered inferior to that specified in the contract; and that fines may be imposed, unless the delinquency be satisfactorily explained in due time, for failing to take from, or to deliver into, the post office at the port of landing, the mail belonging thereto, or any part of said mail; for suffering the mail, or any part of it, to be wet, injured, lost, or destroyed; for conveying it in a place or manner that exposes it to depredation, loss, or injury; for refusing, after demand made, to convey a mail by any additional steam ship or vessel run by the contractor on the route, over and above the specified number of trips in the contract, and for not arriving at the time set; also for transmitting intelligence, or furnishing the means of transmitting intelligence, in advance of the mail. The Postmaster General may annul the contract for repeated failures; for violating the post office laws; for disobeying the instructions of the department; for refusing to discharge a carrier when required by the department; for assigning the contract without the consent of the Postmaster General; or for setting up or running an express, as aforesaid.

The Postmaster General may alter the contract, and alter the schedule, he allowing a *pro rata* increase of compensation, within the restrictions imposed by law, for the additional service required, or for the increased speed, if the employment of additional stock or carriers is rendered necessary; but the contractor may, in such case, relinquish the contract, on timely notice, if he prefers it to the change. The Postmaster General may also discontinue or curtail the service, he allowing one month's extra pay on the amount dispensed with; and the contract "may at any time be terminated by joint resolution of the two houses of Congress."

The route, the service, the yearly pay, the bidder's name and residence, and the name of each member of the firm, where a company offers, should be distinctly stated in the proposals.

The following is the form of the guarantee, which should be filled, the first blank with the name of the guarantor; the second with that of the bidder; and the third and fourth with the beginning and terminating points of the route; and, after being dated, should be signed by the guarantor, who must be shown, by the written certificate of a postmaster, or other equally satisfactory testimonial, to be a man of property, and able to make good his guarantee. This guarantee, so certified, should accompany each bid:

"The undersigned ——— guarantee that ———, if his bid for carrying the mail from ——— to ——— be accepted by the Postmaster General, ——— shall enter into an obligation prior to the 1st day of May next, with good and sufficient sureties, to perform the service proposed.

"Dated———."

The bid should be sent under seal to the First Assistant Postmaster General, and the words "Mail proposals—Atlantic routes," or "Gulf of Mexico routes," as the case may be, written on the face of the letter, and should be despatched in time to be received by or before the 15th day of January next, which will be the last day for receiving proposals under this advertisement.

The acceptance or non-acceptance of the bids will be determined by the 31st day of January next.

The service is to commence with the trip nearest to the first day of May, 1846; but if the bidder shall not consider himself able or prepared to put the service in operation on or about that day, he will specify the day of commencement in his proposals. Offers to commence service at an earlier date will be considered. The contract term will expire with the voyage ending on or about the 30th day of June, 1850.

C. JOHNSON,
Postmaster General.

PINE OIL LAMPS.—Two years' past experience has proved that Gold's Patent Pine Oil Lamps are the cheapest and best in use: one lamp will give as much light as *ten* sperm candles, at the cost of half a cent an hour. To this kind of lamp no accident can occur, and the oil containing no grease, will not injure the finest carpets, if turned over upon them. They are not only superior to lard lamps, &c., but to gas and the best gas fixtures in the world, or to any other lamps burning any kind of oil. For sale by
