Dr. McLANE'S LIVER PILLS

THE increased demand for Dr. McLANE'S LIVER PILL, since their introduction by us as his agents, has far exceeded our most sanguine expectations. It is now about TEN YEARS since they were first brought into this market. During this time hundreds of certificates have been handed us, testifying to their efficacy, and stating the very great relief they had derived from the use of them. We have now in our possession many certificates from respectable persons who have used Dr. McLANE'S LIVER PILL with the most happy results, where every other known remedy has been used in vain. Also, quite a number of regular physicians, of good standing, through the country, are using and recommending them in their practice.

It has been our sincere wish, that these Pills should be fairly and fully tested by experience, and stand or fall by their effects produced. That they have been so tested, and that the result has been in every respect favorable, we call thousands to witness, who have experienced their beneficial effects.

Dr. MLANE'S LIVER PILLS are not held forth or recommended (like most of the popular medicines of the day) as universal cure-alls, but simply for LIVER COMPLAINTS, and those symptoms connected with a deranged state of that organ.

J. KIDD & CO.

Dr. M'Lane's Liver Pill.

The demand for these Pills is truly surprising! Country merchants who heretofore could hardly be induced to purchase *one dozen*, now buy *six*. Read the following from New Castle, viz:

NEW CASTLE, Feb. 14, 1847.

Messrs. J. Kidd & Co. Gentlemen.—Please send me another half gross of M'Lane's Pills. The half gross I purchased a few months ago are all sold—indeed, since my customers have used "*Dr. M'Lane's Pills*," and found them so efficacious, I can scarcely sell any other, although I am agent for most of the Pills now before the public.

Respectfully yours,

W. WATSON.

☞Purchasers will please be particular and inquire for "Dr. M'LANE'S LIVER PILLS," as there are other Pills, purporting to be "Liver Pills," now before the public.

Dr. McLANE'S VERMIFUGE

A medicine which is perfectly safe, and may be given to children, from tender infancy to advanced age, lays under no restraint as to diet, water, or any kind of food. Purges mildly, subduing fever-and-arrish symptoms, expels worms with invariable success—and is easily administered to children.

That it possesses these valuable properties, is fearlessly asserted—still claiming the additional advantages of being given in small bulk, and requiring none of the disagreeable Worm-Teas and other supposed Vermifuges—believing that the Vermifuge, it has been introduced into many families, where every other known and accessible Vermifuge has been tried without the desired success, where it has promptly expelled Worms to an almost incredible amount.

Above is one of the surprising effects of Dr. McLANE'S WORM SPECIFIC, we give the following:

On Saturday, February 7th, 1846, Mr. James Richardson called at the Drug Store of J. Kidd & Co., corner of Wood and Fourth streets, Pittsburgh, Pa., and made the following statement:—"A child of mine had been very sick for some ten days—we had given her purgative medicines, but it had done her no good. One of our neighbors came in and said it was Worms that was destroying the child, and at the same time spoke of the wonderful effects she had witnessed from using *Dr. M'Lane's Worm Specific*, in that neighborhood. We immediately procured it, administered it, and it effectually discharged *forty-six worms*. I then gave another teaspoonful, which brought forty-six more, making in all *eighty-six Worms*. As a duty I owe to you, and the community at large, I freely make known these facts. My child is now well. What is more remarkable, the *Worm Specific* expelled the Worms alive, in about one hour before any thing I gave it to be chok."

More and Later.

Messrs. Kidd & Co. Gentlemen,—I gave the vial of Dr. M'Lane's Vermifuge, which I bought from you the other day, to a child of mine. The result was extraordinary. She passed *one hundred* Worms. It is truly a surprising medicine.

TO THE FRIENDS OF EDUCATION IN INDIANA.

McGuffy's Eclectic School Books.

THE attention of teachers and friends of education is respectfully solicited to the above series of school books.

The popularity of these books is unparalleled, millions having been sold, and *our cry rapidly increasing.*

The publishers are happy to state that in many important places in Indiana, their books have recently been adopted as text books to the exclusion of other competing works. Indianapolis, Brookville, Richmond, Fort Wayne, Terre Haute, Laurel, Connersville, Centreville, Cambridge, Milton, Dublin, Hagerstown, Franklin, Newville, New Castle, Muncietown, Danville, Patmenville, Logansport, Lafayette, Covington, Crawfordsville, and Greencastle, are among the places where these works have recently been adopted, in place of other books formerly used.

The following recommendation shows the estimation in which these books are held by teachers:

We, the undersigned teachers, believing that the adoption of a uniform series of Elementary Books will advance the interests of our schools, have examined with care and unprejudiced minds, the Eclectic and other school books, and have adopted the Five Readers and Spelling Book of McGuffy's Eclectic series, and Ray's Arithmetics.

These several works, are in our opinion more progressive and the result, fuller from inaccuracies of orthography and diction, and *more worthy of general adoption, than any similar series that has met our observation.*

PORTRAITS IN MINIATURE,
Painted in Sun-beams by the Pencil of Nature.

TRUE LIKENESSES—AND NO MISTAKE.

DOCTOR MUNSELL has the pleasure of announcing to his friends, and the citizens of Indianapolis generally, that he is now fully prepared to execute all kinds of *Daguerreotypes or Photogenic Drawings.* He has encountered and overcome many difficulties, and incurred a heavy expense in fitting up his apparatus; hoping to receive, in due time, such patronage as will secure an adequate remuneration. He intends to make his establishment a permanent one, and to enlarge and improve it as his means will permit. With regard to correctness of representation, faithfulness to nature, and beauty of execution, he ventures to promise that the specimens issued from his Laboratory shall be equal to any produced in Cincinnati or elsewhere; and in order to secure this result, he has received the most ample instructions in all the manipulations and latest improvements of the art, and has been thoroughly assisted by an experienced and skilful Daguerrean Artist in selecting and arranging his apparatus. This truly beautiful, important, and scientific surprising Art, is yet in its infancy, and doubtless is destined, in the course of chemical analysis and and mechanical ingenuity, to make a far greater approximation towards perfection, than hitherto;—One who feels that he possesses some natural aptitude for chemical and mechanical pursuits, will not willingly lag in the back-ground, if he does not make some progress on the field of discovery and improvement.

Ladies and Gentlemen are respectfully invited to call at Dr. Munsell's Office in Norris's new building, over Wand's clothing store, and examine his small collection of specimens. The most entire satisfaction will be guaranteed to every person sitting for a Likeness.

Landscapes, Buildings, Paintings, Busts, &c., accurately copied, and warranted to be as lasting as the nature of which they are executed, if carefully handled and not exposed. Instructions given in the art, &c.

Cloudy days, if not too dark, are as favorable for operations as clear weather; it only requires a little longer time for sitting. 1

DOCTOR FUNKHOUSER,

A GRADUATE of the Jeff Med. College in Philadelphia, respectfully tenders his services as a *Physician* and *Surgeon* to the citizens of Indianapolis and vicinity.

He would inform the German population that he is perfectly familiar with their language, and feels confident of rendering perfect satisfaction to all who may employ him.

A DESTRUCTIVE ENEMY

IS in our midst—operating silently but constantly upon our constitutions, regardless of age, wealth, respectability, or sex,

And marks his victims at all seasons of the year.

And by whose ravages three fourths of the whole human family are carried

Off the Stage of Action.

We allude to fevers in their different forms, because fever is so common in some form or other, either as ague and fever, bilious fever, typhoid fever, rheumatic fever, &c. The *Appropriate Symptoms* are disregarded, and often, after the disease is deep seated, it is neglected, until it is too late for relief to be afforded, and

The Sufferer Dies.

It is fortunate, however, for the world, that a sovereign remedy for the above and other so much fever, in all curable cases, is found in the prompt and timely use of *Dr. Boerge's Infallible Green Pills or Sugar Coated Pills.* They are more extensively circulated than any other medicine offered to the public, and are *Curing Thousands* of cases annually. They are justly considered and appreciated as a boon of inestimable value to the community, wherever they have been introduced.

The *Cure* are thousands of witnesses, some of whom are among the most respectable members of the healing art, to the valuable properties of these medicines, and the innumerable permanent cures effected by them. They are emphatically *a family* medicine, and no family should be without them in the house, ready for use when necessary. They are certainly superior, as a purgative, for cleansing the system from all causes of disease, to any other medicine known.

Read and Consider.

[Extract of a letter from Dr. James C. Boggs, brother to ex-Gov. Boggs of Missouri, who is one of the most talented and successful practitioners in the Chickasaw country. He is a gentleman of the highest respectability and standing, having filled a very important office under the United States Government, as Principal Consul to the Republic of Mexico.]

DR. BRAGG: Dear Sir—since your agent was with us, I have had an opportunity of testing the virtues of your pills, and find them to be a much better preparation than I at first imagined; the consequence is, that I shall recommend them in my practice, and to a very dense population. If we have one mind upon one of sick-ness, and especially the disease in fient in our country, the probability is that an immense quantity of your pills can be disposed of.

If you see proper, therefore, you can forward to this agency a good supply, and in fact, I would make this, as it is the centre of the Chickasaw country, a point from which agents in this and the adjoining counties could be supplied on application. You will address me here, care of H. Horah & Co., Memphis, Tenn. at the same time, forward express instructions as regards remittances, advertising, &c. Very respectfully, your obt. serv't,
