NOTICE TO ATTORNEYS.—Attorneys will be held responsible for Paper Books, Advertising and Job Work, ordered by them and not paid for in advance. Such bills to be collectable on demand.

NEW ADVERTISEMENTS.—The attention of our readers is specially directed to the following advertisements, which appear for the first time in our paper to-day.

☞Bounty Tax Report—Washington township Auditors.
☞A Standard Work—J. B. Burr & Co.
☞Painting and Glazing—J. W. Smalley.

A CROWD.—Court week has brought a large number of our farmers in.

"BIG JUNE."—Sunday next is the recurrence of the big meeting on Ruffs Creek. It will be largely attended from here.

FOR CONGRESS.—Col. Wm. Hopkins, of Washington county, is announced as a candidate for the Democratic nomination for Congress from this District.

THE FLAG.—A beautiful stand of American colors, called by "Democrats" a "flaunting lie," waves from the Central Grant Club rooms. This organization opens the campaign actively.

HOT ain't it? Old Sol has finally succeeded in dispelling the long continued rain and cold, and is now making the "yarbs" come forth and giving things a general warming up. Fans and ices will be in demand "show-day."

STRAWBERRIES have made their appearance in the market in limited quantities and at high rates. Why are no more raised? They well repay the use of a corner in every garden. They're too good to talk about.

THE Central Grant Club held quite an enthusiastic meeting at their new room last Tuesday evening. Each one showing a feeling of the importance of the cause and a determination to labor for its success. Let all be up and doing.

THE Conservative (Confederate) Soldiers'(?) Convention that *was to be* last Saturday *was not* for the reason there is not a corporal's guard of them in the county. For decency sake they ought to keep still after being swamped in '66, and this last call proving an utter fizzle.

ENTERTAINMENT.—An Exhibition will be given by the Juvenile Mite Society, at the College Chapel, on Thursday evening June 11, 1868. Performance to consist of speeches, Dialogues, Tableaux and Music. Proceeds to be applied to the purchase of a bell for the new C. P. Church, to be erected in Waynesburg.

A NEW sensation has been created in Waynesburg by the arrival of Frank McGurgan's new stock. His styles are rich, rare and racy. His stock of fancy goods and trimmings are superior, if possible, to any of his previous selections in point of durability, cheapness and beauty of style.

CROQUET has arrived among us at last. Its a fine out-door game in which both ladies and gentlemen can engage and we hope to see it well introduced this season. Nothing adds more healthiness than plenty of exercise in the open air. And as our ladies have no out-door amusement in which to indulge, we advise them all to learn Croquet.

LAST Thursday witnessed the introduction of the latest improvement to our town, in the shape of a *street sprinkler*, but we have no idea of its being under the control of the City Fathers as it seemed to be gotten up regardless of expense; the horses travelling too fast, and the liquid being "lasses" and not well distributed. Some one suggested it was to make men stick to their party. Why? Any danger of Greene going for Grant?

DONATION.—The undersigned tender their cordial thanks to the members of the Waynesburg Presbyterian Church and Congregation and other kind friends, for a liberal donation made on the 25th day of April 1868. They regret their inability to meet the obligations laid on them by the above, and many other manifestations of friendship and kindness showed to them during their stay in Waynesburg.

JAMES SLOAN.
M. G. SLOAN.

EDUCATIONAL.—The committee on Permanent State Certificates, elected at the Teacher's County Institute of last January, will hold its session for the examination of applicants, at at Waynesburg, Pa., on Saturday June 13th, 1868. The Committee and all teachers wishing to be examined, will please arrive as early as noon on the day stated, so that examination may commence at 1 o'clock, P. M.

MAN KILLED.—The Monongahela *Republican* (Wash. Co.,) of the 4th says: A man named John Mixon, of Allen township was found dead in the woods, on Saturday last, by a colored man who was driving his wagon through for wood. From the circumstances under which the body was found, it is apparent that he met his death from a limb which being caught by a tree just felled by him, flew back with such force as to strike, and kill him instantly.

A MODEL INSTITUTION.—The Iron City College is an institution not of theories, but of the most rigid, correct and comprehensive practice. It is an entire business world in itself Every possible contingency of business life the student encounters and works out independently in the course of his own experience. When a man graduates from this College, he has, in preparing to do business, actually done business for some time, and graduating is little else than change from one office to another.—*Pittsburgh Post.*

MERRY'S MUSEUM, for June, contains the first part of "Mink Curtis; or Life in the Backwoods, by an old Hunter," with a full page illustration by Billings. The King Bird, by Celia Thaxter; Little Pearl, the "Star" story; Will's Wonder-Book, by L. M Alcott The Loggers, Milestones of English History; Aunt Sue's Puzzle Drawer, &c., &c.; all fully and finely illustrated. This new magazine for Young People is steadily gaining in popular popular favor. Subscribe for it; only $1,50 per year. Specimen numbers 10cts. H. B. FULLER, Publisher Boston.

WE are pleased to chronicle the numerous evidences of enterprise displayed by our citizens this season. We note that operations are now under full headway at the brick yard of R. W. Downey Esq. This with Capt. Kent's kiln and the Planing Mill, will supply material for the erection of a sufficient number of dwellings to accommodate the ever existing and increasing demand for houses by persons wishing to locate here. Those having the means, should no longer stand in their own light but act at once. It would undoubtedly redound to their honor as well as profit. Rumor says Mr. Downey intends building a fine brick on the site of the dilapidated Adams House. Success.

MUSCLE VS. REASON.—The evening of the election was the time of an animated scene on the square. Two parties not satisfied with lawful provisions as to who should vote and who should not, concluded to decide it by a passage at arms. The "mill" resulted in a couple of bloody faces and bruised "sconces" without either party becoming convinced of the other's argument. One actually was fast *losing his ability to "see it" in any light* when the valiant exertions of disinterested (?) parties prevented such a crisis. The crowd naturally took sides and some seemed anxious to renew the battle by kicking up a general muss. Several loud-mouthed ruffians, who have attained a notoriety for booting drunken men and insulting old men, were especially active in doing the *send-work*. The wiser counsels of right-minded men prevailed, however, and the thing was quieted down. We understood that our officers acted resolutely and would have promptly quelled a repetition of the disgraceful method of settling difficulties. Let it be so. *Let bullies hardly billingsgate but be it understood that peaceful citizens will speak their mind fearlessly as long as they speak respectfully.*

SOMETHING extraordinary in the show line is to make its appearance in this place on Saturday, 13th inst. The establishment refered to is entitled "The Great American exposition Circus and Trained Animals," undoubtedly the largest and most perfectly equipped troupe of any that has started out this season. The company hails from Philadelphia, under the management of Messrs. Hemings, Cooper and Whitby, and is everywhere spoken of in terms of highest eulogy. By this advertisement and the superb posters displayed around town, we learn that on the morning of the day of exhibition the company will make their grand entrance in dress procession, parading the principle streets, accompanied with music, etc. The magnificent pageant displays the stock and material of the great show, attracting thousands from the adjoining towns, and for its novelty and excellence, drawing immense crowds to witness the daring splendors of the circus, and the performance of the finest menagerie of trained animals ever exhibited on this continent.

WE see by our exchanges that Commemoration Day was universally observed throughout the country. City and hamlet vied with each other in this beautiful and fitting tribute to our Nation's protectors who are

"Sleeping to waken in this weary world no more,
Sleeping for their true loved country, sleeping for the flag they bore."

The ceremonies were everwhere highly interesting and largely attended, showing how deeply in the hearts of the people lies love of our country and its flag, and pride in her gallant defenders. Long may the day be celebrated.

"Look on this picture, and then on that."
Here you behold the infirm step,
The pallid cheek, wasting form.
Untasted food, and a social atmosphere
Poisoned with the tales of aches, pains,
Sleepless nights and mental despondency.
There laughing health, sparkling eyes,
Elastic steps, craving appetite, forgotten cares
Genial thought and ambitious resolves,
Show the contrast and mark the picture.

One took the Plantation Bitters—the other didn't. They are very beneficial for weak and delicate persons.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne and at half the price

BOROUGH ELECTION.—Saturday last the Cops elected a Burgess, Councilmen and Election Board, by their usual majority. The men are of the "rale old stock!" thorough-bred, trained to the gymnastic evolution of flinging themselves outside of a tumbler of "medicine" without winking or making a face—intensely Democratic! If the town didn't get along about as well without a board of officers as with, we should be constrained to deplore the "condition of the country!"

DOWN TO THE DOTS.—Perseverance and the determination to do the fair thing settles the fact that D. Shirk has won him a reputation for selling fine and cheap goods justifying the immense outlay he has just made to fill his store for June Court. Those who mean to buy bargains as well as the best of every thing should stop in his room in Wilson's new building.

HESITATING.—Pendleton, it is said, hesitates whether to accept the Presidential nomination on the Democratic repudiation platform as the means of getting rid of the national debt, or to stick by Guiher and his low prices as the readiest way to relieve the country. The latter is much to be preferred by working people.

FINANCIAL.—Phalon's "Flor De Mayo," the new perfume for the handkerchief, is creating considerable excitement among the five-twenties, also among the sweet-sixteens. Sold by all druggists.

A SUPERIOR article of fine Family Flour, manufactured at Oak Forest Mills, from No. 1 Wheat—now on hand and for Sale at N. H. McClelland's Grocery Store.

WAKENED UP!—Guiher has aroused himself from a Rip Van Winkle sleep and again stalks forth on the mercantile board "the noblest Roman of them all." He has filled his store up anew and invites the good people of Greene county to call and see him, at the old room.

JUST OPENED.—A new and complete stock of Boots and Shoes, at M. C. & H. Bell's cheap store, Sayers' corner, Waynesburg. Among their stock will be found all the Spring Styles, direct from the manufacturers, selected by M. C. Bell expressly for this market.

THE time of the completion of the Baptist College at Jefferson is not known, but that Fordyce's sell the best goods at the lowest price is a fact generally admitted.

IPSA VERITAS is what a Latin Scholar acquainted with Evans & Minor's prices, would say, when told that they had the cheapest goods in the Market.

LOOK OUT FOR COUNTERFEITERS!—Money is not the only thing that can be successfully counterfeited. For genuine Dry Goods, go to Etvans & Minor's.

WOULD YOU BE RICH?—Buy all your dry goods of Evans & Minor. "A penny saved is two pennies made."

HAIR Brushes, Cloth Brushes, Paint Brushes and all kinds of Brushes for sale at G. W. Roberts' Drug Store.

A PURE article of Copal and Coach Varnish just received and for sale at G. W. Roberts' Drug Store.

THEY WANT MONEY and therefore customers can buy almost at their own prices of Evans & Minor.

NEW YORK DRY GOODS MARKET.

NEW YORK, June 6.—The Dry goods market continues dull and depressed. Prints are generally steady at 12½@15½c for standard makes as to style. In light unbleached muslins and printing cloths there is some speculative movement both here and at the East, but this has no apparent effect on the market. Standard brown sheetings are steady at 12½c.

Sewing Machines.

THE WORLD RENOWNED

SINGER

SEWING MACHINE.

OUR NEW FAMILY MACHINE,

Has been over two years in preparation, and which has been brought to perfection regardless of time, labor or expense, and is now confidently presented to the public as incomparably the best Sewing Machine in existence.

The Machine in question is simple, compact, durable and beautiful. It is quiet, light running and capable of performing a range and variety of work never before attempted upon a single Machine—using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, and anything between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Braiding, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the unique, useful and popular folding tops and cabinet cases peculiar to the Machines manufactured by this Company have been prepared for enclosing the new Machines. These are gotten up in every variety of wood, such as Black Walnut, Mahogany, Rosewood, and the like, and from the plainest to the most elaborate pattern and finish—the Machines themselves being more or less highly ornamented, to correspond with the Tables or Cabinets for which they are intended.

A few reasons why SINGER'S latest improved SEWING MACHINES are the best for Family and General Purposes.

1st. You can sew anything from the finest single thickness of Swiss or Nansook to several thicknesses of the heaviest Beaver cloth, using any kind or size of thread with equal facility, from No. 200 Cotton up to the heaviest patent or Linen thread.

2d. It uses a short, straight needle, easily set, and makes the popular Lock Stitch alike
