TWENTY-FIVE PER CENT. OFF...

The Treasury Examining Commis... consists of a Democrat, a Republican ... an Independent, all of whom are p... nounced civil-service reformers, and ... of whom have seen many years of service ... and gradual promotion under Republican rule.

This commission has just completed the examination of one of the great Treasury bureaus. Its recommendations may be summed up in the statement that it found the bureau fairly well organized, and recommends no changes in the number of divisions or in the higher classes of officials, but it finds a superfluous clerical force of twenty-five per cent. of the entire personnel of the bureau and recommends reductions to that extent.

This sweeping reduction, entirely consistent as it is said to be, with the best interests of the bureau and calculated to increase rather than impair its efficiency, has an odor of genuine retrenchment and reform about it, and coming from such men and applying to one of the best organized and busiest bureaus of the Government, it may be construed as indicating reductions throughout the Department on a larger scale than has been anticipated.

BIG BEAR, the Indian chief, has a peculiar idea of what enjoyment is. He has sent a confidential circular to his followers in which he tells them that they are doomed and will be killed one by one. "But," he says jubilantly, "before we die or disappear altogether we must enjoy ourselves as much as we can. Therefore, we must plunder the stores and kill many white people."

"ONE THING," says a correspondent of the Indianapolis *Journal*, "that surprises the average citizen of Washington is the manner in which real estate has advanced during the past six months," when it was all along expected that with a change of administration there would be a great depression in the market. Such expectations have been most agreeably disappointed, and the correspondent says further that "last fall as soon as it was known that Cleveland was elected, New York bankers and capitalists sent to this city and deposited with the trust company several millions of dollars to be used in purchasing any real estate which might be offered at a sacrifice, but no such offers were made." Whether this be strictly true or not, it is certain that however inactive real estate may be at this particular time, the outlook was never more encouraging

...ecutive of Ohio, is fifty-six years of age and president of the Cleveland Electrical Manufacturing Company.

JUDGE DAVID DAVIS is said to own about 7,000 acres of valuable farm land in Illinois, and besides himself more looking after his property than either law or politics. In weight he tips the scales at only 280 pounds sixty pounds less than his old-time average.

THE CONCORD SCHOOL OF PHILOSOPHY will assemble this year on the 16th of July and keep for three weeks. Among the lecturers announced are Professor Wm. T. Harris, Professor H. S. White of Cornell, John Fiske, Julia Ward Howe and Julian Hawthorne.

PERRY DAVIS, whose celebrated "Pain-Killer" made his name a household word all over the country, is partially insane at times, and for the last fifteen years has been the inmate of a poorhouse in Western Pennsylvania. His medicine made him a mint of money, but he sunk it all in bad speculations.

THE REPRESENTATIVES and delegates of the Grand Army Department of the Potomac to the National Encampment have signed a circular which has been sent to all other delegates, urging them to vote at Portland, June 23, for General S. S. Burdett of this city as Commander-in-Chief of the Grand Army, to succeed General Koontz.

THE UNIVERSITY of VIRGINIA has recently come into the possession of one of the original printed copies of the first constitution of Virginia, adopted June 29, 1776. The paper is a supplement to the Virginia *Gazette*, then printed at Williamsburg. The preamble is from the pen of Mr. Jefferson, while the constitution is the work of Mr. George Mason. The paper is presented to the University of Virginia by a son of the Commonwealth, Judge William Archer Cocke, now a distinguished citizen of Florida.

READ CAREFULLY.

Another Grand Move Toward an Increase in Business.

We are now building an extension of 35x17 feet to our already magnificent establishment, which, when finished, will give us the next Show Rooms in the United States. We have the finest Electric Light in the country, making at night our entire building as bright as the finest day in sunlight. No heat of gas, or from the engine running the Electric Light, as one would imagine, because the store is cooled by 12 large Patent fans, distributed throughout the building, making a breeze equal to that felt on one of our steamers while sailing against the wind on the Potomac. All this is worth seeing, and you are cordially invited to come and enjoy the breeze, whether you wish to purchase. We have come to the conclusion that we have more goods and less money than we want to carry out our new enterprise of running our building through to Eighth street. We shall open this new addition, with new goods only. We shall commence to run off our present stock, without regard to cost. Our assortment is large, much larger than necessary to carry. We will, must and shall sell. Call and be convinced that it is a pleasure to deal with LANSBURGH & BRO. No misrepresentations are made. Every article is guaranteed as represented or money refunded.
