The Bedford Gazette

Home and Around.

HUNTINGDON AND BROAD TOP R.R.—WINTER ARRANGEMENT.—TIME TABLE.—Accommodation Train leaves Saxton at 7.35 a. m., and arrives at Huntingdon, at 9.30 a.m.; leaves Huntingdon at 4.40 p. m., and arrives at Saxton at 6.38 p. m.

Mail Train leaves Mt. Dallas at 1.00 p. m., arrives at Huntingdon at 4 17 p. m.; leaves Huntingdon at 7.50 a. m., and arrives at Mt. Dallas a 11 05 a. m.

PROSPECTUS.—Read the Prospectus of the Campaign GAZETTE, on the second page. Every one can get up a club of ten, or more.

REV. R. F. WILSON, (Pastor elect), will preach, D. V., in the Presbyterian Church, in this place, on next Sabbath, at 11. o'clock, a. m.

CIRCUS COMING.—Thayer and Noyes' great Circus and Menagerie will exhibit at this place, on Saturday, 18th inst. We have always found the proprietors of this circus and all connected with it, to be gentlemen. They will exhibit at Bloody Run, on Friday, 17th.

EPISCOPAL SERVICES.—There will be service and preaching at the Court House, on Good Friday morning, at half past ten o'clock. Also the usual morning and evening services on Easter Sunday and a Sabbath School Easter Service in the afternoon, at half past three o'clock.

FASHION'S PLATFORM.—One perfume, pure, refreshing and imperishable, and that perfume Phalon's "Night-Blooming Cereus." This is the platform of Fashion on this side of the Atlantic, and all the people say amen! —*Jersey City Times.*

SEVENTEEN YEAR LOCUSTS.—This is the year for the re-appearance of the seventeen year locusts. These insects made their first chronicled appearance here in 1799, and returned every seventeen years after that time. They last appeared in 1851, of which many of our readers doubtless have a distinct recollection.

THE fruit prospects this year are of average promise. There is likely to be plenty of apples, but there will be something of a scarcity in the peach line. Peach growers tell us that the hard winter has been severe on the buds. We apprehend, nevertheless, that nobody will suffer.

THE WHEAT CROP.—From present indications, the next wheat crop will be a good one in this county. Farmers in different sections agree in stating that it stood the winter very well; that the large amount of snow which fell and remained for a long time on the ground protected the young plants, and prevented them freezing out.

THE SUCCESS, DR. BEAMER & Co. have had in healing Chronic and Female diseases by their Algerian Remidies throughout the United States and Europe is unsurpassed. They are on a visit to this place from April 6th, to 13th, to receive patients and introduce their art of healing. They will read your disease free, and remove acute pain free of charge.

A SURE THING.—People may talk as they please, think and act as they please, and entertain contrary opinions on any subject; but there is one on which all agree, and that is, that R. W. Berkstresser & Co. keep always on hand the best assortment of ready-made Clothing, and sell at the very lowest cash prices. Call and see for yourselves.

ADDITIONAL LAW JUDGE.—We have neglected to state that the legislature have passed a bill authorizing an additional Law Judge for this Judicial District, and that Gov. Geary has appointed D. Watson Rowe, Esq., of Chambersburg to fill the position until the next election. Judge Rowe is at present holding his first Court, that for Fulton county.

SNOW.—On Tuesday morning last, a heavy snow began to fall and at the present writing the weather is quite wintry. This is doubtless a *robin* snow; at any rate it robs spring of some of the days that of right belong to her. *Jam satis terris nivis atque dirae, grandinis misit Pater*, etc. In other words, Winter, we have had enough of you for the present.

NEW ARRANGEMENT.—The firm of Irvine and Statler having been dissolved, the business will be continued by H. F. Irvine, at the old stand. Boots and Shoes, cheaper and better than ever, Queensware, Glassware, Fancy Goods, Perfumery, etc., etc., always on hand. The new Dickens Collar, the latest agony, and so perfect an imitation of linen that the closest inspection will barely detect the difference, for sale by H. F. Irvine at the old Regulator. Now is the time to buy. Come and see the stock.

THERE *are two special qualities which determine* and fix the superiority of Mrs. S. A. ALLEN'S *new style improved hair restorer* or *dressing*, in one bottle, over all other preparations for the *hair*. First, the prompt, quick action, great growth, life and vigor that it is sure to give to the hair, never failing, by a few applications, to restore Grey or white Hair to its natural color, imparting to the Hair a Delightful aroma, fresh, delicate, and unchangeable in any climate. Second, its easy application without any previous preparation of the Hair; without that sticky and disagreeable sulphur odor found and complained of in all other preparations. It never soils the skin or linen. Ladies will find it a standard Toilet luxury to dress their Hair; it retains the Hair in any desired position, and is cooling, healing, and cleansing to the Scalp, removing immediately all scurf, dandruff, and pimples. Price one dollar. Sold by all druggists.

DANGEROUS COUNTERFEIT.—A dangerous counterfeit five dollar national bank bill is said to be in extensive circulation. The bills are well executed—the "landing of Columbus" on the back particularly. The principle point of difference between the genuine and the counterfeit is this: the "T" in the sentence "This note is secured," &.,c at the head of the bill, covers the "ni" in "United States," while in the genuine it comes over the uper left hand corner. By this difference the counterfeit can be easily detected.

SHADE TREES.—There is nothing that our citizens should feel greater pride in than having our streets adorned with shade and ornamental trees, and their lots and yards with choice fruit trees, which in a year or two will commence to yield and repay them ten fold for the outlay. The old assertion that in business streets shade trees are an impediment, is fallacious. A beautiful tree is certainly much cooler and more convenient than an unsightly awning. Those who have not their property thus adorned, should take immediate steps to plant.

MORTGAGE BILL AMENDED.—In the State Legislature, on Tuesday evening of last week, on motion of Mr. M'Miller, the vote on the final passage of the bill exempting mortgages and other monied securities from local taxation was reconsidered; and the bill was amended by including the counties of Montgomery, Berks, Schuylkill, Chester, Lancaster, Elk, Forrest, Fulton, BEDFORD, Indiana, Huntingdon, Northampton, Northumberland, Crawford, Clinton, Carbon, Monroe, Luzerne, Juniata, Mifflin, Somerset, Westmoreland, Clearfield, Allegheny, York, Delaware, Blair, Lebanon, Greene, Franklin, Perry and Cumberland, and again passed finally as amended.

EARLY TOMATOES.—To have tomatoes early, plant a few seeds, any time this month, in the pots in which the plants are growing in the kitchen window. They will so germinate and grow very rapidly, and when the plants are two or three inches high, set one of each in boxes three inches square, or very small flower pots, and give them the same attention the house plants receive. As soon as all danger from frost is over, transfer the tomato plants which will then be budded, and perhaps covered with miniature fruit, to the smooth side of a high fence or sunny side of a building, into not over rich soil, and you will have ripe tomatoes on the fourth of July, if past experience and a favorable season are worth any thing. Try it.

CAUTION TO PERSONS HOARDING COIN.—We commend the following to the careful consideration of all persons in the habit of hoarding coin. We hear of many persons who, as soon as they receive a few of the new five cent pieces now beginning to circulate through the country, as well as the pennies, hoard them away, instead of allowing them to circulate for the benefit of the business community. In view of the sad effects that may result from this habit, persons had better reflect on the following:

Very singular and dangerous.—We copy the following remarkable accident from a Southern paper:—Near the town of Smithville, in the State of Mississippi, there was a violent thunderstorm passed over that section lately. Two houses in the country were struck by lightning, very much damaged, but fortunately no person was killed. What seemed strange was that one house had a good lightning rod on it, and the other had none; but in the central part of each house was a bureau, which in each case was torn to atoms, and the clothing in it set on fire. Upon a thorough examination of the ruins it was found that the people had a large number of the new nickle or zinc five cent pieces with a number of coppers, saved up and hid in one of the drawers of the bureau; and as it is known to all that zinc and copper are the metals with which electricity is generated, it is supposed by scientific men that having them lying together in the drawer generated a stream of electricity, which became a powerful conductor of the outside current, and invited the disaster. If such things happen, it would not be wise in persons keeping many of the new five cent pieces on hand, especially if mixed with coppers.

NOTICE TO DELINQUENTS.—We have placed our books and accounts in the hands of John P. Reed, Esq., of this place, for collection. All accounts for subscription for the year ending August 1, 1868, remaining unpaid, are included in the bills which Mr. Reed is authorized to collect. We have been *compelled* to resort to this course in order to obtain a settlement of our accounts. We have too much to do to attend to making out bills, and we are tired of *dunning*. Money we *must have*, as we have many debts to pay, and we desire to act honestly with our creditors. Therefore, we ask all to pay Mr. Reed, who can, and those who cannot, we ask to call and settle. If there is any thing in their accounts by which they consider themselves aggrieved, let them call on us, and we will make all right that is not right. Friends, let us have the old scores wiped out, and begin anew.

NEW PRESS!—FANCY JOB PRINTING!—*Printing in Colors!—Cards, Billheads, Notes, Bank-Checks, Blanks of all kinds, &c., &c.*—We have just had set up in our office, one of the latest improved Gorden's Fast Job Presses, and have, also, purchased a new assortment of Fancy Job Type. Thus prepared, we are now able to do all kinds of Job Work, from the daintiest card to the most showy poster. These improvements have cost us considerable outlay, and we now say to our friends and the public, generally, bring on your work, if you appreciate enterprise! We can do any kind of work done in the city offices and *just as cheap* as city printers do it. *Horse-bills* printed in all styles. Call at the GAZETTE office, and see our improvements;

—The Supreme Court has decided that deposits made in savings banks may be lawfully subjected to local taxation, even when those deposits have been invested and are held in the form of Government securities.

If anything looks more dirty and disgusting than a coat covered with dandruff, it is certainly not known to modern society. "Barrett's Vegetable Hair Restorative" will effectually eradicate dandruff in a single thorough application. To this valuable preparation was awarded the only prize medal ever bestowed on any compound for the hair.—*Poughkeepsie Press.*
