Underwriters Organize.

The life insurance agents of this city met yesterday and organized the Life Underwriters Association of the District of Columbia, and elected for President, H. A. Hall, manager New York Equitable; first vice-president, R. K. Cralle, manager Mutual Life, New York; second vice-president, E. J. Gresham, general agent Northwestern; secretary, W. Scott Smith, general agent Massachusetts Mutual; treasurer, A. C. Gibbs, general agent Connecticut Mutual. Executive committee: General A. D. Hazen, manager New York Life, chairman; E. H. Walker, general agent Provident Life and Trust; James E. Wagen, general agent Washington Life; Myer Cohen, general agent Penn Mutual; H. Lincoln, general agent New England Life.

The Measles Increasing.

An examination of the records of the Health Office in advance of the issuance of the weekly report shows that the measles epidemic is still raging, with a tendency toward increasing in magnitude. During the previous week there were seven deaths from the disease, and during the last six days of last week there were seven deaths. It is believed by many that the disease is more prevalent in the southwest and the eastern sections, but the burial permits show this to be erroneous.

The following statement shows the number of deaths in each section last week: Northwest, 2; northeast, 3; southwest, 1; southeast, 1; total, 7.

A Lovely Complexion.

"What a lovely complexion," we often hear persons say. "I wonder what she does for it?" In every case the purity and real loveliness of the complexion depends upon the blood. Those who have sallow, blotchy faces may make their skin smooth and healthy by taking enough of Dr. Pierce's "Golden Medical Discovery" to drive out the humors lurking in the system.

The Internal Revenue.

This subject is one of vast importance as a national question. Senator Brown of Georgia made an eloquent speech in the Senate yesterday in favor of abolishing the tax on whisky, in order as one of the means of reducing the surplus in the United States Treasury. The subject was of such great national importance, and of an extraordinary nature that the Senator made his eloquent and telling speech sitting in his chair. He favored the entire abolition of the Internal Revenue system, as a wise measure under the existing depression of finances of the country, and place the money back in the hands of the people from whom it was originally drawn and again placed in circulation, which, no doubt, would greatly relieve the tightness of the money market and revive the business of the country. So far as the whisky tax or the internal revenue is concerned it does not disturb, in the least, the quality and purity of James Tharp's old rye Berkeley whisky. This favorite Congressional brand can be found at 813 F street northwest.

OVER WORKED Women

For "worn-out," "run-down," debilitated school teachers, milliners, seamstresses, housekeepers, and feeble women generally, Dr. Pierce's Favorite Prescription is the best of all restorative tonics. It is not a "Cure-all," but admirably fulfills a single-ness of purpose, being a most potent Specific for all those Chronic Weaknesses and Diseases peculiar to women. It is a powerful, general as well as uterine, tonic and nervine, and imparts vigor and strength to the whole system. It promptly cures weakness of stomach, indigestion, bloating, weak back, nervous prostration, debility and sleeplessness, in either sex. Favorite Prescription is sold by druggists under a positive guarantee. See wrapper around bottle. Price $1.00, or Six Bottles for $5.00.

A large Treatise on Diseases of Women (160 pages), profusely illustrated, sent for ten cents in stamps.

Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main St., Buffalo, N. Y.

SICK HEADACHE, Bilious Headache, and Constipation, cured by Dr. Pierce's Pellets. 25 cents a vial, by druggists.

CITY NEWS PARAGRAPHS.

Grow and William Cumback to meet at the Republican National League house on February 1 next, to celebrate the contest. General Banks will preside.

—The following officers of the Women's Relief Corps of the Department of the Potomac were installed last night by Major Burke, commander of the Department: President, Mrs. Turner; senior vice-president, Mrs. Odell; junior vice-president, Mrs. Montis; chaplain, Mrs. Blaslin; conductor, Mrs. Burgher; guard, Mrs. Rust. East Washington.

—No U. S. vessels are at present quartered at the Navy-Yard, and it is probable that none will come nearer than Norfolk during the winter, when so much uncertainty prevails in regards to the freezing of the river.

—The work of raising the roof of the anchor shop at the Navy-Yard to a height of six feet above its level, has been completed with the exception of placing in position the glass skylights. About 200 men are on the rolls, but they can do little work on account of the bad weather.

West Washington.

—Last evening a boy named Webster Chapelle, employed by Louis Rosenbush, a butcher on the Tunlaw road, while engaged in lowering a side of beef into the ice-house, the rope gave way, throwing him into the pit and badly injuring him about the head and shoulders. Drs. Gilpine and Chapelle rendered medical aid.

LEVICO

Nature's Richest Mineral Water

—IN—

Arsenious Acid and Iron

According to the latest analysis made by the celebrated Vienna Professor, Dr. L. Barth, the Levico Springs of Southern Tyrol are the richest of any Mineral Springs as regards their percentage of Arsenic. Prof. Dr. L. Barth calls them simply unique in that respect.

We desire to draw attention to the fact that the use of Levico Water, being greatly conducive to an excellent state of health generally, by purifying the blood and skin, is for the same reasons a means of enhancing the personal attractions of the gentler sex; namely, in a direct manner, by improving the complexion and the skin, and thereby preserving youth, and indirectly by imparting the ease and grace, the brightness and vivacity which renders healthfulness so valuable and charming.

The Levico Water can be used for bathing purposes as well.

The Mineral Waters of Levico are principally effectual in cases of Poorness of the Blood in general, Chlorosis, Anemia, Slow Convalescence after a serious illness or after great loss of blood, Female Sterility, Virile Impotency, Old Wounds, Scrofulous Diathesis, Gout and Chronic Rheumatism, Constitutional Syphilis, Diseases of the Spine, Paralysis and Nervous Affections of all kinds, Obesity, etc., etc.

DOSE OF THE LEVICO WATER—One tablespoonful two or three times a day. It can be given with wine or malt.
