Two Mexican War Steamers Captured by the U. S. Sloop-of-War Saratoga.

Great Excitement at Vera Cruz.

PASSE AL'OUTRE, March 19.—The Mexican steamer Marquis has arrived inside the Bar at this pass, as a United States prize in charge of Lieut. Chapman, of the United States sloop-of-war Saratoga.

She left Vera Cruz on the 11th inst., but before reaching the mouth of the river her engines broke down, and she was detained outside until the towboat Anglo-Saxon came to the rescue and towed the prize inside the bar.

The Marquis brings full particulars of Commodore Marin's expedition, recently fitted out at Havana for the purpose of aiding Miramon in his operations against Vera Cruz and other Mexican ports on the Gulf.

The two steamers were well supplied with provisions, ammunition, and such other supplies as Miramon's army stands most in need of.

The General Miramon, which was at Southwest Pass this morning, in charge of Lieut. Minor, and the Marquis, were both taken off Anton Lizards on the morning of the 6th inst., by the United States sloop-of-war Saratoga.

The Steamer Marquis has a portion of the prisoners which were taken on board, and the United States steamer Preble, which was to have left Vera Cruz on the 11th, is hourly expected with the remainder of the prisoners.

The officers in charge of the Marquis report that the town of Alvarado, which had been previously dismantled by the Liberals, was in possession of Miramon's troops.

Miramon was actively besieging Vera Cruz, but with slight chance of success now that is supplies and support from sea were entirely cut off.

The Liberal forces in the interior had been rapidly concentrating on the City of Mexico, which was now entirely surrounded.

Much bad feeling existed among the French and Spanish fleets against the American, and great excitement prevailed generally at Vera Cruz in consequence of what is considered by many the high-handed action of Commodore Turner in capturing these steamers.

American Consul at Vera Cruz.

The Marquis reports that the exequatur of the American Consul at Vera Cruz had been revoked. No explanation of the act is given.

Disposition of the Prizes.

The Steamer Marquis will get under way tonight and go to the Head of the Passes, where the General Miramon is moored, awaiting orders, it is supposed, from Washington.

Lieut. R. T. Chapman leaves his prize there and proceeds to Washington as the bearer of important dispatches from Commodores Turner and Jarvis.

SOUTH-WEST PASS, March 19.—The U. S. prize steamer Gen. Miramon, Lieut. R. D Minor commanding, arrived at the bar this morning, with dates from Vera Cruz to the 13th inst.

Gen. Miramon and his followers appeared before the city of Vera Cruz on the 5th, and besieged it.

Previous to making an attack on Vera Cruz, Gen. Miramon notified the representative of the foreign Governments that his intentions were to cannonade the city.

On the night of the 7th, the city was attacked by a force of the besiegers, but they were soon repulsed by the Liberal army.

The U. S. sloop-of-war Preble was to sail for New Orleans on the 14th inst. The schooner Emily Keith was also to sail on the same day for New Orleans.

The U. S. sloops of war Savannah, Saratoga, and Preble were at Vera Cruz on the 13th inst., anchored close to the castle of San Juan de Ulloa.

LATER FROM CALIFORNIA.

State Democratic Convention.

The advices received from Sacramento City relative to the meeting of the Democratic State Convention, are very interesting.

The Convention met in that city on the 29th of Feb. A desperate struggle took place for the election of a Chairman, and finding that no satisfactory result could be obtained, the two candidates were withdrawn.

The Convention was finally organized by the election of Mr. Phillip Moore, who proved satisfactory to both parties.

The principles of the Cincinnati Platform were re-affirmed,

The Dred Scott decision by the U. S. Supreme Court was approved.

The Convention favored the construction of a railroad between the Atlantic and Pacific States, the building of a telegraphic line to connect the East with the West, and the transportation of the mails by an overland route.

President Buchanan's administration was indorsed by the Convention.

Mr. Dickinson obtained the floor, and declared that the first choice of the California delegates were instructed, and having been selected from the different wings of the Democratic party it was impossible to predict their votes.

The delegates elected by the first wing are Messrs. Bidwell, Dresbelles, and Patrick Dudler.

Those elected by the second wing are Messrs. Smith, Reins, Gregory and Bradley.

Both wings are indisposed to make an issue on Douglas.

Latest from Washington.

Proceedings of Congress.

WASHINGTON, March 23.—In the Senate yesterday the bill providing for the construction of a telegraph line to connect the Atlantic and Pacific States was amended and ordered to be printed.

The homestead bill was again taken up and discussed at considerable length. Senator Wigfall rose from his seat, and in a long speech satirically opposed its passage.

The bill providing that persons endorsing their names on letters can have them returned gratis when undelivered, was passed.

The Kansas mail route bill was also passed.

A long debate took place on the dissolution of the Union and other issues of the day.

In the House of Representatives, Mr. Noell, of Mo., spoke to some length on the bill recently introduced by him to withdraw from the people, in the Territory of Utah, the power of making their laws through an elective assembly.

The bill providing for the amendment of the patent laws was made the special order of the day for next Wednesday.

Mr. Brown, of Mississippi, offered a resolution, which was adopted, asking the Committee on Public Lands to inquire into the expediency of ceding public lands to the States in which they lie.

Mr. Toombs, of Georgia, introduced a bill to repeal the act of 1858, relative to land claims in the States of Mississippi and Louisiana.

The private bills placed on calenders were referred to.

Our Relations with Japan.

WASHINGTON, March 23.—The State Department has received dispatches from Consul General Harris, from Yeddo, to the effect that the Japanese Government, are constantly evading the most important stipulations of our treaty with that Government, and is passively resisting them.

Departure of Troops for Texas.

NEW YORK, March 23.—A detachment of U. S. troops, under the command of Lieut. James W. Palmer, left this city yesterday for Texas, by way of Indianola, with orders to proceed to the Rio Grande.

War Vessels for the Gulf.

WASHINGTON, March 23.—Orders have been given for the U. S. vessels of war Pocahontas and Supply to proceed to join the Gulf squadron without delay.

The Very Latest from Vera Cruz.

Miramon on Board a Man-of-War.

Half an hour previous to the sailing of the Keith it was currently reported at Very Cruz that Miramon had abandoned the siege, deserted his army and taken refuge on board the French brig-of-war off Sacrificios.

Besieging Army Cut Off.

Miramon's communication in the rear had been entirely cut off, and his army was in a desperate situation, unable to communicate with the capital, or to receive supplies from the country to any considerable extent.

The capture of the Marin piratical steamers was a fatal stroke to his enterprise, and it is believed Miramon now only demands liberal terms for his followers.

The Capital Abandons Him.

The city of Mexico also had pronounced against Miramon, and his army were deserting him at every opportunity. No particulars of the movement against Miramon, at the capital, are given, but it was confidently stated as a positive fact.
