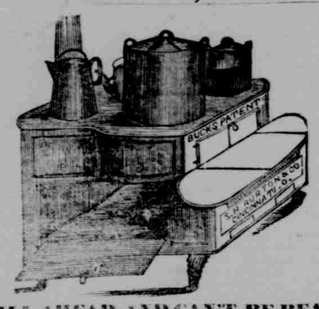
STOVES, &C.



STILL AHEAD AND CAN'T BE BEAT!
BUCK'S PATENT COOKING STOVE.

THIS celebrated Cooking Stove has now been before the public seven years, and is still without a successful competitor, although all a variety of *combination* have been tried. At the late fairs in the cities of New York and Albany, the first premium was awarded to it, although all the new Stoves of the day were in competition. Its facilities for performing all the operations of cooking are unsurpassed. The oven is nearly double the size of the ordinary Cooking Stove in use, and is heated with the most perfect uniformity by which bread, without being turned, will bake on all sides as perfectly as can be done in a brick oven.

For the operation of this Stove we respectfully refer to the following persons who have them in use:

Alfred Hartisch	Alex Worth	Stephen Gullifer
C. W. Cady	E Hedderly	John Shortridge

COMBINATION STOVE.

S. WAINWRIGHT,

HAS just received another general assortment of the most approved Cook and Air Tight Stoves, including Green's Patent, Dutch oven, and the celebrated

New York Combination Cook Stove.

This latter has but lately been introduced in the West, and is giving the highest satisfaction wherever used. He desires all desirous of *suiting themselves* to a *good* stove, to examine his assortment before purchasing. Having an extensive Tin Ware manufactory connected with his establishment, he is enabled to fit up every stove with just such articles as the purchaser desires, and will also attend to putting up stoves properly any where in the city. He is confident people will find it for their interest to give him a call.

Store on Washington, S. E. corner of Meridian street.

COMBINATION STOVE.

JUST received a further supply of these celebrated and unrivalled Cook Stoves. This Stove patented in the city of Troy, N. Y., 1845, was introduced into the city of Cincinnati early last Spring, since which time 1000 have been sold there alone. Persons who have been using other patent cook stoves for the last seven years, and have seen the Combination Stove, must all agree that this stove has a larger oven for the size of the stove, will bake better, and throw out more heat than any stove ever yet invented. The plates are warranted for one year at least. We think it unnecessary to parade a long string of names before the public, but can refer to some of the best families in this city who are using this stove, and all prefer them to any other. We have three of the best Tinners in the West, who manufacture this stove perfectly, and our work will give satisfaction. There are three different sizes of these stoves, for which we have the exclusive agency of the manufacturer.

THE present is an age of *Revolution*. While the people of Europe have been overturning thrones at the point of the bayonet, a mighty revolution has been going on in our own land—a revolution which has swept away the high prices of last year, and its predecessors. A reduction of more than twenty per cent. on my present heavy stock of Dry Goods, has been among the happy consequences of this great Revolution. The past season has been famous for the production of *New and Beautiful Styles*, all of which will be found in my present heavy stock of

Fine and Fancy Dry Goods,

which in point of *beauty* and *splendor*, eclipse all previous exhibitions at his *Cheap Cash Store.*

I can and am determined to offer greater inducements to purchaser than any other establishment in the city, as my stock is almost entirely new and of direct importations, and my sales are confined exclusively to *Cash, or good Produce.* To you who purchase for ready money, I say to one and all, come and examine for yourselves, as I am determined to sell as cheap, or a little *cheaper than the cheapest*, and will wait on the buyer of ninepence, farthings, as politely as on the purchaser of twenty dollar Broad Cloth. It is unnecessary and impossible to enumerate our well selected stock of goods for the LADIES, such as Lawns, Balzorines, Ginghams, Prints, Plaids, &c.; or our large stock of Cloths, Cassimeres, Cassinets, &c., for GENTLEMEN.
