PROPOSALS FOR LIVE OAK.

NAVY DEPARTMENT,
Bureau of Construction, Equipment, &c., June 14, 1858.

SEALED PROPOSALS for delivering 25,000 cubic feet of promiscuous live oak timber in each of the navy-yards at Kittery, Charlestown, Brooklyn, Philadelphia, Gosport, and Warrington, will be received at this bureau until 3 o'clock, the 14th day of July, 1858.

The proposals must be endorsed *Proposals for Live Oak*, that they may be distinguished from other business letters. The offers may be for one or all the yards, but must be for the whole quantity at any yard, and, as required by law, must be accompanied by a guarantee, the form of which is hereunto given.

The 25,000 cubic feet to be delivered in each yard will be in the following proportions, viz: 5,000 cubic feet siding 13 and 15 inches; 10,000 cubic feet siding 14 and 12 inches; and 10,000 cubic feet siding 9 and 10 inches, in about equal quantities of each siding.

The timber siding from 16 and 18 inches may be in length from 18 to 25 feet, and such of the 18 inch as is fit for keelson pieces may be longer; the 12 and 14 inch timber in length from 17 to 20 feet, and a large proportion of all the foregoing may be straight; of the 9 and 10 inch timber the length may be from 10 to 14 feet, and three-fourths of the quantity to have a natural and fair curve of from 12 to 30 inches or more in the length given, and one half the number of these pieces to have from the mean to the maximum crook. All to be sided straight and fair, and have a face of not less than the siding size. The timber must be cut from trees grown within 50 miles of the sea, to be delivered in the yard at the risk and expense of the contractor, subject to the usual inspection, and to the entire approval of the bureau.

One half the quantity must be delivered on or before the first day of September, 1858, and the residue on or before the first day of February, 1859.

The department will award the contract in each case to the lowest bidder reserving the right to decline making any contract for a purchase and delivery at any navy-yard if it shall then deem it unnecessary or disadvantageous to the public service.

Sureties to the full estimated amount will be required to sign the contract, and, as additional and collateral security, 15 per cent. will be withheld on the amount of each delivery until the contract is completed. And the remaining 85 per cent. of each bill, when approved in triplicate by the commandant of the yard, will be paid by the navy agent at the point of delivery within thirty days after its presentation to him.

It will be stipulated in the contract that if default be made by the parties of the first part in delivering all or any of the timber named of the quality and at the time and place provided, then and in that case the contractor and his sureties will forfeit and pay to the United States a sum of money not exceeding twice the total amount therein agreed upon as the sum to be paid in case of the actual delivery of the whole, which may be recovered from time to time according to the act of Congress in that case provided, approved March 3, 1823.
