PROCLAIM TO THE PEOPLE!
The Glad Tidings that small Outlays have
Realized Princely Fortunes,
AT DUNLOP'S FAR-FAMED STORE.

THE present is an age of *Revolution*. While the people of Europe have been overturning thrones at the point of the bayonet, a mighty revolution has been going on in our own land—a revolution which has swept away the high prices of last year, and its predecessors. A reduction of more than twenty per cent. on my present heavy stock of Dry Goods, has been among the happy consequences of this great Revolution. The past season has been famous for the production of *New and Beautiful Styles*, all of which will be found in my present heavy stock of
Fine and Fancy Dry Goods,
which in point of *beauty* and *splendor*, eclipse all previous exhibitions at his *Cheap Cash Store*.
I can and am determined to offer greater inducements to purchasers than any other establishment in the city, as my stock is almost entirely new and of direct importations, and my sales are confined exclusively to *Cash, or good Produce*. To you who purchase for ready money, I only say to one and all, come and examine for yourselves, as I am determined to sell as cheap, or a little *cheaper than the cheapest*, and will wait on the buyer of ninepenny Calicoes, as politely as on the purchaser of twenty dollar Broad Cloth. It is unnecessary and impossible to enumerate our well selected stock of goods for the LADIES, such as Lawns, Balzorines, Ginghams, Prints, Plaids, &c.; or our large stock of Cloths, Cassimeres, Cassinets, &c., for GENTLEMEN.

COMBINATION STOVE.

JUST received a further supply of these celebrated and unrivalled Cook Stoves. This Stove patented in the city of Troy, N. Y., 1845, was introduced into the city of Cincinnati early last Spring, since which time 1000 have been sold there alone. Persons who have been using other patent cook stoves for the last seven years, and have seen the Combination Stove, must all agree that the stove has a larger oven for the size of the stove, will bake better, and throw out more heat than any stove ever yet invented. The plates are warranted for one year or more. We think it unnecessary to parade a long string of names before the public, but can refer to some of the best families in this city who are using this stove, and all prefer them to any other. We have three of the best Tinners in the West, who understand stove trimming perfectly, and our work will give satisfaction. There are three different sizes of these stoves, for which we have the exclusive agency of the manufacturer.

EARLY COPIES.
A late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work, by which we shall be able to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American journals. For this and other advantages secured to our subscribers, we pay so large a consideration, that we may be compelled to raise the price of the Magazine. Therefore, we repeat, "*subscribe early, while the price is low.*"
Remittances and communications should be always addressed, post paid or franked, to the publishers.
