NOTICE.

TO THE FORMER OWNERS OF SLAVES IN ST. MARY'S COUNTY

THE undersigned, appointed a "COMMISSIONER OF SLAVE STATISTICS" by the Governor of Maryland, by authority of an act of the General Assembly, entitled "An Act to provide for taking and perpetuating the evidence of the number of persons held to labor and service in the State of Maryland and emancipated by the Constitution adopted in the year 1864, and by whom such persons were held"—

HEREBY GIVES NOTICE, that he has qualified and has entered upon his duties as aforesaid. He will visit each election district in the county, as required by law, at the places and on the days heretofore named, from 10 o'clock, a. m. and 4 o'clock, p. m., each day.

He will be at St Inigoes' Store, in St Inigoes' district, on Monday, the 27th of May, instant, and remain three days—at the Fork, in same district, on Thursday, the 30th instant, and remain three days.

At the Clothier Factory, in the Factory district, on Monday, the 17th of June next, and remain three days—at the Oak Spring, in same district, on Thursday, the 20th of June next, and remain three days.

At Leonardtown, in Leonardtown district, on Monday, the 1st of July, and remain six days—at the Head of St. Clement's Bay, in same district, on Monday, the 8th of July, and remain three days.

At Chaptico, in Chaptico district, on Monday, the 15th of July, and remain six days.

At Charlotte Hall, in Charlotte Hall district, on Monday, the 13th of August, and remain six days.

At Z. T. Spalding's Store, in Patuxent district, on Monday, the 2nd of September, and remain six days.

The title of the law and the preamble of the same fully sets forth the object of, and the necessity for, its passage. A part of the preamble says:

"That the State of Maryland has a good, valid and just claim upon the Government of the United States for services and adequate compensation for the said property, and that it ought not to be doubted that the Federal Government, when the passions excited by the late unhappy civil war shall have subsided, will recognize the justice of the said claims and faithfully perform her manifest duty in regard to it."

The law provides for and requires the following facts:

"The names of the former owners, at the time of the adoption of the constitution in the year 1864.

"The names, number, age, sex and physical condition of such slaves (whether they were slaves for life or for a term of years, and how many years); whether they have been enlisted or drafted into the service of the United States, so far as is known to said owners or others, and into what regiments they were placed, and what compensation, if any, has been received from the State or General Government by or on behalf of owners for such slaves as enlisted or were drafted into the military service of the United States."

"The testimony in all cases shall be the sworn statement of the former owner or owners of his, her or their legal representatives, confirmed by the testimony on oath of at least two disinterested witnesses."

When the statistics are prepared by the Commissioner and deposited with the Clerk of the Circuit Court, they are by law directed to be legal evidence upon the questions concerning the ownership of slaves in this State at the time of the adoption of the Constitution by which said slaves were emancipated."

The 5th section of the law provides "that the said Commissioner, for the performance of the duties prescribed in this act, shall be entitled to charge and receive the sum of twenty-five cents per capita for each and every slave by him reported for each and every formerly owned, to be paid in all cases by the former owner or owners, and in all cases the Commissioner will exact the payment of the fee secure to him when the work under this law is performed.

Commissioner of Slave Statistics
for St. Mary's county.

"FLOUR OF BONE."

We will give a *money* guarantee of the *purity* of this article. It is pure *unadulterated animal bone*, reduced to the *fineness of flour*, which adds 100 per ct. to its value. It is as *quick* and *active*, as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of of valuable elements. We recommend 250 lbs. to be used in place of 800 lbs. Super Phosphate or dissolved bone.

WALTER H. S. TAYLOR,

Agent and Attorney,

WASHINGTON, D. C.

AFTER a service of nearly twenty-five years as a Military Accountant in the Third Auditor's Office of the Treasury of the United States, where he was Chief of the Quarter Masters' Division, and of the Division on Claims (which comprehends all the others) now offers his services to the public, as an Agent and Attorney.

He will undertake the prosecution, prosecution, and collection of claims upon the Government, of any description whatever. He thoroughly understands the preparation and audit of claims of States, Cities, Counties and individuals, for advances and supplies to Troops prior to their muster into the service of the U States, for supplies furnished or taken for Troops in said service, and for horses, and other property lost, captured, or destroyed in the military service of the U States. In these branches of business, he was almost exclusively engaged, for more than fifteen years.

To all Quarter-Masters, Commissary, Ordnance, Engineer and Medical Officers, he offers his services for such a preparation of their accounts, as will greatly facilitate their passage at the Treasury. To any and all, who may think fit to avail themselves of his assistance in these, and in fact, all military claims and accounts, he offers an intimate practical knowledge, and an experience, as to time, possessed, he believes, by no one else in the Country.

He will also attend to the purchase and sale of lands in Maryland, Virginia, and the Southern States, the sale, or rent of property, in the District of Columbia, and to any business requiring the services of an Agent.

He conceives himself well enough known throughout the country, as to render unnecessary particular references, as to character and capacity. Address

General Agents for Company.

The very extended use of this guano throughout the country renders it unnecessary for us to say more this season, than that its *composition* and *quality* are precisely the same as that heretofore sold by us for the Company.

We have sold this Guano from the beginning under a regular system of rigid inspection, at an expense to the Company of many hundreds of dollars annually. This is done for the *protection* alike of the *consumer* and the *Company*, as it is manifest to all who understand the trade in fertilizers, that it can not be safely conducted on any other principle. The importance and extent of the trade demands this protection.

We are prepared to exhibit Dr. A. Snowden Piggot's *certificate of inspection* for every cargo sold. Consumers must observe the name of John S Reese & Co, branded on the bags, none other genuine.

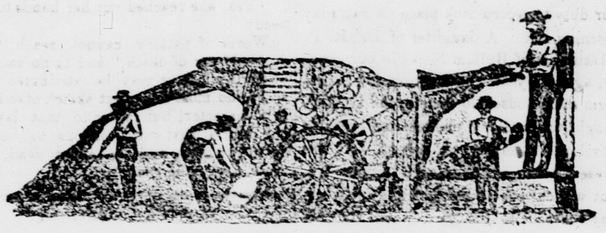
Here is the Machine for the Farmers.



Farmers, Look at the Great Advantage in Threshing Grain

WITH GEISERS PATENT,

SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER

AT a time like the present, when labor is scarce, it is important that Farmers, who are interested, should pay attention to improvements in machinery which considerably reduces the expense of Threshing Grain, over any machine now in use. It is peculiarly adapted to its work and can be attached to any Horse Power. It cleans the grain thoroughly by one operation, which is not accomplished by any other machine. Grain cleaned by this machine, which combines simplicity, ease, power, is worth one or two cents per bushel more than if cleaned by other machines.

It will clean ready for market wheat from [illegible] of five bushels three hundred bushels of wheat per day and bags it ready for market. The machine is now on exhibition at the Mills of [illegible] one term of St. Mary's Circuit Court.

The Thresher machine is conveniently arranged for [illegible] and is fitted on two wheels, and is fully warranted.

ALSO, Bailey & Pond's [illegible] Horse-Power; STRAW and FODDER CUTTERS, [illegible] CORN SHELLERS, of various kinds; GRAIN DRILLS, with Seed and Grass attachments; *HOMINY MILLS; PLOWS* of various kinds; *GUANOS* and other *FERTILIZERS*, &c.
