Blake's Patent Fire and Weather-proof Paint or Artificial Plate.

THE undersigned notifies the citizens of this city that he has introduced the above painting of roofs, or other parts of buildings which is desirable to secure from fire or water, and is ready to receive and execute all orders in his line.

Specimens of his painting may be seen at his room, No. 8, Bates's building, and it may be shortly seen on the roof of the State Bank and other buildings. As this paint when properly applied, renders a roof or other substance as permanently secure as if covered with slate, persons designing to build are requested to call.

I expect to apply it with entire success to shingle roofs, as a substitute for new shingles, or for preventing leaks. The roof of the new "Burnet House," in Cincinnati, is to be thus painted.

My terms will be as low as the prices at Cincinnati.

K. W. TOWNSEND.
