THE PRINCE OF ADVERTISERS.—Not many papers which come to our Editorial sanctum that do not contain the advertisement of Hembold, the great "Buchu man," of New York. Beginning life a poor boy, he has risen to the position of one of the most extensive dealers in drugs and medicines in New York, by his perseverance under the most discouraging circumstances, and the free use of printers' ink. We have seen it stated that his expense for advertising for the year 1866, will not fall short of $150,000. He has the utmost faith in its benefits, or he would not venture such a fortune, which to many, seems like "throwing money to the winds;" but far differrent with him. He says he knows he will reap his money back, with more added. Advertisers and all others should give this suggestion a thought.—*Daily Times, N. Y.*

A GOOD SIGN.—According to the experience of old men, who draw their knowledge from the great book of Nature, backed by experience, it is evident that the coming season will be a fruitful one. According to immemorable tradition, if the snow of March cluster to the boughs of trees, it is a sure sign that the fruit trees will yield a bountiful harvest. We have noticed the storms of late, and find that the snow remains in the thick coatings on the trees; therefore, if the sign fails not, we shall be blessed with a plentiful supply of fruit. We suppose the late frosts have something to do with it, but it is more than probable that the March sign governs the May frosts.

RELIGIOUS—There will be services in the Lutheran Church next Sunday morning and evening, at the usual hour, by the Pastor, Rev. J. Q. McAttee.

ONE dollar looks like a very little sum to pay for a preparation that will effect such wonders as are always achieved by "Barrett's Vegetable Hair Restorative," now so popular throughout the entire country. Let no one be without it. This is the only hair preparation that received the "first premium" of a silver medal at the State Fair in 1866.—*Manchester (N. H.) Union.*

—The Vicksburg negroes are developing great business talent. One of them recently called upon a debtor, gave him five minutes to settle his account, and when that time had expired, shot him dead.

MUSHROOM PERFUMES.—Of the swarm of inferior perfumes got up to compete with Phalon's "Night-Blooming Cereus," scarcely even the memory remains. They are literally forgotten, while the sales of that *ne plus ultra* of all fragrance constantly increases.—*Winsted Herald.*

THE NURSERY.—This little monthly magazine for youngest readers, for April, has been received. It cannot fail to please all its little readers. It is the best magazine, for children, published, and should be in every family. Price 1,50 a year. Address Jno. L. Shory, No. 15 Washington st., Boston, Mass.
