WALTER H. S. TAYLOR,
Agent and Attorney,
WASHINGTON, D C.

AFTER a service of nearly twenty-five years as a Military Accountant in the Third Auditor's Office of the Treasury of the United States, where he was Chief of the Quarter Masters' Division, and of the Division on Claims (which comprehends all the others,) now offers his services to the public, as an Agent and Attorney.

He will undertake the preparation, prosecution, and collection of claims upon the Government, of any description whatever. He thoroughly understands the preparation and audit of claims of States, Cities, Counties and individuals, for advances and supplies to Troops prior to their muster into the service of the U States, or supplies furnished or taken for Troops in said service, and for horses, and other property lost, captured, or destroyed in the military service of the U States. In these branches of business, he was almost exclusively engaged, for more than fifteen years.

To all Quarter-Masters, Commissary, Ordnance, Engineers and Medical Officers, he offers his services for such a preparation of their accounts, as will greatly facilitate their passage at the Treasury. To any and all, who may think it to avail themselves of his assistance in these, and in fact, all military claims and accounts, he offers an intimate practical knowledge, and an experience as to time, possessed he believes, by no one else in the Country.

He will also attend to the purchase and sale of lands in Maryland, Virginia, and the Southern States, the sale, or rent of property, in the District of Columbia, and to any business requiring the services of an Agent.

He conceives himself well enough known throughout the Country, as to render unnecessary particular references, as to character and capacity. Address

JOHN S REESE & CO.
General Agents for Company.

The very extended use of this guano throughout the country renders it unnecessary for us to say more this season, than that its *composition* and *quality* are precisely the same as that heretofore sold by us for the Company.

We have sold this Guano from the beginning under a regular system of rigid inspection, at an expense to the Company of many hundreds of dollars annually. This is done for the *protection* alike of the *consumer* and the *Company*, as it is manifest to all who understand the trade in fertilizers, that it can not be safely conducted on any other principle. The importance and extent of the trade demands this protection.

We are prepared to exhibit Dr. A. Snowden Piggot's *certificate of inspection* for every cargo sold. Consumers must observe the name of John S Reese & Co., branded on the bags, none other genuine.

"FLOUR OF BONE."

We will give a *money* guarantee of the *purity* of this article. It is pure *unsteamed, unburnt bone*, reduced to the *fineness* of *flour*, which adds 100 per ct. to its value. It is as *quick* and *active*, as acid *dissolved bone*, hence its value is vastly greater, because it contains neither acid nor water, which necessarily add weight, and reduce the quantity of of valuable elements. Here is the Machine for the [illegible]ers.

Farmers, Look at the Great Advantages in Threshing Grain
WITH GEISERS PATENT,
SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER.

AT a time like the present, when labor is scarce, it is important that Farmers, who are interested, should pay attention to the above improvement, which considerably reduces the expense of Threshing Grain, over any machine now in use. It is peculiarly adapted to its work and can be attached to either belt or iron rod Powers. It cleans the grain thoroughly by one operation, which is not generally done by any other machine. Grain cleaned by this machine, which contains much light, filthy matter, is worth one or two cents per bushel more than if cleaned in the common way.

It will clean ready for market with from six to eight hands and with four or five horses three hundred bushels of wheat per day and double this quantity of oats. The machine is now on exhibition at Mr. Moor's Hotel and will remain in Leonardtown until the June term of St. Mary's Circuit Court.

The above machine is conveniently arranged for hauling, being permanently fixed on two wheels, and is fully warranted
