HALE & CO., CRITERION STORE.

"And Still the Work Goes Bravely On!"

Each week proving more positively than the previous one that human nature is the same wherever found, and RIGHT PRINCIPLES, COUPLED WITH SOUND BUSINESS TRAINING, will overcome all the obstacles presented by the unscrupulous tricks of panic-stricken competitors.

☞ WE ARE PLEASED TO ANNOUNCE

—THAT—

Last Week Was the Most Successful

OF THE SERIES THAT HAVE PASSED SINCE WE OPENED IN SACRAMENTO,

—AND—

Our sales were larger

THAN DURING ANY PREVIOUS WEEK.

For this our thanks are due to those who have taken the time to call and examine our goods, prices and methods; for we know that **if all those who are doubtful of us would make the effort and visit us, we would very shortly have the largest trade in our lines of goods** that the most sanguine business man could conceive possible in Sacramento.

☞ WE DO NOT RELY UPON ADVERTISING TO FURNISH US WITH CUSTOMERS,

But we merely desire by advertising to let the public know that we are here, and keep them informed of what we are doing—then if they see fit to pay us a visit, we feel assured they will not be slow to notice how differently we proceed, as compared with those who have gone before us.

WE AIM TO MAKE OUR HOUSE

—A—

☞ BEE HIVE! ☜

In so far that there ARE AMONG US NO DRONES, whose purpose seems to be to watch customers and do nothing; we go upon the American basis of every man "putting his shoulder to the wheel!"

We have no "RED TAPE," to make our customers feel that if they wish to purchase from us they must submit to a course of senseless machinery through which their purchases must pass before reaching them.

WE HAVE NO SALESMEN WHOSE SOLE OBJECT IS TO RUSH HIS CUSTOMER through his hands at the speed of a lightning express, lest the salesman next to him should possibly get one customer more than he.

In fact, we have not imported into our business a lot of FOREIGN CLAP-TRAP, to awe the minds of those who are set down by some of our competitors, as "the ignorant public."

We believe in serving the Sacramento public in an American manner, though with a cosmopolitan spirit, and, as a result, we are determind that—

AS EVERY MAN OR WOMAN HAS A RIGHT TO INVESTIGATE BEFORE INVESTING HIS OR HER MONEY, WE WILL SHOW THE STRICTEST ATTENTION TO ALL WHO MAY DESIRE TO EXAMINE AND PRICE OUR GOODS, AND WE WILL ASK OF THEM NOT TO PURCHASE ONE CENT'S WORTH UNTIL SATISFIED OF OUR ADVANTAGES.

WE WILL NOT BORE ANY WHO MAY VISIT US, BUT WILL SERVE THEM CAREFULLY AND QUIETLY, DOING EVERYTHING IN A REASONABLE MANNER, AND CAUSING VISITORS NO UNNECESSARY DELAY.

AS OUR SALESMEN ARE NOT JUDGED BY THE AMOUNT OF THEIR SALES, BUT BY THEIR CAREFULNESS AND RELIABLE ACTION, IT IS THE SALESMAN'S SOLE OBJECT IN OUR HOUSE TO SUIT THE PURCHASER, OR TO GIVE PROPER ATTENTION TO THOSE WHO MAY NOT BE BUYING BUT MERELY INVESTIGATING.

THAT EVERYONE MAY BE TREATED IN A MANNER EQUALLY JUST, GETTING AT THE SAME TIME ALL THAT THE GIVEN SUM OF MONEY WILL BUY, WE WILL EVER CONTINUE TO ADOPT FOR OUR BASIS OF ACTION THE PRINCIPLE OF SELLING STRICTLY FOR CASH, ASKING ONLY THE PRICE WE WILL TAKE, AND NEVER ALLOWING OURSELVES TO BE UNDERSOLD.

General Land Office Decision.

WASHINGTON, October 28th.—The acting Commissioner of the General Land Office today rendered a decision sustaining the action of the Marysville (Cal.) Register and Receiver in the matter of the application of A. C. Ford to enter under the law of June 15, 1880, the land embraced in his homestead entry of December, 1879, during the pending of a contest of Thos. Gohrman for the cancellation of said entry, on the ground of abandonment. The acting Commissioner in rendering this decision announces the following important construction of the two apparently conflicting laws for the relief of the homestead settler, which were enacted at the last session of Congress: He rules that when a person has commenced a proceeding for the cancellation of a homestead entry in order to avail himself of the privileges and rights secured by Section 2 of the Act of May 14, 1880, he has acquired such an adverse standing and interest as will prevent the contestee from making payments under the Act of June 15, 1880, for the land embraced in the homestead. Or, in other words, that the right of entry conferred by the last mentioned Act is confined to cases wherein the United States and the applicant to purchase are the only parties interested.

Indian Affairs on the Texas Border.

SAN ANTONIO, October 28th.—General Grierson telegraphs from Fort Frittman that between forty and fifty Indians from the Mescatuva Apache Agency, New Mexico, got as far south into Texas as Sierra Diablo, evidently with the intention of assisting or joining Victorio, but were headed off and turned back by troops from Eagle Springs and around the Guadaloupe mountains, the troops pursuing the Indians through the Sacramento mountains. Cavalry along the Rio Grande are actively scouting and watching for the warriors of Victorio's band not killed by General Terrasas.

Requisition from North Carolina.

CHICAGO, October 28th.—The *Inter-Ocean's* Washington special says: There is a Sheriff here from North Carolina to get Samuel L. Perry, the colored man who led the negro exodus from North Carolina. This officer has a requisition which claims that Perry is wanted for forgery. Perry has a deadly fear of North Carolina justice, and of the Sheriff, whom he identified as Bagley, a man who some years ago killed nine negro prisoners, cutting their throats and throwing their bodies into a river. Perry will probably not go.

Shocking Accident—Two Men Killed.

CINCINNATI, October 28th.—This forenoon at the Public Library building, two painters—Charles Throop and Henry Munn—were on a scaffold at the cornice, eighty feet above the sidewalk, when the hook broke, and the two men were thrown to the ground. Gilder, Captain William Arthur of the Royal Navy, and Hon. Isaac I. Hayes.

The Talbot Murder.

ST. LOUIS, October 28th.—The examination at Marysville, Mo., yesterday and today, for murdering Dr. Talbot, husband and father, on the night of September 19th, resulted in the committal of the two sons and the hired man without bail, and finding Mrs. Talbot accessory.

At Plymouth the brig John May, from Bull River, S. C., for Friedrickstadt, drove alongside of the batten breakwater this morning and remains there. Captain Mitchell was drowned while endeavoring to get ashore on the breakwater.

At Bradford there was a heavy rain and snow-storm, and railroad traffic was impeded.

At Oldham there was a heavy snow-storm.

At South Shields there was a heavy sea. Fishing boats were unable to go out and ships put back to harbor.

In Sussex the low-lying lands present a series of lakes, while in Warwickshire the waters in some places extend as far as the eye can reach. Hundreds of acres are submerged, roads under water and traffic much interrupted. At Sirly last evening the barometer fell to 28.60.

The estimates for 1881 promise a surplus which will render 14,000,000 marks available for the remission of Prussian taxation. A transfer of private railways to the State has been effected. The finances and traffic of the Land League will be called on to co-operate in carrying out economic reforms for the whole empire.

The Kurd Invasion of Persia.

TEHERAN, October 28th.—It is said that the Kurds are firing into the town of Uramijial, Northern Persia. The town of Khoi, in the same province, is also threatened. Another body of barbarians destroyed Mahmudjet, two miles from Sainkelah. The reinforcement of Persian troops on the way from Teheran are a week's journey from Sainkelah.

MESHED, October 28th.—Twenty thousand Kurds, under Shiek Abdullah, are advancing on Tabriz, and are now at Maragha. They have massacred the entire population of So-uj-Kolak. The garrison of Tabriz is only 2,000 strong. Reinforcements of 7,000 men, and twenty guns, with five Austrian officers, under command of an uncle of the Shah, have been hurriedly sent from Teheran. The first Kurd division evaded the Tabriz troops, and has gone south, in the direction of Hamadan. The Teheran division has gone to encounter it. The Kurds occupy 3,000 square miles of Persian territory.

Advices from France.

PARIS, October 28th.—The journals here have been discussing the speech of Floquett, the Radical Deputy at Valence, and the mouthpiece of Gambetta. Judging from the tone of the speech, Ferry must not depend upon longer quiet during his term of office, and the reassembling of the Chamber of Deputies will be the signal for his fall.

Austria and the Porte.

PESTH, October 28th.—In the Budget Committee of the Hungarian delegation to-day, Baron Von Haymerle, replying to a question, said that if after the settlement of the military details connected with the surrender of Dulcigno, after the withdrawal of the Turks, Montenegro should not have occupied the debated territory within a certain short period, the naval demonstration would cease and Austria would not participate in any steps which might lead her into further complications against the Porte.

WE find General Hancock shooting in one direction and voting in another. I think the conflict is irrepressible. He fought against secession, he votes for it. He fought against State sovereignty, he votes for State sovereignty. In 1867, sent down to New Orleans to supplant General Sheridan, the first act in his career was an attempt to abolish an Act of Congress. Congress had declared that there were no State governments in these States. Hancock declared by his orders that the State governments must prevail. Congress declared that there was no adequate protection for life or property. Hancock declared that protection for life and property were complete. Congress declared that the men engaged in the rebellion should be disfranchised. Hancock turned over the registration of the voters to the very men whom the Act of Congress had declared should not vote at all.
