ONLY 350 ACRES

Remaining Unsold of the Hickey Tract, Two Miles East of Loomis, Surveyed and Subdivided into 20-acre Tracts.

THE SOIL IS DEEP AND RICH, IS MOSTLY cleared, which alone costs from $15 to $30 per acre, consequently adding that amount to these lands, aside from time required in clearing, the land being ready to cultivate. That portion uncleared has but little underbrush. The wood will pay expense of clearing. Mostly level; no waste land; every acre can be utilized; several springs in various parts of the tract; all can be brought under irrigation, the ditch adjoining the land, although the trees in this vicinity do better without it, owing to the richness of the soil. Price, $30 to $50 per acre, according to choice. Terms, one third cash; deferred payments, 6½ per cent. per annum. Mr. Thomas Chatfield, the owner, is always upon the land, and will take pleasure in taking the intending purchaser to and from the depot at Loomis. The earliest fruits this year were produced in this vicinity.

Lands in all parts of Central and Northern California for sale. Send for Catalogue.

DOMESTIC NEWS.

Proceedings in Congress.

WASHINGTON, July 12th.—Under the call of States the following bills, etc., were introduced and referred:

By Mr. Wheeler of Alabama—Declaring it to be the sense of the House that Congress should not adjourn until it has enacted a law appropriating a portion of the surplus money in the treasury to assist the States in the great work of education.

By Mr. Robertson of Kentucky—Appropriating $10,000 for the erection of a granite shaft to mark the birthplace of Abraham Lincoln.

By Mr. Lovering of Massachusetts—To abolish the importation of Italian or other laborers under contract, and held to involuntary servitude in the United States.

Mr. Voorhees of Washington Territory, from the Committee on Public Lands, reported a bill permitting all persons who have lost homestead rights to make new entries.

The Committee on Appropriations recommends that the amendment relative to the publication of the records of the war of the rebellion and providing that evidence taken by the Court-martial on the trial of Fitz John Porter, together with the report thereon by Judge Holt to President Lincoln, shall be printed in connection with the matter already printed concerning the proceedings of said Court-martial. The Republicans desired to concur in the Senate amendment without further amendment, and a motion to this effect having been defeated, they manifested some disposition to filibuster, but finally allowed the recommendation of the committee to be agreed to, with the understanding that an aye and no vote should be taken upon it in the House.

The Senate amendment increasing from $4,000 to $5,000 the salaries of the Commissioners of Pensions and Patents was concurred in.

The consideration of amendments was completed in Committee of the Whole, but pending action by the House an adjournment was taken.

In the Senate a bill was passed to credit the State of Oregon with $32,386 for ordnance and ordnance stores.

Among bills which were objected to and which went over without action was the following: To equalize the bounties of soldiers, sailors and marines of the late war (Logan's bill).

The Senate then resumed consideration of the river and harbor appropriation bill, the pending question being on the Hennepin Canal and Michigan and Illinois Canal amendment. Agreed to—yeas 31, nays 22.

In the Senate an amendment to the item of $40,000 for improving the Sacramento and Feather rivers, California, was to strike out some lines directing legal proceedings to prevent the washing, sluicing, dumping or discharging debris caused by hydraulic mining. This was discussed at some length by Stanford, Hearst, Dolph, Edmunds and Ingalls. Stanford and Hearst favored the amendment of the lines proposed to be struck out, while Edmunds contended that Congress had no power to legislate as to these rivers, as the State of California had exclusive jurisdiction over them. Stanford explained that if this practice of dumping debris into the Sacramento was not prevented the harbor of San Francisco would be ruined, and he asked whether the General Government had not the right to interfere and prevent it. No vote was had on the amendment, but McMillan gave notice that he would ask the Senate to dispose of the bill to-morrow.

Mexican Pension Bill Passed.

WASHINGTON, July 12th.—In the House to-day the bill granting pensions to soldiers and sailors of the Mexican war having been reached on the calendar, an objection was made to its consideration by Mr. Morrow, when it was urged by Mr. Wilson of Iowa, and a statement by Harris that no Democratic Senator would consume any time in discussion, the objection was withdrawn. The bill was then considered and passed.

The bill as passed directs the Secretary of the Interior to place on the pension roll the names of surviving officers and enlisted men (including marines, militia and volunteers who, being duly enlisted, actually served sixty days with the army or navy of the United States in Mexico, or on the coasts or frontier thereof, or on the routes thereto, in the war with that nation, or who were actively engaged in battle in said war and were honorably discharged) or their surviving widows. It provides only for such widows as have not yet married, and provided that every such officer, enlisted man, or widow who is or may become sixty years of age, and who is or who may become subject to any disability or dependence equivalent to some cause recognized by pension laws as a sufficient reason for an allowance of a pension, shall be entitled to the benefit of the Act: except where such disability or dependency was incurred in aiding or abetting the late rebellion. Pensions are to be $8 per month, payable only after the passage of the Act. The law is not applicable to persons already receiving pensions at or over that rate, and where persons (entitled under this law) are already receiving pensions less than $8 per month, their pensions shall only be $8.

Postmasters for California.

WASHINGTON, July 12th.—The following Postmasters have been appointed for California: R. H. Lewis at Byron, Contra Costa county; Mrs. P. C. Murphy at Concord, Contra Costa county; J. C. Hale at Knoxville, Napa county; T. J. Davis at San Emigdio, Kern county; A. C. Miller at Suisun, Solano county; H. W. Bishop at Belmont, San Mateo county; John D. Perkins at Ione, Amador county; E. M. Comstock at Tallac, El Dorado county.

Watts Pardoned.

WASHINGTON, July 12th.—The President to-day notified Congressman Morrow that he has pardoned William Watts, of California, who was under sentence for beating and wounding a sailor.

Hoadly for the Cabinet.

WASHINGTON, July 12th.—Among the current gossip is a rumor to the effect that any changes in the Cabinet will be likely to bring ex-Governor Hoadly, of Ohio, to the front. Ohio Democrats say that when Cleveland last year induced Governor Hoadly to be a candidate for re-election, against his own wishes, he held out this idea to him.

Redding and Bieber Mail.

WASHINGTON, July 12th.—Congressman Morrow to-day received from the Postoffice Department a copy of an order establishing a daily mail service between Redding and Bieber.

The Political Guillotine.

WASHINGTON, July 12th.—From official reports on file at the White House, it appears that up to date the President has sent to the Senate 2,427 nominations. Of this number the Senate has rejected only seventeen.

Money Thrown Away.

WASHINGTON, July 12th.—Senator Warner Miller thinks that the influence of Reall, the man engineering the oleomargarine bill, is unnecessary to secure the passage of the measure, and that every dollar which has been contributed to push the bill through Congress has been thrown away. Not a single cent of it was necessary. The farmers and dairymen who have put up money have simply been mulcted by Reall.

Against Hydraulic Mining.

WASHINGTON, July 12th.—In the Senate to-day the Senate bill to prevent obstructive and injurious deposits within the harbor and adjacent waters of New York city, by dumping or otherwise, was taken up at the request of Miller and passed on motion of Hoar.

What Shall Congress do with the Surplus Coin?

WASHINGTON, July 12th.—By the action of the House on Friday last, the special order for to-morrow is the joint resolution by Morrison to apply the surplus in the Treasury, in excess of $100,000,000, upon the payment of the interest-bearing debt in sums not less than $10,000,000 per month. The present surplus is about $175,000,000 after retaining $100,000,000 to hold greenbacks steady. There would be under this resolution $75,000,000 to be applied toward extinguishing the public debt. There is a strong sentiment in the House, on both sides, in favor of the proposition to reduce the surplus and the debt. Opinions differ, however, as to where the safety line should be drawn.

The Eastern Turf—Ashe's Binnette Breaks a Record.

CHICAGO, July 12th.—This is an extra day's racing. The weather is good and the track fair. The attendance is not very large, owing to the want of some crack horses starting.

The first race was a purse event for two-year-olds, dash of six furlongs. There were nine starters, and Sunbeam won, Alleghany second, Truant third. Time, 1:17¼.

The second race was a dash of seven furlongs, with eight starters. Warranton won, Cuban Queen second, Nora M. third. Time, 1:28¼—fast. The best time on record is 1:27½.

The third race was a dash of one mile and a quarter. There were twelve starters, among them Porter Ashe's Binnette and Johnson's Jim Douglas—California horses. Binnette won in 2:07½, breaking the record one-quarter of a second, Jim Guest second, Buchanan third.

BRIGHTON BEACH, July 12th.—The three-quarters of a mile, Marsh Redon won, Burgoman second, Belle B. third. Time, 1:17¼.

The next, three-quarters of a mile, Biscuit won, Lord Coleridge second, Huron third. Time, 1:17½.

The selling race, seven-eighths of a mile, Emmet won, Beaconsfield second, Brunswick third. Time, 1:30.

The purse stake, three-quarters of a mile, Bill Brien won, Frolic second, Hazard third. Time, 1:16½.

July Cup, all ages, three-quarters of a mile, Barnum won, Nettie and Compensation third. Time, 3:08¾.

Selling race, one and one-eighth miles, Ernest won, Malaria second, Woodflower third. Time, 1:57¼.

The attendance was very large. The sensation of the day was the winning of the fourth race by Bill Brien, who paid to his backers $341 10 for $5.

Forecasts for To-day's Races.

NEW YORK, July 12th.—The forecasts for Monmouth Park to-morrow are: First race—Portland first, Fletch Taylor second. Second race—Oneka first, Queen Elizabeth second. Third race—Herbert first, Florence E. second. Fourth race—East Lynn first, Walter H. second. Fifth race—McBowling first, Phil Lewis second. Sixth race—Palonca first, Sandoval second.

The forecasts for Chicago to-morrow are: First race—Pearl Jennings first, Billy Gilmore second. Second race—Mollie McCarthy's Last first, Clonee second. Third race—Lizzie Krepps first, Jim Gore second. Fourth race—Ailee first, Virgie Hearne second. Fifth race—Beaconsfield first, Modesty second.

The California Trotter, Arab.

PITTSBURG, July 12th.—The great California gelding, Arab, is stabled at the Driving Park, and is slowly getting on edge. His fastest mile, so far, has been in 2:25, but he goes so easily and his gait is so clean and frictionless that experts are inclined to think that a great deal faster time than that must be made to beat him. Arab will start first this season in the 2:17 class, at Detroit, and will come down the circuit. Before long he and Harry Wilkes will trot against each other in a match. Hickok says about St. Julian, the old king: "He's in a paddock near Santa Rosa, Cal., and has not done with the track yet. He can trot his mile in 2:15 to-morrow."

Transcontinental Pool Matters.

NEW YORK, July 12th.—Again rumors of the speedy settlement of the transcontinental pool troubles are being industriously circulated among railroad men and shippers. The only foundation for these rumors seem to be to-day's meeting of the Directors of the Pacific Mail and of the Panama Company, to confer about their regulations. It is now definitely known that Huntington offered the Pacific Mail people $85,000 as a monthly subsidy, but it was not to go into effect for two months, for the reason that no freight for California was offering, or likely to offer. This proposition was emphatically refused, the Pacific Mail demanding that the subsidy be paid at once.

Gilder's North Pole Trip.

NEW YORK, July 12th.—Lieutenant Greely, the *Herald* representative, will start this evening on an exploring expedition of the unknown regions to the north of the American continent. He will take passage at New London, Conn., on the northern whaler Erie, which will lay him on the Cumberland inlet, where he hopes, by a bold dash, to reach the most northern latitude yet touched, and if possible plant the American standard on the North Pole. Colonel Gilder accompanied Lieutenant Schwatka in his search for the remains of the Sir John Franklin expedition. William Griffiths is the only white man who accompanies him. Gilder will take with him a number of firearms and provisions for one year. They propose to live principally on fish and game. Gilder expects to find an open sea to some extent, but not navigable.

Diseased Fruit in the East.

NEW YORK, July 12th.—The *Times* says: "The peach season has opened in Delaware, Maryland and New Jersey, with prematurely ripened fruit. This fruit comes from diseased trees, and as the trees from which they come are unhealthy, the fruit itself can hardly be wholesome. Most of the fruit that will come this week from Delaware will be from diseased trees of very early varieties, such as Early Alexanders, June, Early Beatrice, Early Louise, Early Rivers, and Hale's Early. None of those varieties of peaches are very desirable, and diseased fruit from them should never be allowed to be sold in the market. Doubtless much of it will be wholesaled for not more than 75 cents per basket.

Proposed Consolidation.

NEW YORK, July 12th.—An old city reform idea, much discussed anterior to the civil war by local statesmen, has been revived in some of the magazines and daily journals, namely, the consolidation of New York, Kings, Richmond and Westchester counties, into one and the same municipality under the name of the City of Manhattan. The scheme has for its purpose the reduction of taxation and the securing of more efficient administration by consolidating the several disjointed governments into one.

Tanners on a Strike.

NEW YORK, July 12th.—The *Post's* Boston special says: Four thousand tanners in Salem and Lynn struck this morning, in consequence of the refusal on the part of employers to grant shorter hours. It is the largest strike that has ever taken place in New England. Great excitement prevails in the leather markets here to-day because of an order from Salem and Lynn to sell no more leather until the strike is settled.

The Imprisoned American Released at Last.

EL PASO, July 12th.—Depot agent Merkley, of Chihuahua, Mexico, about whom so much has recently been said concerning his arbitrary and unjust incarceration for striking a native, has at last been released from prison. He was set at liberty yesterday on a bond of nearly a thousand dollars. He had been in the extremely filthy prison at Chihuahua for several weeks, and while demanding either a trial or the privilege of bail every day, he was constantly refused, until at last the authorities saw that the prisoner had suffered sufficiently, bodily and mentally. Mexican justice to Americans is like the wrath of God—it cometh slowly.

A Raid on Gamblers.

LONG BRANCH, July 12th.—The police authorities raided Philip Daly's Pennsylvania Club again at midnight last night. Daly and five players were arrested. Employes of the house were made prisoners, and in the scuffle officer Amos Earle received a terrible blow on the head. Officer Henry Seable had his club taken from him. Daly was released on his own recognizance, to await examination. John Daly's clubhouse on Ocean avenue was also raided. The proprietor was bailed.

A Commissioner in Trouble.

NEW YORK, July 12th.—Commissioner of Public Works, Rollin M. Squire, has been notified by the Commissioner of Public Accounts that if he does not produce the books and papers of his department, including the pay-rolls, he will be arrested for contempt. At the same time there are reports at the City Hall that in the course of the coming week there will be many removals in the department in the interest of economy. Several bureaus are to be cut off altogether, and a large reduction made in the clerical force of those that will be allowed to remain. It is believed, however, that this is a spasmodic attempt at reform, because Squire is thoroughly alarmed at the coming investigation. It is asserted that an examination of the books will show glaring frauds and discrepancies.

A Horrible Deed Committed Through Jealousy.

PITTSBURG, July 12th.—Some time ago the wife of John M. Duvall, living at Mount Washington, obtained a divorce, and, on the same day, married Jacob H. Jones. Duvall made no objection to the marriage. This evening Duvall went to Jones and invited him, on pretense of a friendly visit, to his house, which stands near the brow of the hill. In a stroll about the premises, Duvall led Jones back of an old barn, which stands near by, and when safe from observation seized a can of vitriol, which he had concealed there for the purpose, and threw the liquid in the face of his victim, who was totally disarmed by the apparent friendship of Duvall, and went unprepared for such a murderous onslaught. Jones fell to the ground writhing in agony, while his assailant stood by and gloated over his horrible work. After watching the sufferings of Jones until satisfied, Duvall went to the edge of the cliff, where there is a steep descent of 200 feet, and, shooting himself through the head, fell headlong to the bottom. He was picked up and carried to a house near by, where he is still lying insensible, with no hope of recovery. Jones is in a very serious condition, and if he recovers he will be badly disfigured and totally blind.

A Railroad Sold.

DENVER, July 12th.—The property of the Denver and Rio Grande Railway Company was sold to-day by Louis H. Meyer and John R. Stewart, Trustees of the consolidated mortgage, who had been appointed special Commissioners. The property was purchased by George Coppell, Arnold March, Robert B. Milburn, Theodore H. A. Tromp and John J. Hadiger, for $15,000,000. This bid was in reality a nominal one, as the property was purchased for the benefit of the bondholders and stockholders.

What the British Conservatives Propose to Do.

LONDON, July 12th.—Negotiations between Lord Hartington and Salisbury are in progress. It is reported that Lord Hartington has pledged himself to support Lord Salisbury's local government bill and to reject all approaches of Mr. Gladstone. If Mr. Gladstone remains in office, the first wave of the Unionists will be a vote of shadowing the Conservative policy. Beach said that the first measures would be to suppress the Irish National League and suspend the Irish obstructionists.

Still Fighting the Battle of the Boyne.

DUBLIN, July 12th.—An Orange soiree was given in the Rotunda this evening and was attended by 2,000 persons. The hall was guarded by the police. Thousands of Nationalists surrounded the building, and many placards were posted with the inscription: "We will pay your Orange dogs in Irish coin one long debt, which Ireland owes all braggarts of the Boyne."

At Armagh Major Saunders presided over a gathering of 2,000 enthusiastic Orangemen. There was afterward a procession, the route of which was lined by 600 police and soldiers. Business was suspended.
