MARYLAND LIVE
INSURANCE COMPANY.

THE progress of Life Insurance in the United States moves this great crowning triumph of modern science and philanthropy to become one of the marvelous features of our social economy.

The prudent of all ages has devised nothing that compares with it. It is so manifestly good, that it is difficult to see why an intelligent man, with proper concern for the comfort and protection of his family, can fail to avail himself of its benefits.

Life Insurance leaves ready money to settle estates to advantage. It will prevent a sacrifice of property if a man die in debt. It is subject to no tax during life, not Orphans' Court expenses after death. It is exempt by law from debt. It is rapidly becoming a rule that all men of just attributes insure.

Our Maryland Company commends itself to the confidence and patronage of our people in all parts of the State. Its directors are men of known integrity and ability, to whom the public may look with confidence for a just and careful supervision of its affairs. It must be clear to every intelligent mind that, if we would secure the largest prosperity to our State and people individually, we must build up our institutions and keep our capital at home.

Had the five million dollars sent out of the State annually for insurance been invested at home, it would have told favorably upon our own wealth and commerce. This is emphatically our company—gotten up by our prominent merchants to afford the opportunity for all to insure without sending the money out of our own State. The affairs of the Company are managed with economy.

Such has been our marked success that we were able after the second year to declare and pay in cash as large dividends as the oldest and largest company in the United States. The Company feel greatly encouraged by the patronage and co-operation they have received, and solicit a continuance of the same. The laws of trade, commerce, self-respect and self-interest combine to make this the Company for us.

Now, dear sir, in view of all the advantages of Life Insurance as an investment—the uncertainty of life—the strong claims of wife and children upon husband and father—the uncertainty of business, and all the ordinary forms of investment—is it not the moral duty of every man to put something in a form that will prevent want and distress, or trouble on the part of those he loves?

By all means insure, and do it at once in the Maryland Company. The officers of this Company are:

GEO P THOMAS, President.
A K FORD, Secretary.

BOARD OF DIRECTORS:

Hamilton Easter,	Geo H Hilner,
Allen A Chapman,	Thomas Cassard,
Geo P Thomas,	William Devries,
Hugh Nelson,	Charles Webb,

A J MYERS, State Agent.

THE COMPANY REFER TO

Judge Magruder, Judge Ford, Judge Mason, Hon Fred Stone, Barnes Compton and Editor of Beacon.

☞ A J Myers, the State Agent, will be in Leonardtown during the first week of Court to transact the business of the company, and will also insure *property in Baltimore Companies*.
