LOCAL INTELLIGENCE.

Board of Equalization.

At the session of the County Board of Equalization yesterday the Land Grant Committee of the City and County Improvement Association presented to the Board a copy of the report submitted by them to the Association Tuesday evening, and which was published in yesterday's RECORD-UNION. It was read, and, on motion of Supervisor Bates, it was received and ordered on file, and the thanks of the Board tendered the committee for information given by its members and through their report. A number of memorials, numerously signed, were also handed to the Clerk, but no action was taken concerning them. They asked the Board to raise the assessment of the Norris and San Joaquin (San Juan) Grants, and other tracts withheld from settlement, "to a fair and just valuation." V. S. McClatchy and G. W. Hancock, of the committee, addressed the Board relative to the report presented. It was stated that the committee had not endeavored to fix the value of the lands referred to, nor asked others to do so, but held that where a certain sum was offered parties for land in good faith, and the offer was refused, the amount offered should properly be considered the cash value of the property, and the assessment levied accordingly. Members of the Board made remarks showing that they appreciated the efforts of the committee, and promised to give the subject earnest attention. It was also stated that when the assessment of the lands referred to came up to be acted upon, and the parties had been cited to appear, the Board would be pleased to see the committee present. They would also be invited to accompany the Board on a visit to the tracts if personal inspection was deemed necessary.

Boyne, and the latter for battering Ah Lee, went over until the 19th.....Ah Lee (No. 2), who refused to answer the question of the poll tax collector as to his name, was fined $10.....Mrs. M. McDonald was tried for petit larceny, in stealing a book of receipts belonging to Mrs. Brown, a neighbor, but the evidence did not sustain the charge, and she was acquitted..... Thomas Godfrey, for disturbing the peace of Louis Strauss, was fined $50, or fifty days.....Maria Joncas, arrested for exhibiting, forfeited her deposit.....The case of Ah Jim Yung, for burglarizing the room of Ah Fong, was continued until the 20th.

Damage Caused by Mining.

Suit has been commenced in the Superior Court by G. W. Hancock, of this city, through his attorneys, S. C. Denson and R. T. Devlin, against H. S. Byam, for damages in the sum of $23,500, alleged to have been sustained in consequence of the debris from mines near Michigan Bar, of which defendant is an owner, doing great injury to plaintiff's ranch of 400 acres on the Cosumnes river. Plaintiff states that 275 acres of the ranch were rich bottom land, but the debris choked the river channel, causing the stream to overflow at various times. During these overflows it cut deep gullies in the land, and when the water receded a great deposit of sediment was left, which decreased the value of the property one-half. Crops were destroyed, trees washed out and killed, a levee broken, and other damages inflicted.

A Frisky Hydraulicker.

EDS. RECORD-UNION: I am informed, by good authority, that Mr. Hale, at Slug Gulch, has violated the injunction by running the hydraulic on his mining claim. Miss Beebe served the papers as directed by the United States Marshal, and Mr. Hale tore the papers up without reading them, and destroyed the injunction. The old fool thinks that he has not received legal service, has plenty of money and a very rich claim, and will defy the Courts—so he says. I remain, gentlemen, your very obedient servant, E. S. HALL.

Plymouth, Cal., July 13, 1887.

DON'T WASTE THE WATER.—The report made to the Board of Trustees last Monday that over 41,000,000 gallons of water were pumped at the city water works last week indicates that there must be a considerable waste of water going on, as the largest amount pumped in any one week last summer was but 38,000,000 gallons, and that was in September, when it is expected that more will be used than during any other month. The Superintendent of the Water Works has determined to make an investigation to determine who it is that is violating the ordinance relative to the use of city water, and will have all offenders arrested.

EXECUTIVE PARDON.—A pardon has been granted by Governor Bartlett to Robert Mathews, convicted of manslaughter in Lake county in June, 1883, and sentenced to seven years' imprisonment. The Judge, District Attorney and jurors who participated in the case recommended the pardon, and many of the best citizens of Lake county strenuously urged that it be granted.

ARRESTS.—These arrests were made yesterday: Martin Keegan, by officers O'Meara and Able, for battery; C. Hubbard, John Skelton and Louis Elkus, by officers O'Meara and Rowland, for violating ordinance No. 17, relating to streets and sidewalks; Walter Castle, by officer Frazee, for battery; James Leonard, by officers Able and Franks, for mayhem.

THE STATE'S STRONG BOX.—Yesterday the Board of Examiners counted the cash in the State Treasury and found that there was on hand the sum of $1,788,562 63, being a surplus of 66 cents.

NOTICE.—City license and water rates now due, pay on or before the 15th inst. and save costs.

CITY IMPROVEMENT.

Meeting of Two Committees Last Evening for Business.

The Improvement Association Committee on Clear Water Supply for the city met at the office of W. P. Coleman last evening. The committee consists of W. P. Coleman, G. W. Chesley, A. J. Stevens, Captain H. Weinstock, Dr. W. A. Briggs, C. K. McClatchy, H. Wittenbrock, F. Foster, W. E. Chamberlain, A. Walter, Frank Gregory, L. L. Lewis. W. P. Coleman called the meeting to order and resigned the position of Chairman, and L. L. Lewis was chosen to fill the vacancy. C. K. McClatchy was elected Secretary. After an animated and interesting discussion of the different water plans, a motion of Mr. Chesley was adopted to adjourn to next Saturday night at 8 o'clock, then to listen to verbal or written propositions from parties interested in water or filteration schemes. It is the desire of the committee that all parties having plans for supplying Sacramento with water attend the meeting and make known their propositions.

The committee appointed by the association upon street railroad facilities, held a meeting last evening. The members of the committee are: Phillip Scheld, A. Leonard, W. H. Colclough, Charles F. Dillman, E. A. Crouch, H. S. Kirk, L. S. Taylor, and J. F. Richardson. The full committee was present. R. S. Carey, proprietor of the street railway, was also present, by the invitation of the committee. An interesting discussion of street and street railway matters was had. It was found by a comparison of views by those present that a great deal of complaint had been made against the railway company because they did not stop their cars at either crossing of a street when hailed by persons desiring to ride.

It seems that many people have never yet learned that the street cars are not permitted to stop in an intersection of two streets, because the City Trustees have passed an ordinance forbidding it. The theory of course is that stopping cars at intersections of streets is liable to cause collision, but the danger is not very great. At least Mr. Carey expressed himself as willing to take all chances of damages both to cars and other vehicles, if the ordinance be repealed. His road gets the credit of refusing to stop cars at the intersections, he said, when they are prohibited from doing so.

A special committee consisting of C. F. Dillman, A. Leonard and W. H. Colclough were appointed to present the matter to the Board of Trustees and request that the ordinance be repealed.

The committee's attention was called to the fact that street-cars are the only carriers of passengers in this city who are required to pay a license therefor, but no action was taken in relation thereto.

L. S. Taylor, J. F. Richardson and E. A. Crouch were appointed a committee to examine the condition of streets along the line of the street-car tracks and report at the next meeting of this committee. Mr. Carey stated that the street-car owners were at all times willing to do any reasonable thing to put and keep streets along the line of their road in good condition; that they would raise their track at H and Tenth streets if no objection was made, so as to get the street there high enough to drain the water off; that they would gravel between the rails of their track on H street whenever the city would gravel the balance of the street, but that they were not willing to have the grade of that street raised, because it would destroy their track to do so.

Mr. Carey also said they were willing to have O street graded. It could be graded up without injury to them, for the reason that when the City Engineer had given them their grade, he had set their track above the grade of the street four inches.

With reference to the line from K and Second streets to the Art Gallery, Mr. Carey stated that he did not wish to lay down a track himself, but if any citizens would undertake the matter he would give them the use of a car to be run on that line, they to furnish the horses and driver, and that they could run that car over his lines to the depot from K and Second streets free of charge. He also stated that as soon as practicable the street car owners would extend the track from Tenth and K streets to Twentieth, and after that was completed they would extend the three branches out H, K and O streets a few blocks at a time, but each to be kept abreast of the other until Thirty-first street is reached. This will be done as fast as the business will warrant, but they will not attempt specially to boom those streets. They had had enough of experience in that line at East Park. They had tried to boom for two years and lost money on the job.

The committee adjourned to meet at the call of the President.

A Tough Customer.

About 6 o'clock last evening a telephonic message was received at the station-house, stating that there was trouble at the Western Hotel. Officers Able and Franks hastened there, and found a stout-built young man, fighting drunk, intimating his intention to "clean out" the establishment. He was conveyed to the station-house, and during a tussel with him there he got officer Able's left thumb in his mouth and bit it to the bone near the second joint. The officers administered such a choking that he was persuaded to release the thumb, and he was then ironed and put in a cell. Some hours later he stated that his name was James Leonard, and that he was discharged from the Folsom Prison on Tuesday, having been sent to that institution from San Bernardino county. It is not doubted that he is an ex-convict, but the list of discharges from the prison does not include the name he gave, though two prisoners from San Bernardino county were discharged a few days ago. A charge of mayhem has been entered against him. Officer Able is quite unfortunate as regards bites. A few weeks ago, while he was making an arrest, he was severely bitten by a dog, from the effects of which he has scarcely recovered.

Admission Day Celebration.

The committee composed of members of the different Parlors, N. S. G. W., of this county held a meeting last evening. Arrangements are being made for a grand celebration. From present indications it can be safely said that 150 members will attend the celebration at Napa from this county. The Natives are at work with a will, and success is sure to crown their labors. The fact alone of their running a special train, which leaves the city at an early hour on the morning of the 9th and returns home on the morning of the 10th, so that all who go can be here to attend to their business on the 10th, predicts for them a large excursion party. This is a matter that should be assisted by all who are in favor of the "boom," as the young men who are on the committee intend taking a carload of fruit and grapes, and show the large crowd of people at Napa from all over the State the resources of the county.

ADVISORY COMMITTEE APPOINTED.—At a recent meeting of the W. R. C. Home Association, consisting of Elizabeth D'Arcy Kinne, President; Sarah Pratt Carr, Vice-President; B. Jane Russell, Treasurer; Cora E. Babbitt, Secretary; Mary B. Jordan, Lizzie D. Waterman, Sarah J. Farwell, Susie E. Shay and Emma McAulay, the following gentlemen were appointed an Advisory Committee, to act in conjunction with the Lady Board of Managers: Department Commander, E. S. Salomon, San Francisco; N. Cadwalader and C. W. Breyfogle, San Jose; General N. P. Chipman, Red Bluff; John N. Larkin, Sacramento, and A. M. Barrett, Los Angeles. The proposed Home, which is to be erected at San Jose, is for the widows and orphans of the soldiers of the late war.

AN OLD MAN'S ACCIDENT.—About 2:30 A. M. yesterday officers McCormack and McLaughlin found on the street a man named Eli Smith, who said that in walking along he slipped and fell, and thought he had broken his right leg. He was taken to the Receiving Hospital, where the City Physician attended to his injury, and during the forenoon officer Rowland conveyed him to the County Hospital. The injury is liable to be a very serious matter for him, as he is 75 years of age.

AUCTION SALE.—W. H. Sherburn will sell at 10 A. M. to-day, at residence No. 1615 N street, all the household goods, including a gray hair-cloth parlor set, walnut bed-room suite (cost $175;) fine marble-top table (cost $35;) three-quarter walnut bed and mattress; black walnut extension table; dining-room chairs, kitchen furniture, stove and fixtures, carpets, etc.

THE STATE FAIR.

A Bright Outlook for the Approaching Exhibition—Applications for Space.

In addition to the counties that have already been announced to have made arrangements for exhibiting at the State Fair, negotiations are now in progress for exhibits from Shasta, Butte, Colusa, Yuba, Sutter, Placer, Nevada, San Joaquin, Kern, Fresno, Yolo and Napa. The fact that these exhibits are to be forwarded by the State Society to the great St. Louis fair, provided enough counties join to make it creditable to the State, is a sufficient inducement to have every county represented, and they should be. To place such an exhibit as this joint exposition of California products will be on exhibition in the heart of the great Mississippi valley, will do more to advertise our resources throughout the entire East, and turn to us the heads of those we wish to have come among us, than can be accomplished in any other manner.

The outlook for large exhibits by wholesale merchants and manufacturers of San Francisco and Sacramento was never better. These people are beginning to recognize more fully the fact that an exhibition at the State Fair brings to the notice of the people of the interior the goods and mechanical products for which they are the principal purchasers to better advantage than can be done elsewhere. The unexcelled exhibits of live stock and agricultural products made here each year attract a very large attendance of the well-to-do and actual consumers from all parts of the State. This fact in itself makes the State Fair one of the very best mediums of practical advertising that can be availed of by those who desire to find ready market for the agricultural and mechanical products of the State.

Applications for space have already been received from manufacturers and dealers, both of San Francisco and Sacramento, who intend to make displays, the actual cost of arranging which will be from $500 to $1,000.

It is understood that the people of Fresno intend to make, as part of their county exhibit, the grandest display of "banner raisins" ever seen in the United States, and to more than astonish the people of the Eastern and Middle States when their vine products are transferred to the metropolis of the Mississippi valley.

A novel and exceedingly attractive feature of the State Fair will be the attendance of the Veteran Firemen's Association of New York, which will arrive here on Wednesday, September 14th, and remain the 14th and 15th. On the evening of the 14th it is proposed that the celebrated Seventh Regiment (Coppa's) Band, of 60 pieces, in conjunction with Miss Hortense Pierse, prima donna soprano, will give a grand military band concert at the Pavilion, whose concerts, it is stated by Eastern critics, are superior to those given by Gilmore.

Thus it will be seen that the prospects for the coming exhibition are most excellent, and promises to attract an unusually large attendance.

He Has Gone From Our Gaze.

Just before the Fourth of July Paddy Ryan blossomed out at the corner of Sixth and J streets, with flourishing placards, as a dealer in liquid refreshments and "sailing" upon his fame as a shoulder-hitter and nose-smasher to anticipated seas of plenty from his bar dispensations, and meantime himself to be regarded as much of a "lion" in the "society" of the Capital. But Paddy did not choose wisely. The fact that a man is a pugilist as well as a saloon-keeper does not add to him as a citizen, nor make his beverages more palatable nor salable in Sacramento. A plain, able-bodied saloon-keeper answers all practical purposes for the thirsty here. And so Paddy soon found, to his eternal disgust, and for want of due appreciation, and to resent the public indifference to his standing on the "manly art," as well as being able to sling beer and forty-rod vigor of life, he has, appropriately, and with most acceptable grace, pulled up stakes, and, having wiped the J-street dust from his brogans with his best bandana, fled the city. The following, found upon the door of the pugilist's late quarters yesterday, are supposed to be the words of the departed:

Farewell to Sacramento,
We bid you all adieu;
We may immigrate to h—l, perhaps,
But never come back to you.

Some one, loyal to Sacramento and not in harmony with Paddy's poetical effusion, last evening posted the following on the door, underneath the above farewell:

Good-by, Paddy Ryan,
You have left us, be it true;
Sacramento is too good a place,
For such a man as you.

Clunie Opera House.

Professor Bartholomew's "Equine Paradox," introducing twenty marvelously educated horses, will be the attraction at the Clunie next week, commencing Monday evening, and including matinees on Wednesday, Friday and Saturday. The performances given at the California Theater, San Francisco, drew full houses for several weeks recently, and press and public were unanimous in praise of the entertainment. The *Call* said of the four-legged performers: "Horses should command more respect in the future, and the man who lays his hand upon one of them, save in the way of kindness, ought promptly to be the subject of Secretary Hunter's attentions. Bartholomew will tell you that he has no favorites in this band of biddable equines. He takes particular care not to excite jealousy among them; but if emergency arose, from fire or otherwise, he would exert himself to save two or three, which, more than the others, have, by their intelligence, inspired him with a strong liking. It is interesting to observe how earnest most of these dumb beasts are in the performance of their duties. When grouped, and the master calls out one by name, if he does not move readily those by him will nip his neck in order to let him know he his wanted, and, arousing from his reverie on a feed of oats to come, he trots out to know Bartholomew's will. The whole show is a wonderful example of man's patient kindness and the brute's instinct, bordering on reason."

MILLS COLLEGE AND SEMINARY.—The next term at this institution will begin August 3d. The college course corresponds very nearly to that of Wellesley College Mass. The seminary course of study remains unchanged. Those desiring information as to particulars can address Rev. C. C. Stratton, D. D., or Mrs. C. T. Mills, Mills Seminary, Alameda county.

Equity Lodge, Knights and Ladies of Honor, installed its officers elect last evening, and subsequently enjoyed a banquet, which was enlivened with a number of interesting speeches.

This being the anniversary of the fall of the Bastile, the French residents of the city will celebrate it in a quiet way, though some of them will take part in the celebration at San Francisco.

The air was a little cool last evening, but the popularity of the open-air concerts was attested by the large assemblage that gathered at the Plaza to listen to the Hussar Band's excellent music.

The dog by which the little boy Angelo Gray was bitten so severely Tuesday was yesterday killed. He got into the habit of biting people through his having been set upon Chinamen frequently, but not by his owner.

We were shown yesterday a sample of No. 1 milling wheat from the crop raised by Hon. Chas. F. Reed on his ranch near Knights Landing this season. The kernels are as large and plump as one could wish to see, and fully confirm the reports heretofore made concerning the remarkable excellence of the yield. The best of it is that Mr. Reed will have about 100,000 sacks of it.

Justice Davis has rendered a decision in the case of Montenegro vs. McGrew, in which plaintiff sued to recover $100 on a promissory note. Defendant set up that the note was given for money won from him by plaintiff during a gambling game. It was shown on the trial, however, that most of the amount was borrowed money, not used in the game referred to. Judgment was given for plaintiff, but the defense gave notice of intention to appeal.

Yesterday afternoon a little boy was sitting in a buggy with a lady on Seventh street, between K and L, waiting for another lady, when the horse, annoyed by flies, became restive, and made a sudden jump, which caused the boy to fall out of the vehicle. He alighted on the ground in such a manner that one of the wheels just grazed his head, starting the blood a little, but doing no serious injury, though his frightened outcry created the impression at first that he was seriously hurt.

LAST WEEK WE BOUGHT SEVERAL LINES OF MEN'S CLOTHING AT PRICES THAT ENABLE US TO SELL THEM, IN SOME CASES, AT LESS THAN COST TO MANUFACTURE. THE $5 SUITS WERE ANNOUNCED YESTERDAY. TODAY WE CALL ATTENTION TO THOSE AT $7 50 AND $10. THEY ARE THOROUGHLY DESIRABLE GOODS, AND STYLISH PATTERNS.

Advance Fall Styles in Wraps.

A great many ladies are in this predicament. They are going in seach of cooler weather. They need a heavy wrap. Last year's won't do. Something new must be had. But who wants to buy in July just before the new Fall styles are out?

But it can be done with safety here.

We put in stock yesterday some dozens of Sample Jackets, Cloaks and Wraps, being advance Fall styles sent us by leading Eastern manufacturers. These garments comprise the very pick of their assortments, for the samples were sent with a view of getting our Fall orders. Many contend that sample garments so sent are always better finished than regular goods, because it is expected that they will be sharply criticised, and a slight imperfection might lose a sale of thousands of dollars.

Fall and Winter Styles in Jackets, $3 to $8, with a fine line of novelties from $10 to $18. Short Silk Plush Wraps, $19 to $25; with other styles, including Real Seal Trimmed Garments up to $50.

No two styles alike.

Cashmere Shoulder Shawls, with silk embroidered spots in contrasting colors, are down from $1 50 to $1.

The Newest Things in Silks!
