WHY LABOR SO HARD TO WASH!

I HAVE a chemical process, for cleansing clothes by the use of which they can be washed in *one half the usual time* without being boiled, and with *scarce any rubbing*, thus saving labor, and the clothes are very white and clean, and they last much longer than if washed in the old way of rubbing by board, or with washing machine, by which the clothes are much worn. The articles used cost very little, and are easy to obtain. I mail this very useful receipt to order, post paid, upon the receipt of 50 cents. 3 cent postage stamps good as money. Address Dr. J. P. CREIGHER, Baltimore city, Md.

Every family may have this delightful luxury, for any lady can make it in fifteen minutes at any time. Address
