DR. TOWNSEND'S SARSAPARILLA!

MOST EXTRAORDINARY MEDICINE IN THE WORLD.

THIS EXTRACT is put up in *quart bottles*. It is six times *cheaper*, pleasanter, and warranted superior to any solid. It cures diseases, without *vomiting, purging, sickening, or debilitating* the patient.

The great beauty and superiority of this Sarsaparilla over all other remedies is, while it eradicates disease, it invigorates the body.

IT HAS PERFORMED MORE THAN 15,000 CURES THIS YEAR.

1,000 cures of *Rheumatism*.
1,000 cures of *Dyspepsia*.
2,000 cures of *General Debility and Want of Nervous Energy*.
3,000 *Female Complaints*, and over 7,000 cures of *Diseases of the Blood*, viz:

Ulcers, scrofula, erysipelas, salt-rheum, pimples on the face, &c., &c., together with numerous cases of consumption, liver complaints, spinal affections, &c. This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, New Jersey, informs us that he can refer to more than one hundred and fifty cases in that place alone. There are thousands of cases in the city of New York which we will refer to with pleasure, and to men of character well known.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the city of Albany, have in numerous cases prescribed DR. TOWNSEND'S SARSAPARILLA, and believe it to be one of the most valuable preparations of Sarsaparilla in the market.

P. H. Puling, M. D., J. Wilson, M. D., R. R. Briggs, M. D., P. L. Elmendorf, M. D.
Albany, April 1, 1848.

The following is from one of the most respectable physicians on Long Island:

GREENPORT, July 19, 1846.

DR. TOWNSEND—Dear Sir—It is with satisfaction that I say to you, that I have recently witnessed, in several cases, the most beneficial results from your EXTRACT OF SARSAPARILLA. Being engaged in the practice of medicine, I have prescribed it in several cases, and never without benefit. In the removal of diseases arising from a deranged state of the digestive organs, jaundice, &c., it far exceeds any thing of the kind ever offered to the public. You will please send me two dozen, &c.

Respectfully yours,
S. C. PRESTON, M. D.

Also, a few bales of 3 and 4 ply Scotch Knitting Yarns.

HERTS & SON'S *AMALGAMATED SILVER STEEL AND PLATINA PENS*—warranted not to corrode. All who appreciate comfort in writing should use the above beautiful pens, as they are warranted not to corrode; and for elasticity, fineness and durability, are unequaled by any other pens ever offered. These pens were first introduced into this country in August, 1845, at which time the manufacturers were unknown to the writing community; the pen, therefore, had to stand on its own merits. It is therefore gratifying to the manufacturers to acknowledge that a discerning public has paid the highest tribute to their labors, so that the present demand (which is daily increasing) far exceeds their utmost expectations.

The quantity of pens made and sold by Herts & Son, from December, 1845, till December 1846, is 3,375,000 gross, or 4,500,000 dozen, or 45,000,000 of pens.

The enormous demand for these is a sufficient proof of the quality; it is therefore unnecessary to publish the various certificates that the manufacturers have received from all parts of the Union. They may be had at wholesale at the manufacturers' depot, 86 John street, New York—or 35 Cornhill, Boston—and retail from all Stationers in the United States.

Florence's Hotel and Saloons.

Cor. of Broadway and Walker sts., No. 400.

JOHN FLORENCE, Jr., deems this a fitting opportunity, when so many of his former patrons from the South, West, North and East, are visiting this city—to state, that finding his old saloon not large enough for their accommodation or susceptible of that embellishment due to the immense patronage bitherto bestowed upon him, he has abandoned his former location therewith and has erected as above (400 Broadway) an extensive and superbly furnished Hotel, kept upon the European plan. He would particularly invite attention to the costly and singularly beautiful Public Saloons connected with the Hotel, and further solicit a trial by "Epicures" of the proficiency of his Ala'ean "Carême" and "Soyer" who preside over the Cuisines of the *FLORENCE SALOONS*.

PATENT ELASTIC METALLIC SHANK BOOTS AND SHOES.

CONGRESS GAITERS FOR LADIES AND GENTLEMEN.

These articles are superior to anything ever before manufactured, in this or any other country, for durability, beauty, and utility.

No. 138 FULTON STREET, NEW YORK.

THIS unique and useful invention was awarded a Silver Medal (the highest premium) at the last Annual Fair of the American Institute, for its superiority over all others offered for competition.

It has met the approbation of the officers of the army and navy, as well as every gentleman of taste who has lately tested its value, and is rapidly coming into general use among all who regard ease, grace, comfort, and durability, as desirable requisites in their Boots and Shoes. It makes the Boot or Shoe more elastic, preserves its original style and shape, and gives the hollow part a beautiful and elevated arch, thereby allowing the heel to be worn very high with perfect ease, or quite low, without exposing the pantaloons strap to injury. It also keeps the foot from pressing forward, and retains it in a natural and easy position.—Myself and John Dick are the only persons who make and sell Boots and Shoes with this invention, in the cities of New York, Brooklyn, and Jersey City.

CONGRESS GAITERS.

The undersigned, the first in the city of New York to manufacture this justly celebrated and elegant article, continues to make them up in an endless variety of styles, in workmanship unequalled, and at prices defying competition. All other kinds of Boots, Shoes, Gaiters, Pumps, and Slippers, for ladies, gentlemen, misses, and children.

LORIN BROOKS,
138 Fulton street.

P. S.—Just received, a case of Russian Leather for Gentlemen's Boots, both for Dress and Water Proof. This is probably the first lot of this celebrated Leather ever imported into the United States.

The subscribers would respectfully inform their friends and the public that they have added several splendid new ships to their line of packets between this port and Liverpool, which has been favorably known and extensively patronised for a period of more than thirty years, and have no hesitation in assuring those who may wish to make engagements for the passage of their friends from England, Scotland, or Ireland, that they will find their ships inferior to none in point of comfort, convenience and safety, one of which will sail from Liverpool every six days throughout the year, making delay and the consequent expense to emigrants at the port of embarkation impossible.

A free passage per steamer from the various Irish and Scotch ports with breadstuffs and hospital money paid, may be secured all at the lowest rates; and when these settled for, decline coming on the full amount paid will be promptly refunded as usual. For further particulars apply to

PIANO FORTES.

THE undersigned are manufacturing at their establishment in Baltimore, 6, 6 1-2, and 7 octave PIANOS, of all patterns and styles, which they can confidently recommend to professors and amateurs. The Pianos manufactured by them have that peculiarity of touch which commend them to players of every school, as well as those who are distinguished by a soft and delicate action, as those who are characterized by a bold, fiery, and rapid movement.

They are authorized to refer to numerous professors in Baltimore, who have given their Pianos a trial, for their testimonials in their favor, and they are warranted in recommending them by the universal approbation which they have received from the great number of persons who have them in use in Baltimore, and in the south and west generally. They are confident that they make an instrument equal to any made anywhere in this country or in Europe, and that they are the manufacturers of Pianos enable them to sell on terms liberal and satisfactory. All instruments made by them are warranted, and they will be kept in tune one year after purchase, without charge.

An agent will visit Richmond in a short time, and various parts of Virginia and North Carolina, and will receive orders, which will be faithfully and promptly executed at our manufactory.

☞ Orders will also be received at our factory direct, and special pains taken to give satisfaction.
