SCORE 35 TO 24.

In Favor of Thread City Cyclers in Game with Storrs' Team.

A good sized crowd witnessed a good fast basketball game in the armory on Valley street Saturday evening, when the five from the Connecticut agricultural college at Storrs tried conclusions with the Thread City Cyclers' five of this city.

For a number of years past the C. A. C. has not had a representative team, but the one this season is being run under the auspices of the college, and is recognized as a college team, the members being picked from the various classes.

Every man on the C. A. C. team was new to the local floor and from the showing they all made it is apparent that the college will have one of the best basketball fives in its history. The players are quiet, game and full of ginger and when they have had the opportunity to play on a few large floors will get together and perfect good team play.

The score at the end of the first half was 18-11 in favor of the Cyclers. During the second half a number of changes were made and Selden at center for the college five showed up remarkably well, although he played but a few moments toward the close of the strenuous contest. Card was the best performer for the local five, with Mellor a close second. The work of Zeller for C. A. C. was unusually good, and the rest of the team displayed more knowledge of the game than any team that has come down from Storrs in the last three years.

The lineups and summary: T. C. C. —Card rf, Lewis lf, Morse and Lyman c, Mellor and Rosebrooks lb, Wood and Morse rb. C. A. C.—Geehan lb, Healey rb, Howard and Selden c, Zeller lf, White rf.

Score, T. C. C. 35, C. A. C. 24. Baskets from the floor, Card 7, Lyman 3, Mellor 2, Wood 2, Lewis; Zeller 3, Healey 2, Howard 2. Fouls called on Lewis 2, Morse 2, Mellor 2, Wood 5; Geehan 3, Howard 2, White 3, Zeller 2, two team fouls on T. C. C. and one on C. A. C. Baskets from free tries, Card 2, Lewis 2, Mellor, Healey 4. Free tries missed, Healey 5, Lewis 3, Zeller 2, White 2, Card. Referee, A. T. Kelley. Umpire, Harold Williams. Timers, Eastman of the Cyclers and Keating of C. A. C. Time, 20-minute halves.

Eighth Fox Bounty Paid.

Town Clerk Frank P. Fenton Saturday afternoon paid Patrick Donahue a bounty for a fox. This makes the eighth bounty that he has paid this season, which seems to be an unusually good one for foxes, especially in this immediate vicinity.

Later in the evening a little celebration was held at Alert hose company's quarters in the Bank street house, when refreshments were served and an informal good time was spent in song and story telling.

New Velvet Mill Practically Assured.

Saturday afternoon, Walter R. Knight, chairman of the trades committee of the Willimantic board of trade, stated that the most of the $45,000 necessary to insure the location of the new velvet mill in this city had already been raised and that now it was absolutely certain that the new mill would locate here. The money is to be paid in four installments a month apart, and it is ardently hoped that a little more than the $45,000 may be raised in order that a good working capital will be assured. In all probability ground for the new mill will be broken just as soon as spring arrives or as soon as weather conditions will warrant a commencement of the work.

Prospects for a brisk building boom are bright, therefore, for the city for the year 1911.

Fire on Pleasant Street.

The house occupied by Leonard H. Bristol at 430 Pleasant street was damaged a little by fire Saturday morning about 9 o'clock. The house is owned by William Johnson. The fire was extinguished with chemicals. It was caused by a defective flue and only burned a portion about the chimney. The loss, which is small, is fully covered by insurance.

To Confer With Postal Authorities.

State Central Committeeman C. A. Gates, republican chairman of the town committee, James A. Shea, and ex-Representative George A. Bartlett left Saturday morning for Washington, D. C., to talk over some alleged grievances with the postal authorities. It is generally known that the above trio are out to oust Postmaster Charles H. Dimmick and prevent his reappointment next month if possible. As far as can be learned after a careful and thorough canvass of the sentiment of the community among practically all classes no fault can be found with Postmaster Dimmick's administration. Everywhere only words of commendation are expressed for the efficient manner in which he has conducted the local office. It is believed that the only reason for the visit of the self-appointed "grievance committee" to the national capital is but a personal temporary spite against Postmaster Dimmick, and was engendered simply because the broken machine could not drive nor lead the best postmaster that Willimantic ever had, to the detriment of the people's interests.

Y. M. C. A. BUILDING.

Good Day's Work Done Saturday in Securing Subscriptions — How the Fund Stands.

Interest continues in the effort to raise the $30,000 for a new Y. M. C. A. building, as shown by the enthusiastic reports at Saturday noon's lunch, when a large number of workers were on hand.

An even five hundred people have so far pledged themselves to contribute for the building fund, and the companies and teams are planning ways and means to obtain the amount needed by Thursday night.

A large number of people who live in adjacent towns and in the outlying districts that have interests in the city's welfare, and have undoubtedly not been approached as yet by any member of a company or team for a subscription, and have been requested to send in their contributions to campaign headquarters in the board of trade rooms, and say to which company or team they wish the same to be credited.

A photograph of the workers was taken at the Saturday lunch, and Rev. L. M. Flocken, pastor of the Methodist Episcopal church, gave a few remarks expressing his extreme gratification at the progress of the work that is being done and the good fellowship that is being exhibited among the men interested.

Captain P. S. Hills of Company D reported the banner figures of the day's work, reporting four pledges for $820.

LEAVES, NOT PLUMS.

For Democrats in Windham County—Ignored by the Man Higher Up.

Is Windham county an integral part of Connecticut or is it some detached, unplaced, no account,not-to-e-thought-of conglomerations of towns from which party leaders expect only satisfactory returns on election nights? This is a question that a man with ears may hear the democrats ask up this way, if he listens attentively. He might hear some republicans wondering along the same line of thought. Governor Baldwin's staff has been announced. Any Windham county men on it? No, durice no. Those on the inside got themselves to thinking that there would be, but Windham county is not represented. It certainly does beat the Dutch this way they have of neglecting rock-ribbed Windham county. It's away over on the Rhode Island border, which is some distance distant, but why not remember, if only semi-occasionally, that it is within the state still. The citizens are as loyal and deserving up this way as those of us that inhabit the vicinity of East Rock. And this comment is not because the Windham democrats were refused an opportunity to shake the plum tree. It's because they are not even recognized when they ar willing to spnd their own money for a little recognition. And for them there is no pleasure in all Israel.
