LE DOYEN'S DISINFECTING FLUID,

MESSRS. POULIN, ROGERS & COMPANY,
Sole proprietors of the celebrated

LE DOYEN'S DISINFECTING FLUID,

Beg leave to call attention to this important and invaluable article, the greatest discovery of the age—patented in Washington, December, 1847.

THIS above invaluable preparation, which entitles the inventor to, and must, when fully known, gain for him the gratitude and blessings of the whole human family, possesses the power of immediately destroying the most offensive odor, from whatever cause arising.

By its Hospital Wards can be disinfected of miasma and Water Closets, Cess Pools, Cellars, &c., &c., of impure gases. In the sick chamber this Fluid will be found invaluable, as the nauseous smell arising from sores on the body, or from the night stools, are by its use at once disspelled, and should the disorder terminate fatally, the corpse can (if from any cause necessary) be kept several weeks, by using the Fluid, without becoming in the slightest degree offensive.

Captains of emigrant ships will derive incalculable advantages from its use in the steerage, for disinfecting and for bilge water. Indeed, so numerous are its virtues, to do it justice in an advertisement would be impossible. Certificates, from the most celebrated physicians of England, France, and of this city, who have tested it, may be seen at our office, which will fully convince the most sceptical of its wonderful qualities.

It is entirely free from any odor of its own, simple in its application and certain in its effects.

To Owners, Agents, Captains of vessels and others:—For sale in large quantities, for steerage of emigrant ships, bilge water, and other disinfecting purposes. By an application of this Fluid, the contents of a Privy can be removed without causing that highly offensive stench, and thus rendering night soil a valuable manure.

The undersigned, desire to bring this article into public use. It will be furnished in quart bottles at our own stamp for local uses or by the gallon.

Orders are respectfully solicited, and will be immediately supplied.

NEW YORK, September 19, 1848.

Gentlemen:—Having used your Disinfecting Fluid on my last voyage in the Washington across the Atlantic, I found it an invaluable article for destroying the effluvia from the Water closet, &c.

It is also valuable for the passengers to use in their state rooms, particularly in cases of sickness. I think it the best disinfecting agent ever invented.

GRAHAM'S MAGNAZIE—1849.

G. R. GRAHAM, J. R. CHANDLER, AND J. B. TAYLOR, EDITORS.

THE JANUARY NUMBER OF GRAHAM'S MAGAZINE—the first number of the New Volume—is now ready for the mails and for shipments to agents. The Publishers and Editors, while expressing satisfaction in the extraordinary success with which their efforts to elevate the character of the periodical literature of the country have been crowned, respectfully offer a statement of their preparations for the New Volume. It is well known that no other Magazine ever published in the English language has presented such an array of illustrious contributors. Bryant, Cooper, Paulding, Herbert, Longfellow, Hoffman, Willis, Fay, Simms, constitute alone a corps greater than any ever before engaged for a single work. An examination of our last volumes will show that these distinguished writers have all furnished for this miscellany articles equal to the best they have given to the world. They, with our other old contributors, will continue to enrich our pages with their productions; and several eminent authors who have not hitherto appeared in our pages will hereafter be added to the list. Of costs, therefore, all attempts to compete with Graham's Magazine, in its literary character, will be unsuccessful. In every department, the highest talent in the country will be enlisted, and no effort spared to maintain its present reputation as the leading literary periodical of America.

TERMS.

Great inducements to Postmasters and Clubs, unequalled by those of any other Establishment.

For three dollars, in advance (par money in the States from which it is remitted,) one copy of Graham for one year, and mezzotine portraits, on proof sheets, of Gen. Taylor, Gen. Butler, Gen. Scott, Gen. Worth, and Capt. Walker. These pictures, properly framed, will make a valuable set of parlor or library pictures. They are engraved from unlimited originals, by the best artists, and are of themselves worthy the price of a year's subscription to Graham's Magazine. Or, at the option of the subscriber remitting three dollars, we will send any three of Miss Pickering's or Mrs. Grey's popular works, or a magnificent print, from the burin of a celebrated English artist.

For five dollars, two copies yearly, and a set of the portraits above named, to each subscriber.

For ten dollars, five copies yearly, and a copy of the Magazine to the postmaster or other person forming the club.

For twenty dollars, eleven copies, and a set of the portraits to each subscriber, and a copy of the Magazine to the person forming the club.

Philadelphia, December 12.

THE STANDARD PREPARATION.

DR. SCHWARTZE'S COMPOUND EXTRACT OF SARSAPARILLA,

The astonishing success with which disease has been combated by this powerful remedy for the last three years, in the *District of Columbia* and other places, has induced the proprietor to present its claims in a more conspicuous manner, under a sincere conviction that its invaluable and unerring remedical virtues will benefit thousands, under whose notice it may come. Therefor, he would urge it upon all who read this not to let it pass unnoticed, but give it that attention to which it is so deservedly entitled.

The following are some of the diseases which will testify to its never-failing efficacy, viz:

Scrofula, in any form:
Incipient stages of Consumption, when proceeding from a scrofulous habit;
Chronic Rheumatism; Bronchitis;
Dyspepsia, when proceeding from hepatic derangement.
Constitutional Syphilis; General Debility;
Habitual Costiveness; Cutaneous Affections, and all diseases arising from deranged secretions or impurities of the blood.

Persons taking this remedy should not grow impatient or become too sanguine in their hopes of a *rapid* restoration to health, as its efficacy depends measureably upon the strength of constitution and the length of time that disease has prevailed; therefore I would say to all who may feel disposed to test its virtues not to commence before they are fully determined to continue its use, whether it be one bottle, a dozen, or more, as no two cases are exactly similar, or can be relieved by any stated number in anticipation.

The accompanying certificates are from gentlemen of respectability residing in *Washington city*, and not from those abroad, to whom I would refer all those who are in the least doubtful. Hundreds of testimonials can be produced as to efficacy, but as they are seldom or never read, or credence given to them, I have thought a few respectable certificates, coming from gentlemen well known would suffice.

CERTIFICATES.

Dear Sir: Having, through the agency of your extract of sarsaparilla, accomplished a most remarkable cure in the case of my sister, I deem it important to make all acquainted with her case who may be similarly afflicted, as it may be the means of saving many from a premature death. About four years ago my sister's health began to decline, and continued to do so for the space of two years, when she was suddenly attacked with a bronchial affection, or what is commonly called bronchitis. Having been attacked with the best medical skill without benefit, and finally pronounced incurable, she determined to try your extract of sarsarilla, and, after the use of the very limited number of three bottles, she was completely restored, and has enjoyed better health than she ever before experienced.—Hoping that this description of her case will come under the notice of many who may be similarly afflicted, I am most respectfully, yours,

CHARLES W. STEWART.

To Dr. N. J. SCHWARTZE, Jr.
June 7, 1848.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: I consider it a duty I owe to you and to the public, to state that my son, who had been afflicted for a great length of time with a severe *Bronchial affection* and *Ulcerated sore-throat*—which threatened his life—after having been treated by the best medical skill without success, was effectually restored to health by your *Extract of Sarsaparilla*, some 15 or 18 months ago, and has enjoyed perfect health ever since. Such an invaluable remedy should be known throughout the extent of the country; and I sincerely hope, before long that it will be sought after by all the afflicted. Wishing you abundant success,

I am most respectfully yours, &c.,
JOSEPH RADCLIFF.

WASHINGTON, *December* 22, 1847.

WASHINGTON, *December* 23, 1847.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: I hereby acknowledge a debt of gratitude due you, in saying that I attribute my present state of good health entirely to the use of your invaluable preparation of *Sarsaparilla*. Having been afflicted with an *Inflammatory Rheumatic Affection* of the knee-joint, which swelled to such a degree as to confine me to bed for many weeks, depriving me of the entire use of my limb, and having been attended by the most eminent physicians, without the least prospect of recovering, I made use of your Extract of Sarsaparilla to the amount of 5 bottles, after which I began to use my limb, and upon its further use had the satisfaction to find the disease radicated and my general health very much improved. Two years have now elapsed and my health still continues good. You are at liberty to make use of this as you may think proper.

Very truely your obedient servant,
WM. W. STEWART.

WASHINGTON, *January* 6, 1848.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: I take great pleasure in stating that, about 18 months since, I used your *Compound Extract of Sarsaparilla* as a remedy for *General Debility*, under which I had been laboring a long time, and that a few bottles restored me to sound health, which has continued to the present time.

Very respectfully,
PERRIN WASHINGTON.

To Dr. A. J. SCHWARTZE, Jr.

Dear Sir: Under a sense of deep obligation to the virtue of your "*Sarsaparilla*" in the entire restoration of one of my children from a *General Debility* and prostration of the *nervous system*, I take pleasure in testifying to your invaluable medicine; but seven bottles were used two years since, when the child was restored to, and still continues in the enjoyment of, perfect health.

DAVID RIDGELY.

January 8, 1848.

Dear Sir: Believing that a public statement of my affliction may be of service to others similarly afflicted, as well as a benefit to yourself, I take this means of informing you, that about three years ago I was attacked with a *Hemorrhage of the Lungs* which induced my friends to despair of my recovery. My health continued to decline for a year, when I was seized with *Neuralgia* and severe *Vertigo*. Having applied to physicians, both in this place and Baltimore, without the least benefit, and having also made use of the *Galvanic Battery* without any good effect, I concluded to try your *Extract of Sarsaparilla*, and am happy to say, that after using a *single bottle* the pains entirely left me and I have been better ever since.

Respectfully, ENOCH-W. SMALLWOOD.

To A. J. SCHWARTZE, Jr., *January* 22, 1848.

WASHINGTON, *January* 24, 1848.

It gives me pleasure to say that I am acquainted with the proprietor of the above medicine, and also with a number of gentlemen, who have tested its efficacy; and I have no doubt, from the unimpeachable character of the gentlemen who have volunteered their certificates, that they can be fully relied on.

ULYSSES WARD.

PHYSICIANS' CERTIFICATES.

WASHINGTON, *January* 3, 1846.

I am informed of the ingredients of which Dr. Schwartze's Compound Extract of Sarsaparilla is composed, and believe it to be the best preparation of the kind with which I am acquainted, and admirably adapted to produce a salutary alterative effect.

PERIGRINE WARFIELD, M. D.

WASHINGTON, *January* 10, 1846.

It gives me pleasure to recommend the Compound Extract of Sarsaparilla, prepared by Dr. Schwartze, as I have a knowledge of its constituent parts. I believe that it will achieve more for the afflicted, than any other preparation of Sarsaparilla now before the public.

H. F. CONDICT, M. D.

WASHINGTON, *January* 12, 1846.

Having been made acquainted with the ingredients and mode of preparing Dr. Schwartze's Compound Extract of Sarsaparilla, I believe it to be a most happy remedial combination of that valuable root with the other remedies of which it is composed.

J. M. GIBSON, M. D.

GEORGETOWN, *January* 21, 1846.

Having been made acquainted by Dr. Schwartze with the ingredients of his preparation of Sarsaparilla, I concur with the medical gentlemen above, in regarding it as an alterative of great efficacy, and in all cases, to which such an alterative is adapted, of great power.

BENJ. S. BOHRER, M. D.

WASHINGTON, *January* 25, 1848.

Most of the gentlemen named above are known to me as citizens of high respectability; and the professional portion of them are of the best standing among the physicians of this community.
