HOPE REBEKAH LODGE OFFICERS INSTALLED.

Deputy Jessie Emmerich Performed the Work—Appointive Officers Named.

The installation of its officers by D. D. G. M. Jessie Emmerich of New London and a staff made an evening of unusual interest for Hope Rebekah lodge, No. 21, I. O. O. F., on Wednesday from 6.30 to 10 p. m. Preceding the installation the entertainment committee of the lodge—Mrs. Grace Willey, Mrs. Julia Allen, Mrs. Minnie Amburn, Frank L. Tuttle and W. S. Allen—served an escalloped oyster supper for the visitors and the local lodge members.

When the lodge meeting was opened, the newly elected noble grand, Mary E. Green, named her list of appointive officers, and the full list of elective and appointive officers was installed as follows: N. G., Mary E. Green; V. G., Elizabeth Smith; recording secretary, Ada Revell; financial secretary, Lenn R. Christman; treasurer, Julia Allen; trustee for the three years, Lulu B. Palmer; warden, Eva Wilson; conductor, Elizabeth Smith; chaplain, Ruth Burdick; R. S. N. G., Martha Campbell; L. S. N. G., Grace Willey; inside guardian, Lillian Tuttle; outside guardian, W. S. Allen; R. S. V. G., Mary Washburn; L. S. V. G., Metelia Rainsford.

The ceremony of installation was performed in an impressive manner by D. D. G. M. Jessie Emmerich, assisted by Mrs. Wallace Johnson as deputy grand warden, Mrs. Carrie Leeds as grand recording secretary, Mrs. Henry Schwaner as grand financial secretary, Mrs. Etta Finch as grand treasurer, Mrs. Grace Willey as grand inside guardian; Mrs. Belle Stewart as grand chaplain, Mrs. Celia Barrows as grand marshal, and Miss Oril Hymon as pianist. With the exception of Mrs. Willey, who belongs to Hope lodge, these were all from the lodges in New London and Groton.

These committees were appointed: Relief—V. G. Elizabeth Smith, chairman; Julia Allen and Margaret Hart, city district; Grace Willey, West Side; Mary Worthington, East Side; Elizabeth Smith, Greeneville; entertainment committee, Mrs. Elizabeth Smith, Mrs. Hattie Parsons, Miss Mildred Comstock, John J. Parsons, Frank Q. Smith; pianist, Miss Mildred Comstock; paraphernalia committee, Minnie Amburn, Jennie Harvey.

Remarks under the good of the order by the district deputy and all the other visiting officers and also by Mrs. Frank Hussey of a Haverhill lodge, were made. The New London Rebekahs returned by the boat train, having given Hope lodge a particularly enjoyable meeting to start the year.

ST. JOSEPH SODALITY'S THIRTY-FIRST ANNIVERSARY

Will Be Observed Tonight with a Whist, Refreshments and Addresses.

Thirty-one years ago the St. Joseph Sodality and Literary association was organized, and in observance of its anniversary tonight, the anniversary committee of the association, which includes Thomas J. Kelly, William H. Harrington, president, M. J. Cosgrove, John J. Sullivan and John F. Coughlin, have arranged a programme which should prove a winner.

There will be whist from eight to ten, after which refreshments will be served by McDougald. Addresses by Hibberd B. Norman upon the proposed city charter, and by Dr. D. J. Shahan will be features of the evening. Drew's orchestra will furnish music and there will be singing by the Sodality quartette and solos by John Sullivan and Joseph Sheridan.

Fair Haven.—Steamer I. E. Brown, which has been catching star fish on the oyster grounds in Narragansett bay, has arrived back here.

BIG GAINS IN BOTH RESERVOIRS

Fairview Goes Up Eleven Inches and Water Rises at Meadow Brook Same Amount so Gain Will Continue Several Days—Inspector at Pumping Station Where Everything Will be Done Saturday.

The long spell of rainy weather was broken about midnight Tuesday night when the wind whirled around into the northwest, and for a few hours there was a fall of snow and it became much colder as it cleared. The rain as measured on Wednesday amounted to .60 of an inch, making a total for the storm of 2.32 inches, the largest rainfall in some time. It had a marked effect upon the reservoirs and placed many days' supply therein with more to come. On Wednesday afternoon the measurment showed the water to have risen eleven inches at Fairview since Tuesday, it being now 288 inches below highwater mark, or almost six feet gain since it began to rise. There is a 24 inch stream pouring in from Meadow brook, in which pond there is more water than there has been in many months. The measurement shows that the increase there was as great as at Fairview, or 11 inches, it being 27 inches above the 24-inch pipe flowing into Fairview. This represents a big body of water in that basin and it is being carried into Fairview as fast as the large pipe will deliver it, so that for several days quite a gain can be looked for, and thereafter it can be expected to hold its own for a few days. The city is in much better condition than it was, but is not yet in a position were caution can be abandoned or the curtailment be given up.

Test to Be Made of Water.

On Wednesday Health Officer Dr. N. B. Lewis visited Trading Cove brook and took a sample of the water which will be sent to the state chemist for analysis to see that there is nothing therein wherewith to contaminate it. Should there be found any contamination the department will take the necessary steps to do away with it, as it has planned to do since starting operations.

Good progress is being made at the pumping station and everything will be completed it is thought by Saturday night, so that the pumping could be started, if desired. The test of the water will be awaited before any water is sent into the mains.

The electric lines are both practically finished now, with the exception of the secondaries at the pumping station. There will be no delay in completing the remainder of this department's work.

Inspected Pumping Station.

John T. Queeney of the General Electric company was in Norwich on Wednesday to inspect the installation of the pumping station at Trading cove. He was questioned in regard to the use of motor driven pumps and said that the Norwich installation was a typical one. It is usually customary to pump the water directly into the city mains, but a system similar to that installed in Norwich is operated in Cambridge, Mass. Regarding the size of the motors, he stated that it was desirable to have them run at near their full capacity, as this gives greater economy in the use of the current. The horse power has been carefully measured and the size recommended by the General Electric company has been purchased. The company is ready to exchange these motors in case a different size is considered desirable. Mr. Queeney left town Wednesday evening and will return when the plant is put into commission.

ORGANIZING BASKETBALL LEAGUE AT Y. M. C. A.

Six Have Agreed to Enter and More Will Probably Join.

Physical Director Lessing Bandlow at the Y. M. C. A. is at work on the organization of a basketball league among the teams of the association, and has several teams already registered to enter, with several more to come also. The teams registered so far are the Olympiads, Columbias, Five Chums, Broadways, Laurel Hills and Academy. Two or three more will be added, making a league of eight teams probably, which will play out a schedule calling for three games per week on Saturday nights and running for about two months.

The games will be played in the gymnasium without admission charge, as the friends of members and the public generally will be welcome.

One of the new classes about to start in the gymnasium is a Monday and Thursday afternoon class, 5.15 to 5.45, for business men, which will be carried out along the line of corrective drills and recreative games, which are considered just the thing in the gymnasium programme for business men whose only exercise is usually their walk to and from work.

ENUMERATORS FINISH PERSONAL TAX LIST

Have Covered the Town, but Work Has Not Been Summarized as Yet.

For some time the work of securing the list of residents who are liable to the personal tax, which takes the place of the personal tax, has been under way. This has now been completed, but has not been summarized as yet, the number, however, being larger than on the old list. The new law provides that if the collector fails to collect the tax he shall give the names of those who failed to pay to the prosecutor.

Those who made the enumeration were: First district, Patrick K. McNerny; Second, Thomas J. Kelly; Third, Patrick J. McNerny; Fourth, Patrick T. Connell; Fifth, Adolphus Benoit; Sixth, George F. Noian. The result has to be forwarded to the state by the end of the month.

STATE CIVIL ENGINEERS MAY MEET HERE

Plans for Annual Meeting February 14 and 15 Discussed.

On Wednesday a meeting of the board of directors of the Connecticut Society of Civil Engineers was held in New London. The principal business of the meeting was the discussion of plans for the annual meeting of the society, which will be held on the 14th and 15th of February, probably either in Norwich or New London. On the conclusion of the business of the meeting the party was entertained at the Crocker house by George Crandall, the city engineer, of New London, and dinner was served.

Those present were the president of the society, S. B. Palmer of Norwich, George K. Crandall and C. R. Darrow of New London, Charles A. Ferry, J. F. Jackson, Harry Kellogg and Edward W. Bush of New Haven.

Y. M. C. A. WORK.

C. R. Towson of New York to Explain What It is Doing in the Industrial World.

The local Y. M. C. A. workers, both in the association and the Woman's Auxiliary, are to hear Charles R. Towson of New York next week in a series of conferences in which Mr. Towson will explain and describe what the association is doing for men in the industrial world. Mr. Towson is a well known authority on this subject, being at the head of the industrial and immigration work of the Y. M. C. A. in the United States and Canada. He is to come here next Tuesday to speak at a series of conferences which is to be arranged. He spoke here a year ago in May at the association's annual anniversary meeting, making a most favorable impression at that time.

MILK INSPECTOR'S VISIT.

Dr. W. A. Chappell Visited Experimental Station at Middletown and Looked Over Laboratory.

On Wednesday, Dr. W. A. Chappell, milk inspector, visited the state experimental station at Middletown for the purpose of witnessing the analyzing of milks and getting some points on the manner in which it is done there. Professor Conn showed him about the laboratory and conducted several experiments in his presence and Dr. Chappell considered himself well repaid for the trip.

WHAT IT COSTS TO RUN STATE HOSPITAL.

Expenditures for Various Departments Amounted to $120,089.86.

Kitchen expenses make up about one-third and ward expenses about one-fourth, the two largest items of expenditures in a year at the Norwich state hospital, according to figures for the past year received from the hospital authorities, which show that the total net expenditures for the various departments was $120,089.86. Of this amount salaries, wages and supplies in the kitchen department reached the total of $43,484.12, while the same items for wards were $34,458.57. The total gross expenditures for the year showed $136,325.57, but there were credits such as miscellaneous sales together with inter-department credits, such as supplies furnished to the kitchen from the farm and work done by the various mechanical departments for the other departments, amounting to $16,235.71, making the net expenditures $120,089.86.

By the state hospital's system of bookkeeping all the various departments show exacty what it costs to run one, making an informing statement and comparison of the work when the figures are considered.

Engineers' department comes fourth in the list with a total of $15,271, and the administrative department shows $15,089.13, including salaries and all supplies necessary for carrying on the institution as a whole. The farm and farm house show expenditures of $9,586.45. Some other departments are shown as follows: Carpenter $2,268.61, colony $2,245.13; laundry $2,183.32, painter $2,322.89, pharmacy $1,657.49, officers' and employes' quarters $1,429.67, store room $1,328.35, sewing room $1,403.90.

The sum of $123.70 goes towards amusements, the barber shop takes $375.31, freight traffic requires $373.82, the industrial department $542.96, and there are miscellaneous expenditures amounting to $812.76.

DR. ARNAUD LAPIERRE AT BACKUS HOSPITAL

Member of the House Staff for the Coming Six Months—Norwich Boy and Brother of Dr. F. L. LaPierre.

There has been a change in house physicians at the Backus hospital, Dr. Thomas having gone to New London as previously stated and Dr. Davis takes his place as house physician. Dr. Arnaud J. LaPierre comes to the hospital for six months as assistant to the house physician. He graduated from the University of Vermont in 1910. He is a Norwich boy, being the son of Mr. and Mrs. Henry H. LaPierre of Central avenue, and a brother of Dr. F. Leone LaPierre of this city. He graduated from the Academy in the class of 1906, and his many friends will be pleased to learn of his advancement in his chosen profession.

PROPERTY EXEMPTED FROM TAXATION IN THIS COUNTY

Reaches the Sum of $13,092,611, of Which Norwich Has Over One-Half.

The first quadrennial statement of property exempted from taxation in the state was made public on Wednesday by Tax Commissioner W. H. Corbin.

An attempt has been made to have included in the return all other property which would be liable for taxation in any town in the state were it not for statutory exemptions, and the valuation is supposed to have been made on the statutory basis of fair value.

The total value of all the exempted property in the state is $144,200,941.

A close examination of the report will disclose that 40 towns in the state, either by town vote or action of the assessors, are in the habit of exempting arbitrarily from taxation, property in some instances of a large amount, which is not authorized by the statutes. In all such towns, it is necessary for the board of equalization to add an equal amount to the town grand list for county and state taxation purposes. The inequality and possible injustice which such action imposes upon the taxpayers of the town itself is under the present statutes a local matter, and beyond the jurisdiction of any state official.

SAYS QUININE WILL NOT BREAK A COLD.

How to Cure the Most Severe Cold and End All Grippe Misery In Just a Few Hours.

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

For LaGrippe Coughs and Stuffy Colds

Take Foley's Honey and Tar. It gives quick relief and expels the cold from your system. It contains no opiates, is safe and sure. Lee & Osgood Co.

Convict at Auburn Believes Himself the Victim of Official Conspiracy.

New York, Jan. 4.—Louis De Beavel, a French attorney, serving sentence in the Auburn state prison, believes himself to be the victim of an official conspiracy, and so strongly has he presented his case in a letter to Justice McCall of the supreme court, that he will be given a chance to tell his story in court. Justice McCall today signed a writ of habeas corpus returnable before Judge Benton in Auburn.

Handsome qualities in Fur Coats for Ladies at a sacrifice.

We shall place on sale Wednesday Morning, January 4th, a complete line of

Fur Coats, Fur Scarfs and Muffs

consigned to us by one of the best houses in the fur business, to be sold at a severe sacrifice from their legitimate values.

This is not a trashy line and there is not an item in the stock that you would be ashamed to wear. It is a chance seldom offered to buy the better grade of Furs at extremely low prices, because of an effort to clean up an overload of fine goods. You can save money and yet secure excellent values.
