BY ROYAL LETTERS PATENT.

HERTS & SONS' AMALGAMATED SILVER STEEL AND PLATINA PENS. *Warranted not to corrode.*—All who appreciate comfort in writing, should use the above beautiful pens, as they are warranted not to corrode—and for elasticity, fineness, and durability, are unequalled by any other pens ever offered. These pens were first introduced into this country in August, 1845, at which time the manufacturers were unknown to the writing community; the pen therefore had to stand on its own merits. It is therefore gratifying to the manufacturers to acknowledge that a discerning public has paid the highest tribute to their labors, and that the present demand (which is daily increasing) far exceeds their utmost expectations.

CAUTION.

Whereas, some fraudulent persons, have, in consequence of the enormous demand for the above pens, been induced to offer a spurious imitation, bearing the same stamp as the genuine pens, the manufacturers hereby give notice that they will prosecute any persons who use their name or trade-marks, for the purpose of defrauding the public by selling *worthless trash* for the *genuine amalgamated pens!* and as a further protection to themselves and the public, it will please be observed that in future each box of genuine pens will have a label on the bottom bearing the signature of the manufacturers in their own handwriting to imitate which is forgery. To be had wholesale at the Manufacturers Depot, No. 96 John street, New York, and retail from all respectable Stationers in the United States. may 31—diff

DRS. DRESBACH, KUHN & PRYOR'S DYSPEPTIC CORDIAL.

DYSPEPSIA.

BALTIMORE, February 24, 1849.

Mr. C. Herstons.—DEAR SIR: Acute act of justice, and to lead others to the same remedy. I have cause to be deeply mindful of offering you my voluntary tribute in favor of Messrs. "DRESBACH, KUHN & PRYOR'S DYSPEPTIC CORDIAL."

For a long time, I have suffered from the effects of Dyspepsia so much so that my digestive organs would not perform their functions, almost every thing I ate was immediately ejected from my stomach, and the intense burning in that region rendered my situation miserable.

I was fortunately advised by a friend to try your medicine, and after using two bottles, I was completely relieved from all the troubles which I endured.

Accept, sir, my warmest wishes for the success of this valuable medicine, and believe me, Sincerely yours,
JAMES D. MASON

BALTIMORE, No. 67 Pine street, Oct. 3, 1848.

C. Herstons.—DEAR SIR: I feel it to be my duty, both to you and to the public to bear my testimony to the efficacy of Dr. Dresbach, Kuhn & Pryor's Dyspeptic Cordial.

I was so severely afflicted with the dyspepsia and my digestive organs were so completely deranged, that I could retain nothing on my stomach. I was wasted away to a mere skeleton; suffered the most acute pains, and had seasons of almost deathly sickness; insomuch that I expected to death an early release from my sufferings. Fortunately I heard of your Cordial, and of the wonderful cures it had effected, and was induced to try it. I did so, at first almost without hope. But after I had taken a few doses, I began to feel better; my appetite returned, my digestive faculties began to recover their functions, my spirits revived, and by the time I had taken two bottles the tone of my stomach was entirely restored and I was placed in the enjoyment of perfect health since then, although a period of upwards of a year has elapsed. I have had no return of the disease.
Very truly, WM. REEPSNIDERS.

SICK HEADACHE.

WASHINGTON, January 24, 1849.

Mr. C. Herstons.—DEAR SIR: I have been for some time troubled with Sick Headache, and take pleasure in saying, that in the use of Dr. Dresbach, Kuhn and Pryor's Dyspeptic Cordial, I have invariably found relief from a single dose, I consider it a valuable medicine.
Very respectfully, N. W. McGREGOR.

DYSPEPSIA.

WASHINGTON, November 23, 1844.

Mr. C. Herstons.—This disease I had for some years to an alarming degree. Your Dyspeptic Cordial deserves more than a passing notice from me. My case was of the most distressing nature, and the conflict between my stomach and food was often severe, the stomach loathing the food, and time after time throwing it up—frequently with pain. Add to this greatly depressed spirits, with debility, nervous weakened, restless nights, frequent starting with nightmare dreams. To describe my situation is difficult. Physicians were consulted, various medicines tried, but nothing met my case until I met with your Ohio medicine, named Drs. Dresbach, Kuhn and Pryor's Dyspeptic Cordial. Soon after using it my disordered stomach became soothed. I continued the medicine—a perfect cure has been effected—my health is now good and has been for more than a year. I can now use any article of diet without any inconvenience. In my case this valuable medicine is incontestible. My case is well known to the Rev. James M. Hanson, having been associated with him, in the same room, for some years in the General Post Office.
WM. S. DARRELL.

I am fully convinced that the above statement is correct.
JAS. M. HANSON.

INTERESTING CASE OF CRAMP CHOLIC.

Cholics are always distressing, sometimes fatal, an article that has proved in so many instances successful as Drs. Dresbach, Kuhn and Pryor's Dyspeptic Cordial has done, certainly ought to be made public.

The proprietor has no hesitation in saying he never heard of anything acting so promptly in giving relief. The following cases are amongst others confirming the statement:

NEAR NOTTINGHAM, *Prince George's Co., Md.*, July 4, 1844.

Mr. C. Herstons—Some time last week in my harvest field one of my hands was seized in a violent manner, believed to be cramp cholic, and became convulsed in his entire system—his hands, his fingers, toes, &c. contracted and all his limbs distorted in an unnatural way. Eight men were employed in rubbing his hands and legs—using whiskey in the act—and bathing his face and temples with liquor. For two hours or more the process was continued without any abatement in the disease, the man during the time screaming with agony. I then sent a boy to Mr. J. R. Hollyday's, about a mile off, to try if anything could be got there to afford relief. They sent me about two spoonsful of your medicine, named Drs. Dresbach, Kuhn and Pryor's Dyspeptic Cordial. His extremities had by this time become quite cold—the pulse had ceased to beat—indeed I did not think he could live ten minutes—such an object I never before witnessed. During the paroxism large knots would run up and down his legs—men rubbing him constantly. I now commenced giving about one-third of the Dyspeptic Cordial—soon after which I thought I perceived some change for the better; in ten or fifteen minutes I gave the same quantity of the medicine, and found his pulse had somewhat returned. I then gave the ballance of the Cordial at about the same interval; soon after taking the last portion he was entirely relieved of the spasm—the disease was now conquered and a state of ease ensued. The contortion he was thrown into made him quite sore in his body and limbs. We continued the rubbing process some time after the spasm ceased.

Dr. Skinner arrived some time after the last dose of the Cordial had been given, and after the spasms had subsided, the man was now relieved and lying before him on hearing the successful bidders. THOS. J. CAMPBELL,
