This Soap is manufactured from pure materials; and as it contains a large percentage of Vegetine Oil, is warranted fully equal to the best imported Castile Soap, and at the same time contains all the washing and cleansing properties of the celebrated German and French Laundry Soaps.

It is therefore recommended for use in the Laundry, Kitchen and Bath Room, and for general household purposes; also for Printers, Painters, Engineers, & Machinists, as it will remove spots of ink, Grease, Tar, Oil, Paint, etc., from the hands.

The Huntington (Pa.) Monitor of April 5th, 1877, pronounces this Soap the best in the market, as follows:

"Reader, we don't want you to suppose that this is an advertisement, and pass it over unheeded. Read it. We want to direct your attention to the advertisement of 'Crampton's Imperial Soap.' Having used it in our office for the past year, we can recommend it as the best quality of soap in use. It is a rare thing to get a Soap that will thoroughly cleanse printing ink from the hands, as also from linen, but Crampton's laundry soap will do it, and we know whereof we speak. It is especially adapted for printers, painters, engineers and machinists, as it will remove grease of all descriptions from the hands as well as clothes, with little labor. For general household purposes it cannot be excelled

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

℞ No one remedy is longer called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurances, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. *Prevention* is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For *Liver Complaints,* arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.
