FINANCE AND COMMERCE

WICHITA MARKETS.

The Receipts of Stock at the Wichita Union Stock Yards for the Past 24 Hours were: Cattle 802; Hogs 527. Shipments: Cattle, 692; Hogs, 352.

WICHITA, Nov. 21.

The cattle market was steady today and fairly active. The supply was moderate and with a preponderance of inferior grades. Several loads of range stuff was on sale and sold at fair prices. Very little choice stuff was on sale. Not many sales were made. Most of the usual buyers were in the field, but the supply was small and not much trading was done. Good butchers' stuff sells well and at good prices. The demand on stockers is not good, and large calves are not wanted at all. Veal calves are all right and sell readily. The past week was very satisfactory all around, prices having kept well up with eastern markets.

The quotations here presented are to give the shipper an idea of the general range of prices. The various classes and grades sell within the limits of these quotations, according to the quality of offerings and the state of the daily markets. These quotations are only changed when there has been a permanent change in the general market. The representative sales should be referred to to get the daily fluctuations.

HOGS.

This was another unsatisfactory day in the market and nine loads of hogs were held over, salesmen not being able to dispose of them. About 1,000 hogs were on sale this morning and trains during the day brought in fresh receipts to the number of 527. Both packers were in the field and together took about 754 hogs. The market was draggy all day and the yards could not be cleared. The week has been an unsatisfactory one for the salesmen. The decline in prices and the demoralized condition of the market is attributed to overstocked markets, Chicago and Kansas City having had the largest run for many weeks. The prices were quoted today at 10 cents lower.
