Trustee's Sale

OF VALUABLE

REAL ESTATE.

By virtue of a decree of the Circuit Court for St. Mary's county, in Equity, in a cause in which Ann R. Cheseldine was complainant and Annie S. Cheseldine et al were defendants, dated 11th of November, 1879, the undersigned, Trustee, will sell at public auction at the Court House door, Leonardtown, on

Tuesday, the 9th of Dec. 1879,

between the hours of 12 o'clock, m. and 4 o'clock, p. m., one undivided half-interest in that tract or parcel of land lying in Milestown district of St. Mary's county called and known by the name of

Foster's Neck Farm,

the same being the real estate purchased by Biscoe Cheseldine, deceased, and Posey Cheseldine of John F. Dent, Trustee. Said real estate consists of

245 acres, more or less;

on it a good DWELLING and necessary OUT-HOUSES, is situated in Foster's Neck on the Wicomico River, St. Catherine's Bay and White's Creek, has a river, bay and creek shore line of about three miles. Fish, oysters, terrapin and wild fowl are abundant in their season and easily obtained. It lies well for division into two farms of equal size with the water lines and advantages to both divisions and an abundance of wood and timber.

TERMS OF SALE.

The terms of sale prescribed by the decree are—one-third of the purchase money to be paid in cash, and the remainder in one year, secured by bonds, to be approved by the Trustee, and bearing interest from the day of sale. Upon payment of the whole purchase money, the Trustee will convey to the purchaser, all the claim and title of the parties to the proceedings in this cause.

GEO. BLAKISTONE,
Trustee.

THE BEST PAPER! TRY IT!!

BEAUTIFULLY ILLUSTRATED.

35th YEAR.

THE SCIENTIFIC AMERICAN.

The Scientific American is a large First-Class Weekly Newspaper of Sixteen Pages, printed in the most beautiful style, *profusely illustrated with splendid engravings*, representing the newest inventions and the most recent Advances in the Arts and Sciences; including New and Interesting Facts in Agriculture, Horticulture, the Home, Health, Medical Progress, Social Science, Natural History, Geology, Astronomy. The most valuable practical papers, by eminent writers in all departments of Science, will be found in the Scientific American;

Terms, $3.20 per year, $1.60 half year, which includes postage. Discount to Agents. Single copies, ten cents. Sold by all News dealers.—Remit by postal order to MUNN & CO., Publishers, 37 Park Row, New York.

Patents. In connection with the Scientific American, Messrs. MUNN & Co. are Solicitors of American and Foreign Patents, have had 35 years experience, and now have the largest establishment in the world. Patents are obtained on the best terms. A Special notice is made in the Scientific American of all Inventions patented through this Agency, with the name and residence of the Patentee.—By the immense circulation thus given, public attention is directed to the merits of the new patent, and sales or introduction often easily effected.

Any person who has made a new discovery or invention, can ascertain, *free of charge*, whether a patent can probably be obtained, by writing to MUNN & Co. We also send *free* our Hand Book about the Patent Laws, Patents, Caveats, Trade-Marks, their costs, and how procured, with hints for procuring advances on inventions. Address for the Paper, or concerning Patents,

Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for **Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever,** and all **malarial disorders.** In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that could injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For **Liver Complaints,** AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.
