ATTENTION! ARMY OFFICERS!!
And purchase the
ARMY FEED AND WATER BUCKET,
Particularly Useful to Artillery and Cavalry Service.
Patented September 16, 1861.

In the cuts A is the body part of the bucket, and is made of cotton duck, water proofed to prevent soaking and mildew; B is the jointed rim which may be folded with the bail C between the two parts. The head rope D may be detached from the bucket when used for water purposes, and it may be handled by the bail C like an ordinary bucket.
The feeding a horse from a simple nose bag is injurious to his healthful condition, but in the use of the Army Bucket, the horse is not suffocated by the dust in the grain, and gets a free circulation of breathing air. The Army Bucket may be used for water at any moment; wherein, perhaps, it possesses its greatest usefulness. Its compactness when folded for transportation, is shown by cut No. 2, its extended condition, ready for use, being shown in cut No 1

It is highly recommended by a large number of officers both in regular and volunteer armies

NEW INVENTION OF ARTIFICIAL CHEOPLASTIC BONE TEETH, without metal plate or clasps, by
DR. S. B. SIGESMOND,
910 Broadway, New York; and 260 Penna. avenue, bet. 12th and 13th sts., Washington, D. C.,
Calls the attention of the public to the following advantages of his improved system:
1st The teeth of his manufacture will never corrode nor change color by any acids, and are three-fourths lighter than any other.
2d. No teeth or roots need be extracted, as the artificial ones can be inserted over them.
3d. The roots will be made inoffensive and never to ache.
4th No temporary teeth are needed, as permanent ones can be made immediately, thereby preserving the natural expression of the face, which, under the old system, is frequently disfigured.
5th. This work has been fully tested, for over five years, by many of the first Chemists and Physicians of this and the old country.
Dr. S. has also invented a white indestructible metal filling with which the most sensitive teeth can be filled without pain, and can build up a perfect sound tooth on any side roots, which will last through a lifetime
He refers to the following gentlemen: Dr V. Mott, Dr Doremus, Professor of Chemistry Hon. A. Munn, jun., Capt. Crabtree, Vice President of the Emigration Co. of New York, Hon. Judge Wayne, of the Supreme Court, of Washington, D. C., and thousands of others.
Call and examine for yourselves. nov 8—6m

DR. LELAND'S
Anti-Rheumatic Band!
PERMANENTLY CURES
RHEUMATISM, in its various forms,
GOUT and NEURALGIA,
STIFFNESS and NERVOUS AFFECTIONS,
IMPURITIES of the BLOOD,
And the Evil Effects of Mercury.

It is a conveniently arranged BAND OR BELT, containing a medicated compound, to be worn around the body, about the waist, EQUALLY AFFECTING ALL PARTS, *wherever the disease may be,* and can be worn *without injury* to the *most delicate* person.
By this treatment, the medicinal properties contained in the BAND, being of a *highly aromatic* and *volatile nature,* and *capable* of being *readily absorbed through the pores of the skin,* come into *direct contact* with the BLOOD and *general circulation,* without first passing through the process of digestion, which would tend, not only to detract from their curative powers, but to impair the internal organs and derange the digestion also—thus avoiding the *injurious effects,* so often the result of *internal remedies,* and effecting a *perfect cure,* by *purifying and equalizing the circulation of the vital fluids, and restoring the parts affected to a healthy condition.* This BAND is also a *most powerful* "ANTI-MERCURIAL AGENT," and will *entirely relieve* the system from its *pernicious effects.*
Moderate cases are cured in a few days, and we are constantly receiving *unsolicited* testimonials—to which we invite inspection at our office—of their efficacy in aggravated cases of *long standing.*
Price Two Dollars. Sent by mail upon receipt of $2, or by express everywhere, with *all necessary instructions,* from the principal office of
G. SMITH & CO., Proprietors,
491 Broadway, New York.
N. B.—Descriptive circulars sent free.
This Band will not interfere with the soldier's duties. nov 15—1y

S. R. LEWIS, M. D.,
Dental Surgeon.
OFFICE No. 346 PENNSYLVANIA AVENUE,
Between Twelfth and Thirteenth Streets,
WASHINGTON CITY,
Respectfully tenders his professional services to the public. Having had an extensive practice in Philadelphia, he feels himself fully competent to discharge his duty in every case which may be presented to his care.
Dr. L. has secured the right to use the new improvement, patented by Drs. A. M. & J. L. Asay, of Philadelphia, for fastening artificial teeth to gold, silver, or platina plates, which precludes the possibility of saliva or foreign materials secreting between them, at the same time rendering the operation more firm, natural, and of more utility to the patient, dispensing with the ordinary modes of fastening, by rivetting or soldering, which so often causes the springing of plates, and consequently an imperfect adaptation to the mouth.
He would respectfully invite the public to his office to examine this improvement. To do so is to be convinced of its superiority over all methods heretofore used.
The dental profession is also invited to call and examine its merits and utility.
Also, dentists can be furnished with teeth of all kinds, at a less price than they can be bought elsewhere. nov 6—tf
