PROPOSALS FOR HORSES

DEPOT QUARTERMASTER'S OFFICE, *Corner of Eighteenth and G streets, Washington, April 23, 1862.*

SEALED PROPOSALS will be received at this office until Saturday, the 10th day of May, at 12 o'clock m., for furnishing the Government with (3,000) two thousand Horses, of the following descriptions, viz:

CAVALRY.

FOR CAVALRY.—(1,000) One thousand horses, from (15) fifteen to (16) sixteen hands high, between five and eight years of age; of dark colors; well broken to the saddle; compactly built, and free from all defects.

ARTILLERY.

FOR ARTILLERY.—(1,000) One thousand horses, from (15¾) fifteen and one-half to (16) sixteen hands high, between five and eight years of age; of dark colors; free from all defects; compactly built; well broken to harness, and to weigh not less than 1,100 pounds.

PROPOSALS.

Proposals must specify clearly whether the bid is for Cavalry or Artillery horses, and in no case must both be bid for on the same paper.

If any bidder wishes to propose for both classes he must forward two distinct proposals—one for each class complete in itself, and having no reference to any other proposal by the same party.

If a bid is in the name of a firm, the names of all the partners must appear, or it will not be considered.

Proposals must be addressed to Col. D. H. Rucker, Quartermaster U. S. Army, Washington, D. C., and must be plainly marked, "Proposals for Horses."

GUARANTEE.

The ability of the bidder to fill the contract, should it be awarded to him, must be guaranteed by two responsible persons, whose signatures must be appended to the guarantee.

The responsibility of the guarantors must be shown by the official certificate of the clerk of the nearest district court or of the United States district attorney.

Bidders must be present in person when the bids are opened, or their proposals will not be considered.

Bonds, in the sum of ten thousand dollars, signed by the contractor and both of his guarantors, will be required of the successful bidder upon signing the contract.

As the bond must accompany the contract, it will be necessary for bidders to have their bondsmen with them, or to have bonds signed in anticipation and ready to be produced when the contract is signed. Blanks for bonds can be procured upon application being made at this office, either personally, by letter, or by telegraph.

Form of Guarantee.

We ——, of the county of ——, and State of ——, and ——, of the county of ——, and State of ——, do hereby guaranty that ——, he is able to fulfil a contract in accordance with the terms of his proposition, and that, should his proposition be accepted, he will at once enter into a contract in accordance therewith.

Should the contract be awarded him, we are prepared to become his securities.

(To this guaranty must be appended the official certificate above mentioned.)

INSPECTION, DELIVERY, &c.

All horses contracted for under this advertisement will be subjected to a rigid inspection, and those not conforming to the specifications will be rejected.

No *Mares* will be received.

The horses must all be delivered in this city on or before *Saturday, the 31st day of May* and no extension of time will be granted on any pretext.

Payment to be made upon the completion of each contract, or so soon thereafter as the Depot Quartermaster shall be in funds.

Any informality in the bid, or non-conformance with the terms of this advertisement, will insure the rejection of the proposal.

These horses will be awarded in lots of not more than (200) two hundred each, unless the Depot Quarter master should deem it for the interest of the Government to accept a larger number.

The Depot Quartermaster reserves to himself the right to reject any or all bids that he may deem too high.

Colonel and Depot Quartermaster.

NEW INVENTION OF ARTIFICIAL CHEOPLASTIC BONE TEETH, without metal plate or clasps, by

DR. S. B. SIGESMOND,

810 Broadway, New York; and 369 Penna. avenue, bet. 12th and 13th sts., Washington, D. C.,

Calls the attention of the public to the following advantages of his improved system:

1st. The teeth of his manufacture will never corrode nor change color by any acids, and are three-fourths lighter than any other.

2d. No teeth or roots need be extracted, as the artificial ones can be inserted over them.

3d. The roots will be made inoffensive and never to ache.

4th. No temporary teeth are needed, as permanent ones can be made immediately, thereby preserving the natural expression of the face, which, under the old system, is frequently disfigured.

5th. This work has been fully tested, for over five years, by many of the first Chemists and Physicians of this and the old country.

Dr. S. has also invented a white indestructible metal filling with which the most sensitive teeth can be filled without pain, and can hold up a perfect sound tooth on any side roots, which will last through a lifetime.

He refers to the following gentlemen: Dr. W. Mott Dr. Dowenne, Professor of Chemistry, Hon. A Mason, late Capt. Ordnance, Vice President of the Emigration Co. of New York; Hon. Judge Wayne of the Supreme Court, of Washington, D. C.; and thousands of others.

S. H. LEWIS, D. D. S.

Dental Surgeon.

OFFICE No. 246 PENNSYLVANIA AVENUE,

Between Tenth and Thirteenth Streets,

WASHINGTON CITY,

Respectfully tenders his professional services to the public. Having had an extensive practice in Philadelphia, he feels himself fully competent to discharge his duty in every case which may be presented to his care.

Dr. L. has secured the right to use the most improved, patented by Drs. A. M. & J. L. Amy, of Philadelphia, for fastening artificial teeth to gold, silver, or platina plates, which precludes the possibility of saliva or foreign materials secreting between them, at the same time rendering the operation more firm, natural, and of more utility to the patient, dispensing with the ordinary modes of fastening, by rivetting or soldering, which so often causes the springing of plates, and consequently an imperfect adaptation to the mouth.

He would respectfully invite the public to his office to examine this improvement. To do so is to be convinced of its superiority over all methods heretofore used.

The dental profession is also invited to call and examine its merits and utility.

Also, dentists can be furnished with teeth of all kinds, at a less price than they can be bought elsewhere. nov 6—tf

THE

Book For The Soldiers!

THE OFFICERS OF OUR *UNION ARMY AND NAVY*, THEIR LIVES, THEIR PORTRAITS.

This volume contains the PORTRAITS (fine line engravings) and BIOGRAPHIES of each of the following prominent Officers:

Gens. Anderson, Banks, Butler, Burnside, Blenker, Barry, John Cochrane, Couch, Dix, Dayton, Franklin, Fremont, Reinzelman, Lane, Lyon, Mansfield, McClellan, McDowell, Richardson, Meagher, Sickles, Sigel, Scott, Slocum and Wool. Cols. Corcoran, Cowdin (1st Mass.) and Ellsworth. Com. Dupont, and Capt. Wilkes.

The publishers tried to produce a book essentially for the soldiers, complete, compact, elegant and cheap—to be
