GRACE DIRECT WINNER OF 2.06 PACE

Philadelphia, Aug. 12.—Grace Direct, the speedy daughter of Walter Direct, won a hollow victory in the $5,000 stake for 2.06 pacers, the feature of the opening day of the third annual Grand Circuit meeting at the Belmont Driving club's track at Narbeth today. The race had only three starters and was decided in straight heats. Grace Direct won as she pleased, neither Frank Dewey nor Edward P. being able to push the Tennessee mare at any stage of the journey when Driver Sturgeon let go of her head.

The races were decided on the three heat plan, every heat a race and the money was well split up.

The 2.13 pace went four heats and furnished the best contest of the day. Ed Geers' Homefast, driven by Ben Walker, won the opening heat. Prince Pepper the second and Harper the third. The three heat winners met in the fourth heat, which Harper won easily in 2.13 1-2.

The 2.08 trot for the A. B. Mathews cup and a purse of $1,000 furnished good racing. Oscar Watts took the first heat from Hollyrood Kate, which got off to a bad start, but Dodge's mare easily cutclassed the field and captured the next two in close heats.

The other events were for Philadelphia horses only.

The weather was fair and the track in good shape but not fast. Romey Biggs of Baltimore was the started.

FINANCIAL AND COMMERCIAL

MARKET DULL, IRREGULAR.

New York, Aug. 12.—Dullness and irregular price changes were the conspicuous features of today's stock market. The volume of business dwindled almost to the smallest total of any full session in many weeks, sales amounting to only 775,000 shares.

Unlike the previous day, the opening was heavy, evidently as a direct consequence of pressure from the short interest, which centered mainly in steels and the shares of related groups.

Thereafter the list rallied and reacted alternately, equipments, oils and some of the food issues, as well as various unimportant specialties helping to stabilize the market. Rails, tobaccos and sundry unclassified stock moved contrarily, but the tone at the close was firm to strong, Baldwin Locomotive leading at a gain of almost 7 points.

There were no essential change in fundamental conditions touching upon the stock market, call money remaining comparatively easy, despite misgiving created by the heavy withdrawal of federal deposits.

The industrial situation was more favorable to the extent that the railroad shopmen's strike manifested signs of early settlement in the east and prospects of a local traction walkout were regarded as more remote.

Additional capital underwritings were reported, including the formation of a syndicate for the sale of the new U. S. Rubber common stock. Rumors dealing with new foreign loans, with intimations of a French municipal offering, were said to be premature. Incidentally, exchange on Paris was slightly firmer, rates to other important centers also improving.

Bonds were more steady than the stock list, although Liberty issues yielded slightly and internationals were irregular. Total sales, par value, were $11,275,000. Old U. S. bonds were unchanged on call.

The Garage Manager's Advice

"Well, I tell you, Mr. Smith, I don't think it pays to fool with inferior mixtures. If I were you I'd use **Polarine**. *There's* a good high quality oil that'll keep your car smooth-running and powerful. Regulated properly, it's the *right oil for any car.*

"You see **Polarine** puts an oil film between your cylinder walls and your piston heads which keeps every bit of power right behind the pistons.

"No, indeed—**Polarine** never breaks down when the motor gets hot. It keeps its body at the highest cylinder heat—and it protects your bearings and all moving parts against wear."

Polarine is always uniform and dependable. For sale wherever you see the red, white, and blue SoCOny sign.
