PROPOSALS FOR STATIONERY.

DEPARTMENT OF THE INTERIOR,
WASHINGTON, June 1, 1862.

Sealed proposals for furnishing such stationery as may be required by the Patent Office during the fiscal year ending June 30, 1863, will be received until 12 o'clock M. on Saturday, the 5th of July next. These proposals must be accompanied by satisfactory testimonials of ability to execute the contract, and will be considered, and contracts will only be awarded to established manufacturers of or dealers in the articles.

All articles required must be of the best quality of their kind, and not inferior to the samples which will be exhibited at the Department.

Each proposal must be signed by the individual or firm making it, and must specify but one price, for each and every article of the schedule or at the class bid for.

The articles, when furnished, must correspond with the samples, or any of them, if desired, and in no case be inferior in quality to the samples; and they must be delivered without charge, carriage paid, and must be satisfactory to the Commissioner, and a failure to comply with this stipulation will be deemed cause for the abrogation of the contract.

Articles not named in the schedule are to be furnished at the option of the Office, at the lowest market prices, and the right is reserved of ordering a greater or less quantity of any article contracted for as the public service may require.

Bonds, with approved security, must be given by the person or firm obtaining the contract; and in the event of the refusal or neglect of the contractor to furnish any of the articles named in the contract, on the commencement of the month, the same may be purchased in open market, and the difference in price paid therefor, and the contract price shall be charged to the contractor, and deducted in the settlement of his account for the quarter during which such refusal or neglect may occur.

Bids should specify quality, as nearly as can now be done, the amount, quality, and description of each of the articles likely to be required.

The bids will be examined for each of the three classes separately, and contracts for one or more of the classes awarded, as may be deemed most advantageous to the office.

Proposals to be addressed to the "Commissioner of Patents," and endorsed "Proposals for Stationery."

DR. LELAND'S
Anti-Rheumatic Band!
PERMANently CURES
RHEUMATISM, in its various forms,
GOUT and NEURALGIA,
STIFFNESS and NERVOUS AFFECTIONS,
IMPURITIES of the BLOOD,
And the Bad Effects of Mercury.

It is a conveniently arranged BAND or BELT, containing a medicated compound, to be worn around the body, about the waist, EQUALLY EFFICACIOUS AS PATENT, wherever the disease may be, and can be worn without injury to the most delicate person.

By this process, the medicinal properties contained in the Band, being of a highly aromatic and volatile nature, and capable of being easily absorbed through the pores of the skin, come into direct contact with the blood, purifying and invigorating the entire frame, passed through the system of circulation, which would tend, not only to detract from their curative powers, but to impede the internal organs and destroy the digestive apparatus, thus avoiding the injurious effects, so often the result of heated medicine, and obtaining a perfect cure, by purifying and equalizing the circulation of the vital fluid, and restoring the parts affected to a healthy condition. This BAND is also of most powerful "ANTI-MERCURIAL" and will speedily relieve the system from the effects of mercury.

Incurable cases are cured in a few days, and we are continually receiving unsolicited testimonials—to which we invite inspection at our office—of their efficacy in extensive cases of long standing.

Price Two Dollars. Sent by mail upon receipt of $2, or by express everywhere, with all necessary instructions, from the principal office of

G. SMITH & CO., Proprietors,
491 Broadway, New York.

N. B.—Pamphlets circulars sent free.

This Band will not interfere with the soldier's bill.
