RECEIVED DECISION OVER DUNDEE

New York, Feb. 25—Willie Jackson received the judges' decision over Johnny Dundee at the end of a fifteen round bout here at Madison Square Garden tonight. The two New York lightweights fought a fast battle.

Jackson weighed 133 3-4 pounds at two o'clock this afternoon and Dundee three pounds lighter. It was their tenth ring meeting.

Jackson's superiority tonight was demonstrated decidedly but Dundee gave a wonderful exhibition of gameness and ring strategy.

In the early rounds Jackson kept pounding with lefts and rights to the body and head. Dundee did most of his work with his left in jabs and hooks to head and face.

In the eighth and ninth rounds Dundee outgeneralled his opponent but during the remainder of the fight Jackson scored heavily with hard blows on head and body. Dundee fought back with great vim and courage.

In the final round Jackson tried for a knockout but Dundee was fighting him toe to toe at the final bell.

The Yale relay team was made up of Lorrin P. Thurston, of Honolulu; Edwin Binney, Jr., of Sound Beach, Conn., William L. Jelliffe, of New York, and Charles D. Pratt, of Honolulu.

The final score of the meet was Yale 37, Pennsylvania 16. Armstrong of Penn won the 50-yard swim, with Solley of Yale second. The time was 25 3-5 seconds. Pollard of Yale won the fancy dive event. In the plunge Bursk and Kohler of Penn were tied for first place.

FINANCIAL AND COMMERCIAL

MARKET UNSETTLED.

New York, Feb. 25.—Conditions in the stock market today denoted moderate improvement in the sense that offerings of representatives shares diminished visibly. This was neutralized, however, by renewed pressure against many of the volatile or speculative issues.

The status of the steel industry entered largely into the calculations of traders because of the meeting here of the American Iron and Steel Institute. Assurances that the session bore no direct relation to prices or wage schedules caused hurried covering of short contracts.

News dealing with the general industrial situation was more hopeful. Detroit reported a marked increase in the working forces of the automobile companies and New England advices told of a further revival in the textile and leather trades.

Transportation conditions were unchanged, prospects indicating further curtailment of employment on the larger systems. The marine situation was threatened with fresh complications as a result of possible labor troubles at the expiration of the existing agreement between ship owners and unions.

Stocks manifested every disposition to improve in the last hour on call money's decline to 6 per cent., but the list became unsettled just before the close, when heavy selling of Vanadium and Replogle Steels and Stromberg Carburetor set in.

Those issues suffered extreme declines of 3 1-2 to 6 3-4 points before supporting orders in Vanadium and Replogle effected partial recoveries. Stromberg was without support, however, making a net loss of 5 points. Sales amounted to 500,000 shares.

Dealings in bonds were larger than at any previous session of the week, but the increased activity was mainly at the expense of values. Liberty issues were irregular, though mostly lower, as were also local tractions and the international group. Total sales (par value) aggregated $15,275,000.

CHICAGO GRAIN MARKET.

Chicago, Feb. 25.—Export business together with some investment buying rallied the wheat market today after there had been fresh declines. The close was strong at the same as yesterday's finish to 1 1-4c higher with March $1.67 1-2 to 1.67 3-4 and May $1.57 3-8 to 1.58. Corn gained 1-4@3-8 to 1c; oats 1-2 to 3-4c, and provisions 17 to 40c.

Wheat bulls obtained the advantage in the last half hour of the session. Previous to that time the market had been depressed by continued selling that was mainly ascribed to bearish aspects of the industrial outlook. Gossip that the government report on farm reserves March 1 would prove to be against the buying side tended also to weaken the market. On the downward swing of prices, however, European demand revived, and it was estimated that 1,400,000 bushels had been purchased for export. A quick upturn in prices followed, and there was lively buying at the last, much of it on the part of shorts but also a considerable amount that appeared beyond question to be for investment. Talk of Hessian fly danger in the northern section of the wheat belt counted somewhat as a late bullish factor.

Corn and oats rallied with wheat. Smallness of rural offerings of corn attracted a good deal of notice.

Higher quotations on hogs gave a list to provisions.

"Let's Go"

COPYRIGHT CLINEDINST, WASHINGTON

Col. Edward L. Munson, chief of the morale branch, general staff, a deep student of soldier psychology who believes that "Let's Go," was the chief battle slogan of the American Army in the World War. There were other popular and effective phrases used by the troops, "Where do we eat from here?" etc., but in the opinion of Colonel Munson for everyday use in rest or in battle, the slogan, "Let's Go" stands foremost. None other seems so typically American, so brief and so satisfying.

"Picture Brides!"

The manner of "picture bride" marriages in California is this: A Japanese sends his picture to his relatives in Japan who select a suitable mate and in turn forward her photograph to the waiting suitor in America. If satisfactory, the relatives on both sides meet, hold a banquet and the marriage is considered a fact. The bride then joins her husband in this country.
