Now you can take sulphur, cream of tartar and herbs in tablet form. A better remedy, easy and pleasant to take in Sulpherb Tablets. Sold by all druggists. A laxative, blood purifier of unequalled merit for those who are constipated and suffering in any way from such pent-up poisons. Each package is guaranteed to give wonderfully satisfactory results. Saturday everything looked lovely for success to crown weather prophet Herbert W. Lucas' prediction of a pleasant Easter Sunday, made several weeks ago. By the latter part of the afternoon rain was close and it began falling in the early morning.

EASTER SERVICES FILL THE CHURCHES

Overcast skies for Easter Sunday morning had but little effect upon the congregations in the Norwich churches which reported all the services of the day unusually well attended. By the latter part of the afternoon it began to rain and by night there was a smart drizzle, but the evening services were largely attended, also.

Special musical programmes on the Easter theme and sermons that brought the joyous Easter message were presented in all the churches and floral decorations were used with impressive effect.

New Members Received.

At the United Congregational church the Sunday school attended the morning service and the pastor, Rev. Alexander H. Abbott, gave a short talk to the children besides the sermon, which was on the theme, Morning For the Soul.

Dawley and Miss Marion Beebe. After the morning service the flowers were sent to sick and shut-in members of the congregation. Potted pansies were given to each member of the kindergarten of the Sunday school.

Awards For Attendance.

Easter was observed at Trinity Episcopal church on Sunday with special music in the morning and the annual Sunday school festival at 4 o'clock in the afternoon. This service was held in the church which was prettily decorated with cut flowers, Easter lilies, hyacinths and daffodils which were arranged on the altar and in other parts of the church. There was carol singing by the school assisted by the choir. Rev. J. Eldred Brown, rector, spoke to the school on the Easter Customs of Various Lands.

Children's Programme.

The children of the Federated church gave their Easter programme on Sunday evening in the church which was very delightfully rendered to a very appreciative audience. Baptism and Easter Concert.

At the First Baptist church, Sunday morning, Rev. George H. Strouse's Easter message was followed by baptism. The ten new members were welcomed into the church at the communion service.

In the evening the annual Easter concert was given by the Bible school which was in the hands of the Philathea class and was most enjoyable and successful.

There was a large congregation which enjoyed the special Easter music and the work of the young people who took their part so well in the program. The Easter decorations were very attractive, Easter lilies, pots of hyacinths and daffodils with ornamental trees were used effectively as were electric symbols used in several exercises adding greatly to the decorations. The potted plants and flowers purchased by the classes were, after the concert, sent to sick members of the respective class or to the shut-ins of the church.

The musical part of the service was carried out by the boys' choir. Rev. Richard R. Graham, rector, preached a special sermon for the children. Rev. Mr. Graham explained to the little ones the meaning of the Resurrection, reviewing the story from the death of Christ on the cross Good Friday until His resurrection Easter morning when the stone was found rolled away and the sepulchre empty.

The mite boxes were collected by four boys, the offering to be used for the mission work of the church.

At St. Mary's Church.

The beauty of Kalliwoda's brilliant Mass in A was given full musical value by St. Mary's senior choir at the 10.30 service at the church. The intricate harmonies and massed choral effects were handled in a masterly fashion and gave evidence of a high standard of development. The Credo was especially well interpreted, the rich full melody always to the fore, embedded, as it is, in a mass of difficult harmony. Wiegand's Haec Dies, with its sweeping theme and varied tonal shadings, was sung in the same praiseworthy manner. Special mention is made of the soloists of the day. Miss Sadie Driscoll, soprano, Miss Emma Portelance, alto, Horace Corning basso, Nicholas Spellman tenor. The parishioners of St. Mary's are promised many a fine musical treat during this Diamond Jubilee year. The singing was under the direction of the organist, Prof. Henry La Fontaine.

The programme:

Prelude,	Debussey
Kyrie,	Kalliwoda
Gloria,	Kalliwoda
Credo,	Kalliwoda

At Park Church.

Easter at Park Congregational church was marked by an exceptionally fine programme of Easter music and sermon by Rev. S. H. Howe, D. D., pastor of the church. The offertory, Easter Dawn, a solo composed by Mr. Woodman, a former organist of Christ Episcopal church, was rendered by E. B. Seamans, with 'cello obligato. Rev. Dr. Howe took the text of his Easter sermon from Heb. 6:19, 'Which hope we have as an anchor of the soul." The decorations of the church were beautiful and artistic, including cut flowers, daffodils, hyacinths and palms.

New Pastor in Charge.

At the Church of the Good Shepherd (Universalist) the day marked the beginning of the pastorate of Rev. George H. Welch, who preached at the morning service upon the theme, Our Easter Hope, The Larger Resurrection.

SUFFRAGISTS TO MAKE FIGHT IN LOUISIANA

New Orleans, La., April 4.—A fight over suffrage is under way in Louisiana in view of the possibility that the state legislature may vote next on the question of ratification.

Orders to help make Louisiana "the thirty-sixth state" went from suffrage headquarters today to leaders working to round up supporters for the amendment which will be considered by the legislature at its session beginning May 10.

A peculiar situation, however, has developed in connection with the fight in the announcement that suffragists themselves were divided and that many leaders in the movement were opposed to ratification of the federal amendment. Miss Kate Gordon and Miss Jean Gordon, widely known because of their long fight for suffrage, have conducted cmapaigns in Louisiana against the federal proposal, holding that it violates state's rights. It is their contention that each state should decide the issue for itself.

But while there is some division in the ranks, leaders in the fight for ratification are highly elated over the fact that Governor-elect John M. Parker, who will take office six days before the legislature convenes, long has championed the suffrage cause. In his campaign Mr. Parker urged suffrage in nearly every speech. He helped draft the progressive party's platform in 1916, with its suffrage plank. Governor Pleasants has consistently opposed suffrage.

Holdover members of the senate and house are reported to be about evenly divided on the ratification question, with 75 new members holding the balance of power.

Says Fat People Now Rejoice

Testimony Proves Arbolone Safe, Sure Reducer.

Enjoys Wide Sale Amongst Educated Wealthy Set.

The physician who originated the Anti-Fat treatment known to physicians and druggists as "five-grain tablets Arbolone" is being praised and thanked by scores of women in the class known as "society devotees."

A literary woman in Los Angeles, being so highly elated over her success in reducing, has written a clever little poem, which recites the facts and expresses deep gratitude as well. To safely and surely reduce from 20 to 60 pounds is easily accomplished when tablets Arbolone are used regularly. They are not drastic or dangerous, used as directed, but simply and surely dissolve the fatty elements and eliminate from the system. Also, they remove the craving for such foods as are not desirable for fat folks to use. Herein, Arbolone is superior to all other anti-fat medicines, as it automatically overcomes the abnormal, preverted appetite for starchy foods, etc. Sold by all druggists in sealed tubes with full directions.

Then begin taking regularly three-grain hypo-nuclane tablets, which are made from a health-germ of ordinary yeast and combined with hypophosphites and an absorptive phosphorus.

Physicians and chemists assert that this tablet is very largely used for increasing the weight and improving the nervous system because of its aid to digestion, assimilation and absorption. The food elements which go to make blood and solid tissue is retained when this treatment is regularly used for several months. Most apothecary shops supply them in sealed packages.
