JNO. M. APP respectfully informs the public generallly that he has leased for a term of years, the well known tavern stand in Evansville formerly kept by E. Ehrsam, and lately by Benj Nurre. The house has been thoroughly repaired, and handsomely fitted up with entire new furniture, and those of the travelling public who may favor him with a call, may rest assured that their comfort and convenience will meet with every attention.

His Table will always be supplied with the best that the market affords, and his Bar furnished with the choicest loquors, carefully selected by an experienced hand.

Attached to the Hall, and immediately on the Public Square, are his stables, acknowledged by all to be the most spacious and convenient in the place.

MUTUAL BENEFIT LIFE INSURANCE COMPANY.
THIS institution is distingm others, at home or a boad, by all, or more, of the following peculiarities—

1 ere the premiums are over $50, it requires only one quarter part in cash, instead of the whole.

2. It allows the assured to pay yearly, quarterly, monthly or weekly.

3. No part of the profits are withheld, or diverted from the assured, either in charity or otherwise.

4. It has no loan, either nominal or real, to pay interest for, having a sufficient capital funded, from premiums received.

5. The assured can withdraw his profits, or have them to accumulate, year by year, at his option.

6. It assures to the age of 67, instead of stopping at 60.

7. It declares the profits yearly, instead of once in five or seven years, and issues scrip yearly to the Assured, bearing 6 per cent interest—which scrip is redeemed in cash, when the profits amounted to $200,000, or allowed to accumulate at the option of the Assured.

8. It enables a man to provide for his wife and children in such a way, that although he may lose every thing, they are safe; and all persons, whether married or unmarried, to provide for Old Age, Sickness and Want, as well as for Death.

9. The Assured can surrender the policy at any time after the first year, and receive its equitable value.

10. At any time after the first year, the Assured can borrow on the scrip issued, two-thirds of its amount,—so that he has nothing to fear from a change of circumstances, or inability to pay the premium.

11. Directors and Officers are chosen yearly; and the Assured votes according to his interest.

12. The funds are all invested in United States, New York, New Jersey and Massachusetts stocks, and in Real Estate in New York and New Jersey, wholly unincumbered, and of double the value loaned.

13. It pays no Directors, no Auditors, no Solicitors. It lends money to neither.

14. It does not reckon the Assured a year older than he is—but from six months less to six months more, so as to equalize the estimate between all parties.

15. The rates are lower, the expenses less, and the profits larger, than with Foreign Offices; investments here yielding from 6 to 7 per cent.—abroad only 3 per cent.—to say nothing of 33 1-3 per cent reserved; nor of interest allowed to those who furnish a "guarantee capital," at the rate of 5 per cent, on every hundred pounds subscribed, for every ten pounds paid in!

16. Instead of encouraging, every precaution is taken to prevent, a forfeiture of the policy.

17. The hability of the Assured is limited by Law, to the amount of his premium note.

FIRE & MARINE INSURANCE.
"If there be safety only in good security—in order to be secure we must be safely Insured."

WHEN we hear of our friends loosing their property by fire, or that the vessel on which they have made shipment of Produce or Merchandize is lost, the first question we ask is 'were you insured?' Now if we feel such an interest in the welfare of our friends, how can any one risk the dangers that are continually surrounding his own property without being able at any time to answer the question if put to himself, "Yes I am Insured."

The Camden Insurance Company of New Jersey, well make insurance on Buildings, Household furniture and Merchandize of all kinds—also upon shipment of Produce and Mercandize, on boad of Steam Boats, Sailing Vessels, Canal, Keel and Flat Boats, at a fair valuation and at reasonable rates of Premium, and, in case of loss, as soon as the claim can be properly adjusted—pay over the same.

ALLEN C. HALLOCK, Agent,
Office on Main st., near Water,

The high reputation which this Company bears for its ability, liberality and promptness in adjusting losses, entitles it to the confidence and patronage of the public. ISAAC A. CRANE, *Ag't.*

SELECT SCHOOLS.
The Male Academy and Female Seminary will Deo volente, commence their Fall Sessions the first Monday in September.

The school-year consists of two sessions of 22 weeks each; the tuition payable quarterly as heretofore. Pupils can commence at any time, though it is exceedingly desirable and important that they enter at the beginning of the term, when subjects of study are begun and classes organized for the Session.

No pupil will be received for a less time than half a Session. Deduction will be made for absence in case of protracted illness.

The Seminary comprises two departments, PRIMARY and ACADEMICAL, occupying distinct yet contiguous apartments, being under one general supervision, and constituting in reality but one school; the studies of the Primary Department being preparatory to the more advanced ones of the Academical course.

The Academical Department is arranged into three classes, characterized by the branches studied by them respectively, and denominated for convenience sake, the Junior, Middle and Senior Classes.

JUNIOR STUDIES—Arithmetic, Geography, Ancient and Modern History, Eng. Grammar, Watts on the Mind, and Natural Philosophy.

MIDDLE CLASS—Arithmetic (finished,) Algebra, Natural History, Botany, Chemistry, Astronomy, Anatomy, & Physiology

SENIOR CLASS—Algebra (finished,) Geometry Mental and Moral Philosophy, Rhetoric, Logic, Natural Theology and Evidences of Christianity.

The above course is the more common, and in our judgment one which should, in its general outlines, be pursued by those desiring a systematic and thorough education.

The Male Academy, designed more particularly for those studying the classics, and higher English branches, will be conducted on the same plan and terms as during the past year.

VOCAL MUSIC—A course of forty lessons, (two each week) will be given out of school hours, on the elementary principles of vocal music, for those who are *not* members of the day school as well as for those who are. Those who have never studied music as a science, will find the course adapted to them.

WINER'S Canadian Vermifuge—The best remedy ever yet discovered for all kinds of WORMS. It not only destroys Worms and invigorates the whole system, but it dissolves and carries off the superabundant slime or mucus, so prevalent in the stomach and bowels of children, more especially those in bad health. The mucus forms the bed or nest in which worms produce their young, and by removing it, it is impossible for worms to remain in the body. It is harmless in its effects on the system, and the health of the patients is always improved by it use, even when no worms are discovered; th emedcine being palatable, no child will refuse t take is not even the most delicate.
