SLOAN'S GOES RIGHT TO THE ACHING SPOT

You can just tell by its healthy, stimulating odor, that it is going to do you good

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's Liniment *handy* to knock it out. Popular over a third of a century ago—far more popular today.

That's because it *is* so wonderfully helpful in relieving external aches and pains—sciatica, lumbago, backache, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for *it soon penetrates without rubbing*, to the sore spot. No muss, no stained skin.

All druggists—35c, 70c, $1.40.

INJURY TO M'GOWAN STOPS TITLE SKATING RACE

New York, March 28—An inquiry prevented Everett McGowan of St. Paul from competing in the deciding indoor professional speed skating race tonight with Noval Baptie of Bathgate N.D., holder of the Canadian title. Each had won a race and Baptie, declining to win by forfeit, agreed to postpone the final mile race indefinitely.

After winning the 440 yard event in 46 1-5 seconds, McGowan tripped during the half mile pursuit race, strained his back and was unable to continue.

On All-Star Team.

Two Western Massachusetts high school boys, Samboraki of Westfield and Ranier of Adams, are named on the all-star teams picked by officials who handled the interscholastic basketball tourney in Boston. Both are guards and Ranier is placed on the first five, with the Whip city boy picked for captain of the second.

Four Rookies to Stick.

Of the four rookies whom Connie Mack says are sure to stick with the A's, two are former Eastern leaguers, Frank Brazil and Paul Johnson. Emmett McCann and Johnny Walker are the others.

Exhibition Games.

At Sacramento—Chicago Nationals 5; Sacramento (Coast League) 4.

At Orlando, Fla.—Washington Americans (second team) 2; Orlando (Florida League) 1.

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!

Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

35c and 65c jars; hospital size $3.00

MUSTEROLE
WILL NOT BLISTER

RICKARD RECEIVES BIG OFFERS FOR BOUT

New York, March 28.—Two new offers for the Dempsey-Carpentier heavyweight championship were made to Promoter Tex Rickard today. One came from a Nevada silver mining camp and guaranteed the pugilistic impresario the sum of $300,000 if he would stage the contest there on July 4. The other was presented by representatives of a London syndicate and included a half million dollar offer for the bout if it could be staged in the Olympia during Derby week.

Rickard took the offers under consideration and said that a final decision might be expected during the present week unless untoward circumstances arose to delay his selection of the place of the battle.

From authoritative sources it was learned, however, that Rickard has no intention of staging the match in any isolated section of the country if a site close to the metropolis is available. The expense attendant upon a boxing bout of this calibre is so great that only a large center of population to draw from would warrant the erection of an arena capable of seating the number of spectators necessary to pay for the purse involved.

Reports were current today that the contest would be held in New Jersey and both Newark and Jersey City were named as probable sites for the arena. Rickard refused to deny or confirm the rumors and stated positively that he would not announce the place of combat until he was absolutely assured that he could go through with the enterprise once he had started building the structure.

PALACE TAKES TWO GAMES FROM MOOSUP IN ROLL-OFF

In the second game of the roll-off in the triple tie in the Eastern Connecticut league the Palace five took two string frim Moosup at the Palace alleys on Monday evening. The locals boys had the Indian sign on the Moosup boys except in the first string when the up-river team nosed out by two pins. Aldi took high single and total.

This makes the standing in the roll-off, Taftville won 5 and lost 1, Paace won three and lost three, Moosup won 1 and lost 5. The local boys will have to win practically all their games to win out while Moosup has only a slim chance. Taftville with their big lead looks like a possible winner.

The scores of Monday night's game follow:

Palace				
Simcox	101	108	103—	312
McCarthy	98	93	119—	310

Zbyszko and Pesek Matched

Chicago, March 28.—Stanislaus Zbyszko, heavyweight wrestler and John Pesek of Nebraska, today were matched to meet here in a finish match April 13. On the same date Ed (Strangler) Lewis, world's champion, will meet either Jim London or Renato Gardini.

WESTERLY TOO STRONG FOR TAFTVILLE SOCCER PLAYERS

The soccer team representing the American Thread company of Westerly, R. I., defeated the Taftville soccer team on Saturday afternoon at the Providence street grounds by a score of 3 to 2. The Westerly team won the toss and Westerly forced the game to Taftville territory, where Finlayson did some spectacular work and prevented many scores. On a free kick Taftville broke away on the left and Parsons scored the first goal for Taftville. Westerly then started a smashing offensive and drove the ball back into the Taftville territory and across the goal for a score, making it 1 and 1.

After the change of goals Westerly sent their forwards through with a rush and scored another goal. This put more fight into the Taftville boys and Mathers scored a goal for Taftville. Westerly again sent their forwards through the Taftville defense for a third goal, giving Finlayson no chance to got in any interference. At this stage of the game Westerly was completely overpowering Taftville, and had it not been for the excellent work of Finlayson the score would have no doubt been greater. The game ended with Westerly in the lead by one goal.

Taftville will play Bradford next Saturday and there will be a meeting before then to make changes in the lineup. Next Sunday there will be the first game for The Bulletin cup between Plainfield and Westerly at Plainfield.

WERNER AND VOSHELL SPLIT EVEN IN TENNIS SETS

New York, March 28.—S. Howard Voshell, twice holder of the national indoor tennis singles championship, narrowly missed becoming the victim of a reversal in the second round of the titular tournament in the Seventh Regiment armory today. The famous left-hander was being outplayed, by J. L. Werner, the Princeton star, when the fading light caused a postponement of the battle after each had won a set. Voshell won the first set 6 to 4. Werner took the second 8 to 6.

In the other important matches of the second round, Vincent Richards overwhelmed Percy L. Kynaston, 6-4, 6-2. C. C. Shafer of Philadelphia easily outplayed J. W. C. Hering, 6-0, 6-1, and George G. Moore Jr., defeated Russell A. Dana, former Rhode Island star, 6-2, 3-6, 6-3.

AL SHARPE TO LEAVE YALE NEXT JUNE

Philadelphia, March 28.—Al Sharpe, athletic director at Yale, will leave Yale in June, when his contract expires, to become president of the Ithaca (New York) School of Physical Education, according to a letter received here today. Philadelphia is Sharpe's home.

Jack Moakley, Cornell track coach of the American Olympic athletic team last year, will be associated with Sharpe in the new venture, but will continue to direct track work at Cornell, the letter stated.

FINANCIAL AND COMMERCIAL

MARKET WAS UNSETTLED.

New York, March 28.—The hesitant and occasional heavy movement of prices on the stock exchange today was influenced by incidents and developments which accentuated the further enforced readjustment of commercial and industrial estimates.

This was indicated, for example, by the passing of the Sears Roebuck and U. S. Smelting quarterly dividend, coupled with rumors that omissions or reductions of dividend disbursements by other prominent companies are under consideration.

News over the week end was of a mixed or conflicting character. The stronger position of the local banks, as shown by last Saturday's returns, encouraged more liberal offerings of call and time loans and time funds and western centers reported moderate improvement in general lines of business.

These hopeful securities were offset in part by another decline in railway tonnage at leading transportation terminals, crop deterioration in several of the southwestern states and additional wage reduction. Trading was almost entirely professional and represented little else than the divergent opinions of that element. Oils, motors, steels, equipments and food and leather specialties comprised fully 60 per cent. of the turnover at extreme declines of 1 to almost 6 points.

Rails were slightly affected by the reaction and Sears Roebuck rallied sharply at the finish, the motion picture specialties also showing marked strength, especially Famous Players. Sales amounted to 675,000 shares.

The foreign exchange market was at a standstill on a continuance of the Easter holidays abroad, but additional gold imports were received from Europe and South America.

Liberty bonds and most of the international group were steady, but rails continued to ease.

CHICAGO GRAIN MARKET.

Chicago, March 28. — Spectacular shrinkage of the visible supply together with crop damage fears did a good deal today to lift the wheat market. Prices closed unsettled, 1 3-4 to 3 1-4c net higher. March $1.57 to $1.57 1-2 and May $1.43 1-4 to $1.43 1-2. Corn gained 1-4 to 5-8c, and oats 1-8 to 3-8c. In provisions there was a setback of 30 to 62 cents.

Highest prices of the day in the wheat market came after announcement has been made that a decrease of 2,818,000 bushel in the visible supply had so reduced the total that the amount left in sight was with one exception the smallest in more than thirty years. Besides, late advices indicated that contrary to reports which were current during the first part of the session considerable damage to growing wheat may have been done by the prevailing cold wave in the west and southwest.

Greater confidence regarding the speedy enactment of an emergency tariff bill was also to some extent a bullish factor. Trading which began today in the July delivery was of only moderate volume, with initial prices about what had been expected.

Corn and oats responded a little to the strength of wheat but before doing so May corn touched the lowest price yet for the present crop. Huge stocks are in sight. However, there was some export business both in corn and oats.

Lower quotations on hogs weakened provisions.

ONE UPSET FEATURES PINEHURST GOLF TOURNEY

Pinehurst, N. C., March 28.—There was one upset today in the second round of the woman's north and south golf championship tournament when Mrs. John D. Chapman of Greenwich defeated Miss Sarah Pownes of Pittsburgh on the home green, after trailing all the way, Mrs. Chapman squared the match by winning the seventeenth with a three and then took the 18th with a par five.

Mrs. Dorothy C. Hurd of Pittsburgh, present title holder found Mrs. Hope Gibson of the Hamilton Golf Club of Canada, on the top of her game and had to play her finest to win two and one. Mrs. J.S. Pritchard of Chicago, former western champion and Mrs. F.C. Letts, Jr. of Chicago present western champion, were only other players to win their way to the semi-finals. Mrs. Pritchard meets Mrs. Hurd and Mrs. Letts plays Mrs. Chapman tomorrow.

ONLY ONE REGULAR REPORTS FOR FOOTBALL PRACTICE

Cambridge, Mass., March 28—Captain Keith Kane was the only regular varsity player among the 35 who reported on Soldiers field for the Harvard spring football practice today. Several members of the second and freshman elevens were on hand. Coach Fisher said that the first two weeks would be devoted to drill in football fundamentals with scrimmages in the third and final week.

THREE WIN IN FIRST MATCHES OF BILLIARD PLAY

Detroit, March 28.—Walker Calderwood, Detroit, and W. R. Brewer, E. W. Lookabaugh and H. B. Kuhns o Chicago, were winners in the initial games of the amateur three cushion billiards championship tournament, which opened here today. They defeated L. A. Servatius, New York; A. H. Hahn, Chicago; G. H. Laubach, New York, and H. W. Sutcliffe, Chicago, respectively. The Lookabaugh-Laubach match furnished the best exhibition of the day, Lookabaugh running his 50 points in 141 innings, with a high run of 10, while his opponent made but 28 points.

CLEVELAND CARRIES OFF DAY'S HONORS IN BOWLING TOURNEY

Buffalo, N. Y., March 28.—Bowling in the two-man and individual events of the American bowling congress tournament today was devoid of any scores high enough to win a place among the ten leaders.

Cleveland carried off honors of the day in the two events, E. Dolish and E. Roepp scoring high doubles set of 1158 pins with F. Greenwell showing high count of 646 in the singles.

LYNCH WINS BY SHADE OVER YOUNG PINCHOT

Pittsburgh, March 28.—Joe Lynch, bantamweight champion boxer of the world, won by a shade from Young Pinchot of Charleroi, Pa., in ten rounds here tonight, according to a majority of the sport writers at the ringside.

The bout was slow in the early rounds Pinchot was the aggressor, landing often with his left. Lynch took six rounds, Pinchot three and one was even.

TREMAINE OUTPOINTS WHITE IN TEN ROUND BOUT

Detroit, March 28.—Carl Tremaine of Cleveland outpointed Jabez White of Albany in a ten round bout here tonight. Newspaper opinion gave Tremaine five rounds, White two, and the others were declared even. Both men finished strong. They are bantamweights.

Lack of rich, red blood makes you

Weak—Anaemic—Nervous—Run-down—

and *keeps* you so

You must pay your body to make rich, red blood

An abundant supply of rich, red blood is an absolute necessity to health. Because an abundance of rich, red blood flowing through the system distributes to all the organs and tissues the nutritive material which creates a *continuous supply of vital power.*

And remember you *must* have a *continuous supply* of vital power in order to replace the vitality consumed every day by the body.

Failure to pay the body to make rich, red blood largely accounts for

Weakness — Anaemia
Shaky Nerves and Run-down Vitality

In almost every case of weakness, impoverished blood, nervousness and run-down vitality, *there is a real shortage in the body of several mineral elements* which are absolutely essential to the creation of vital energy. These elements are, particularly, Iron, Calcium, Potassium, Sodium and Phosphorus. Therefore *all* these must be restored to the body to enable it to replace the vital energy which has been expended and to pay the body for the work it does.

All of these elements are contained in Wincarnis in appropriate proportions and agreeable form. So that by taking Wincarnis when you are weak, anaemic, or nervous, or run-down, you restore the very mineral elements which enable the body to create vital energy—to make the blood rich and red—to strengthen the nerves—and promote abundant vigor, vitality and endurance.

Choose the *right* way to health

Get well—but get well in a logical way. Use great care in your choice. Remember this important fact:—when the body requires a *variety* of mineral elements—it must have *all of them.* No amount of any single one will do. For instance, iron is excellent for making blood red. But no amount of iron alone will be sufficient when the body requires Iron, *and* Calcium, *and* Potassium, *and* Sodium, and Phosphorus, as it does in the majority of cases of weakness, impoverished blood, nervousness and run-down vitality. Wincarnis contains all of these because it is prepared especially for weak, anaemic, nervous and run-down men and women. Over 10,000 physicians have recommended Wincarnis. Your druggist has your bottle ready for you. Try just one bottle.

Pitchers Are Ever's Best Bets For Pennant

(By a Staff Correspondent)

(Copyright, 1921, By The Chicago Tribune)

(Special to The Bulletin)

Pasadena, Cal., March 28.—An improved morale is the outstanding feature of the Cubs this spring compared to those of 1920. John Evers, serving his second time as manager, has instilled into his men a spirit that was lacking totally last season.

"I don't know where we will finish," is the way Evers himself puts it, "but I know this team is going to fight. That's all you can expect of a ball club and frequently fighting or the lack of it is the difference between a winner and a loser."

The Cubs have added little new material of worth and have lost one man, Davy Robertson. Whether or not his retirement is a loss or a gain cannot be determined until the season is well advanced.

Pitchers Cubs' Strong Point

Manager Evers is placing great store on his pitching staff, but he longs for a better first baseman and at least one outfielder who can bat .300 or better. The persons to plug the weak spots are not available, apparently.

Evers figures that Alexander, Vaughn and Tyler should win at least sixty games and they may approach a total of seventy. If they do, somebody must win twenty-five in order that the Cubs may be contenders. Who can accomplish this is the problem. Oscar Fuhr, a rangy left hander from Omaha with "a rubber arm," looks handy. Virgil Cheeves, a 20 year old right hander from Texas, has received intensive instructions from Alexander until he apes his teacher's every movement. Cheeves is husky and willing, owns a naturally good fast ball and is developing a curve. Everybody is impressed with his possibilities.

Johnny Likes This Fellow

"This Cheeves may be the man who will win us a pennant," Evers opines.

The remainder of the staff consists of Speed Martin and Abe Bailey, hold-overs, who look no better than they did last season; Alex Freeman, recruited from Beaumont, Tex.; Carl S. Hanson, a right hander back from Peoria; Percy Jones, a left hander held over from last season, and Harry Weaver, recalled from Kansas City. Jim York is a southpaw, wild and discarded by Connie Mack.

Jones seems to have improved somewhat. He has the makings of a pitcher. Freeman is a smooth working youth, who doesn't appear ready for major league company, although he knows considerable about pitching. If Cheeves does not come through as expected the Cubs seem destined for a three-man staff, wit ha drop from the stars to the second string men.

Three Rooks for First Base

The infield presents a new first baseman. There are three of them—Ray Grimes, Tom Whelan, and Alfred Young. Grimes is a twin brother of the Giant Grimes, is long and husky, but slow in proportion. He has a mammoth pair of hands and tackles the ball with great bravery. He can hit. However, he has a weak arm. He batted .289 in the Eastern league last season.

Whelan is a colegian, who played in at least five institutions of learning. He throws well and is a fair fielder, but has displayed no symptoms of skill at the plate. Young is a lad fresh from the semi-pro ranks and doesn't enter into the discussion.

Grimes Has Best Chance

Grimes undoubtedly will get the job if Turner Barber is not recalled from the outfield. He has been slow getting into condition, a failing of all large men, but he can hit and he bats right handed.

Terry, who ran second in fielding, will be at the keystone sack again, while Hollocher will operate at short. Holly had an operation last midseason and played no more ball that year, but he has come back stronger than ever, and when right is just about the class of the National league at short.

Charley Deal is looked upon as the regular third baseman. He was the leading fielder last year. Don Brown, a youngster from Springfield, Mo., is quite handy at the hot corner. He fields well and throws hard and will bear watching. Lack of experience is his only handicap.

Kelleher to Be Retained

Hoke Warner, who had a trial with Pittsburgh, comes to the Cubs via Kansas City, and looks the part of an infielder. He rested last season and so has been late in attaining condition.

Johnny Kelleher, last year manager of the St. Joseph, Mo., club is certain to be retained as utility infielder. He is fast and steady.

Bill Marriott, who reported last fall, is out because of an appendicitis operation. Harold Leathers, who joined up last autumn is an improved athlete who probably will come back to the majors after another year in the minors. He is a shortstop.

Maisel is a Real Find

George Maisel has added strength to the outfield. He knows how to play ball, can field and throw and run the bases. Frank Chance, who lives out here, says of him:

"He is a ball player and I believe he can hit enough in the National league to be very valuable."

Evers has been using Friberg and Twombly in center, neither of whom is a finished fielder. Barber may draw the assignment later. Max Flack is going along in right field the same as always. He is steady as a clock and will bat at least .280. John Stangelo, a Boston semi-pro, is small and fast and lacking in experience. The Cubs need at least one more good fielder.

No Change in Catchers

There is no change behind the bat. Bill Killifer will do the bulk of the work, with Bob O'Farrel, second string man and Tom Daly operating mostly as pinch hitter. Everett Gomes also is with the club, and if Evers keeps four catchers the last named will be the king of the bullpen. O'Farrell's chance to work last season resulted in vast improvement, and he is one of the coming backstops of the game.

The club is likely to get a flying start in the National league race because of the condition of the pitchers. Alexander and Vaughn spent several weeks at Catalina island before the others came west and they are ready. Both have trained faithfully and Vaughn is ten pounds underweight. Alexander is cutting the ball lose every day and is able right now to work a full nine inning game.

Tyler Ready for Good Year

Tyler has taken things easy. Last year after a late start he won fourteen games and suffered no ill effects in his throwing arm. This spring he started where he left off last fall and says he is ready to go. If anything happens to Tyler's arm he will be turned into a first baseman, as he is exceedingly handy about the sack.

The personality of John Evers will add several points to the Cubs' pecentage standing. From the first day of this trip the men hustled. Ordered to report for practice at 11 o'clock, they all came at 10.

Last year the team shuffled off many ball games through indifferent playing. This year everybody is up on his toes and Evers is responsible. He even ordered two meals a day, omitting luncheon, and nobody complained, which is a fairly good indication of the respect in which he is held by his men.

"Give 'Em Best We Have"—John

"Nobody can tell at this time of year where a ball club will finish," the new manager says. "I know this much, the Cubs will give the fans the best they have. Where we finish in the race depends upon the strength of our rivals. You can tell the fans the Cubs will fight."

Bowling Match Changed

The bowling match scheduled for Wednesday night, between the teams tied for the honors of the trolley league, has been changed. Taftville will roll Moosup at Moosup, on Thursday night and on the following Monday the Palace will roll at Taftville.

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

For Stairways and Steps

The beauty of a graceful stairway is enriched by Inorout. Doorsteps are amply protected from the weather with this indoor, outdoor varnish. The deep velvety sheen cannot be equaled. Inorout will look brilliantly new long after it has outworn your greatest expectations.

Use Inorout wherever and whenever you need varnish. Seasons of wind, rain, snow, and sun do not even dull its gloss. Live steam, boiling water and salt water cannot make it chip, crack, or turn white. Buy Inorout.
