DANIELSON AND PUTNAM NEWS

DANIELSON

William A. Burrows was elected warden at Monday's annual borough meeting, in which only 64 votes were cast. All other candidates on the single ticket were elected. At the annual business meeting in the evening only about 30 out of more than 1,000 voters were present. The meeting accepted all the reports of the officials and authorized them to take such action as may be necessary to procure from the next general assembly such legislation as will enable the borough to take over from the town control of the sidewalks. The meeting adjourned until the first Monday in August, at which time the tax rate will be fixed.

Sessions of the town court scheduled for tomorrow (Wednesday) and Thursday will have to do with the disposition of cases in which violations of the motor vehicle laws are alleged. These have developed as the result of week end activities.

Charles Skinner and Stanley Gwonczy, both of Goodyear, will be charged with operating a car that is not registered. Gwonczy is said to be the owner of the car and in court Skinner will be charged with loaning the number plates off his machine for use on the Gwonczy car.

The machine, with Skinner driving, rammed into the narrow bridge on the state highway at Central Village Saturday evening. Gwonczy was pitched out and hit the bridge, receiving a severe cut on his face. The accident was reported to State Officer Arthur W. Williams and the officer's investigation led to the ordering of the two men into court to answer to the charges filed against them.

Thursday, Louis Breneck of Buck street, Putnam, will come to court to answer to a charge of reckless driving. It is alleged that Breneck came breezing down the state highway between Attawaugan and Dayville Sunday night, when a heavy fog was obscuring the highway, and narrowly missed crashing into two damaged cars that had come together and about which a number of men, including State Officer William were standing.

Breneck halted his car on a signal from the officer, who ordered him to appear in court.

The cars that were in the smash on the Attawaugan road were registered in the name of Aden A. Mitchell, Thayer building, Norwich, and Joseph Tetreault, of Putnam. Passengers in the cars were not hurt beyond a shaking up. The accident is believed to have bene du to the fog that was prevailing at the time.

The body of Judson L. Adams, 75, who died in New London, was brought here Monday and later was taken to East Killingly for burial, services at the grave being conducted by Rev. J. M. Carpenter, of the East Killingly church. Mr. Adams was a veteran of the Civil war in which he served as a member of the 18th Connecticut infantry. He was a machinist by trade and until his retirement had been employed in New London. He lived for years in East Killingly, leaving that place about 35 years ago. L. E. Kennedy was in charge of the funeral arrangements.

The funeral of Pierre Girard, 89, was held Monday morning from his home here with services at St. James' church at 9 o'clock, Rev. Joseph Moussier, M. S., being celebrant of the high mass of requiem. Burial was in the Sacred Heart cemetery at Wauregan. The bearers were Joseph Bousquet, Samuel Roi, Pierre Turgeon, Waldes Lavallee, L. Portras, Amadee Gaudreau. Martin T. Burns was the funeral director.

A majority of the creditors and also of the amount of claims is represented in an agreement given consideration Monday at a hearing before Referee in Bankruptcy T. J. Kelley in Willimantic in the case of the Keystone Department store of Danielson. Under the agreement which has been accepted by a majority of the creditors, the settlement will be on the basis of ten cents on the dollar. It is understood that the store will continue business when its affairs are adjusted and this is expected to be in the near future.

Two new coins—a one dollar gold piece and a silver half dollar—were being issued at the Windham County National bank Monday. These are the U. S. Grant Centenary association coins, the minting authorized by the federal government, and the revenue obtained from the sale of them is going to be used by the Centenary association in erecting memorials to President Grant in the counties where his youthful days were spent and counties where he studies. The half dollar on its obverse bears a likeness of President Grant, while the reverse shows a cottage set beneath trees. The gold dollar has a similar design. The coins are very artistic and attracted considerable attention Monday.

A young woman who rides into town every week day morning from a nearby village reported to Chief John McFarland Monday that she had lost her pocketbook while a passenger on the trolley car that reaches here from Central Village at 8.10 p. m. Up to late afternoon no trace of the pocketbook and the upwards of $50 that it contained had been found.

Attorney E. L. Darbie acted as moderator at Monday's annual election and business meeting of the borough of Danielson. While, as usually is the case, only a very small percentage of the voters participated in the election, some of the women voters set a good example by finding time to go to the polls and cast their ballots.

Included in the annual borough reports which were made available for all who attended the annual borough meeting Monday is that of the librarian, Harry E. Back, this report setting forth in considerable detail, much that is of interest regarding the library and clearly showing how much the institution is appreciated by its patrons, fare more numerous than one might imagine.

The library now has 12,891 volumes. During the 12 months covered by the report 89 new boks were purchased, 181 were received as gifts. During the period 199 books were withdrawn as worn and 25 volumes were lost.

The book borrowers during the year numbered 5,000. The total circulation was 30,499.

The report notes that marked success has been achieved through the pay shelf, established by the two assistant librarians, Miss Hortense E. Griffiths and Miss Amelia B. Hutchins. During the year this pay shelf has donated 71 volumes to the library, at a total cost of $117.04.

Attorney Back points out that the library supplies of box of 25 books for each of the schools outside of Danielson. These are eagerly read and in the rural districts parents appreciate the volumes as much as do the children.

The report calls attention to the fact that the appropriation for the library has not been increased during the past seven years of soaring costs and, consequently, there have been no available funds to carry out repair work that the library directors would like to have seen done. Another matter to which the report directs attention is the small compensation allowed the assistant librarians, who are receiving the same hourly rate of pay as in 1915

Town hill is being fitted up for use as motion picture theatre and will be ready for use in that capacity in about ten days. Nearly 300 seats already are in place and this number is to be increased to about 500. Ira A. Warren is to have the management of the theatre. All of the seats are to be on the main floor, the gallery being reserved solely for the use of the operation of the projection machine. The house will be fitted to meet all the requirements of the state police department as to motion picture house equipment.

Miss Annie Carver, of Norwich, was a guest of Michael Head and family of Academy street Monday.

Some thermometers showed readings as high as 52 degrees early Monday afternoon, a high record fo the season.

One radio phone outfit installed in Danielson has no aerial outside. A few wires neatly arranged on a frame inside the dwelling serves the purpose of the outside equipment.

Children of Danielson's schools will participate in a clean-up and paint up week in the early part of May.

John A. Howard of Providence was a visitor with friends in Danielson.

It is possible that the members of the local battery of field artillery will go to Montauk Point for the annual enrampment this year.

William J. Ross is to construct a bungalow near his residence on Broad street.

A thunderstorm during the early hours of Monday morning was the first of any severity this season.

Here is a helpful bit of advide sent out in printed form by Thomas B. Payne, of Brooklyn: Poultrymen, Beware! By dumping so many eggs on the Danielson market we are cutting each other's throats. Combine and sent to New York and Boston and get 10 to 15 cents a dozen more."

This, without a doubt, will make a hit with the consumer; he will be just tickled to death—especially when he thinks of what he paid for eggs last fall and winter!

Benjamin Weisberg of New York is visiting here with his parents, Mr. and Mrs. A. Weisberg of Academy street.

There is to be a communion service at the Wee'k'd Congregational church Thursday evening next and a union service Good Friday. Special services have ben arranged for Easter.

PUTNAM

A contract for the construction of a business block to be erected by Louis A. Wolfe and Simon Kaminsky of this city has been let to a Worcester concern. The building is to be located on Main street, nearly opposite the Pelequin building, on a site where Messrs. Wolfe and Kaminsky caused an excavation for the cellar of the proposed building to be made last year.

The building is to be of brick, 65 feet deep and 80 feet front, is to be two stories in height, with stores, three in number, on the street floor and offices on the second floor.

The contract calls for the construction of the building in 90 days after the foundation walls are completed and the work on the building proper undertaken.

It is expected that the building will be ready for occupancy late next summer.

A delegation of Elks from New London lodge will come to Putnam this (Tuesday) evening to confer a degree on a large class of candidates of Putnam lodge. The visiting delegation will be entertained at a dinner in the Elks' home by a committee of the local lodge. For the session of the lodge a large number of members will be present from all the territory within its jurisdiction. Following the degree work, there is to be a social session.

Eugene Bonneville and E. T. Bissonnette, members of the sales force at Seder's store, are making their friends envious of the success they are achieving in their side line of raising poultry. Neither of the gentlemen will say that hens in their respective flocks do as well in every instance as is to be cited here but Mr. Bonneville had a 4-ounce egg Monday morning that was laid by a little White Leghorn of which he is very proud, while Mr. Bissonnette was exhibiting two eggs laid by Rhode Island Reds in his flock, one of these eggs weighing 3 1-2 ounces, the other 3 3-4 ounces.

P. J. Sheridan, who has successfully managed the pavilion and had charge of other concessions at Wildwood park for several years past, is making plans for the season's opening. In the past it has been customary to hold the first dance of the season at this popular resort on Memorial day or the Saturday preceding. However, if the weather proves suitable this spring, Mr. Sheridan plans to open the resort earlier, at least for some week end dances. x

A Chevrolet touring car driven by Joseph Tetreault of this city was wrecked late Sunday night on the state highway between Attawaugan and Dayville in a smash with a Ford car being driven by a young man resident in Danielson. A heavy fog prevailed at the time, making driving unusually difficult. **No one of** the seven persons in the two cars were injured in any serious degree. The Ford, said to be owned by the state, was worst damaged in the accident, which was investigated by State Officer Arthur W. Williams of Danielson.

The weatherman that came on duty Monday morning apparently is out of sympathy with the coal strikers, for he pulled the heat valve wide open and ran the mercury up to 80 degrees before the noon hour. Citizens who have been longing for hot weather were fully accommodated, so much so that it was no uncommon sight about the city to see people seeking out shady places. Weather sharps said the heat wave would be of short duration and that more cool weather is to be expected.

Beginning Wednesday evening at the synagogue in this city, the Hebrew residents of Putnam will observe the feast of Passover. The Passover period will extend through a week and will be marked here by the holding of services such as will be attended during the period by Hebrews throughout the world.

Next Monday, April 17, brings the special city meeting at which electors will be asked to pass upon the matter of appropriating $7,500 to meet the cost of buying a motor-driven ladder truck for the fire department. Officials of the department have pointed out that the department is in real need of the piece of apparatus and citizens who have inquired as to the department needs have been told that the truck is required if the department is to be expected to adequately cope with some situations that might arise here.

A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every Home. A Comfort in Years to Come

Park Rapids, Minnesota.—"I have taken your medicine—Lydia E. Pinkham's Vegetable Compound—when I was a girl for pains and before and after my marriage. I now have a sweet little baby boy and will send you his picture if you wish to publish it. My sisters also take your medicine and find it a great help, and I recommend it to those who suffer before their babies are born."—Mrs. WM. JOHNSON, Box 155, Park Rapids, Minn.

To marry and arrive at middle age without children is a great disappointment to many women. Think of the joy and comfort other women have in their children as they grow older.

Lydia E. Pinkham's Vegetable Compound has helped to bring great happiness to many families by restoring women to health. Often the childless home is due to a run down condition of the wife, which may be helped by Lydia E. Pinkham's Vegetable Compound. It brought health and happiness into the home of Mrs. Johnson. Why not to yours?

A Real Hair Saver

If your hair is falling out, prematurely gray, brittle, lifeless and full of dandruff, quick action must be taken to save it.

Get from any drug or toilet counter today a bottle of Parisian Sage and use as directed—there's nothing else so simple, safe and effective.

"Before going to bed I rub a little Parisian Sage into my scalp" says a woman whose luxurious, soft and fluffy hair is greatly admired. "It keeps away all dandruff—my hair is never dry, faded or scraggly, but retains its natural color and beauty."

Parisian Sage is inexpensive, and money refunded if not satisfactory. Lee & Osgood Co. sells lots of it.

THE EXPERIENCE OF A FAMOUS MALE NURSE

Mr. Geo. B. Jenkins, of 621 Putnam Ave., Cambridge, Mass., was for more than eighteen years a special nurse, attending to men who were sufferers of one or more great ills. Mr. Jenkins has been in attendance upon a number of very prominent men of the country. He has travelled with them and their physicians from coast to coast, and is therefore a man who has had a remarkably wide experience with doctors and medicines. He has for years been acquainted with the reputation of the Winsol line, and says:—

"In spite of my broad experience, I had not found remedies that suited my own ills until I became acquainted with the Winsol line. I have for years been a chronic sufferer from Bronchial Catarrh and Torpid Liver. For all my Liver ills I had found no relief until I commenced to take Sanalt. Cathartics merely aggravated the trouble, giving but temporary help. Sanalt put me in first-class shape in a general way, and I can say that Torpid Liver, Digestive Troubles and all allied ills have practically passed away from me, and I believe forever, after a thorough course of treatment with Sanalt, the Sensible Tonic."

All ambitious druggists sell Sanalt.

ELEVEN FRENCH SOLDIERS WERE KILLED IN EXPLOSION

Paris, April 10 (By the A. P.)—Eleven French soldiers were killed and ten injured in the explosion Sunday near Gleiwitz when a bomb was detonated in a graveyard by the soldiers who were searching for hidden arms. The guardian of the church in the cemetery was among the killed. Fifty rifles were found concealed under the earth of the cemetery. This information was given out officially here this evening.

A commission of inquiry has been appointed to establish the cause of the explosion and fix the responsibility.
