FORTY FEET OF TAPE WORM Expelled BY USING B. A. FAHNESTOCK'S VERMIFUGE. It cannot be surpassed.

WORCESTER, Mass., September 27, 1851.

This will certify that I have been afflicted with a pain in my stomach, and headache occasionally, for the last seventeen years. Hearing B. A. Fahnestock's Vermifuge recommended very highly for expelling worms, I was induced to try it. I took four vials of it, and, to my great astonishment, I PASSED ABOUT FORTY FEET OF TAPE WORM. I feel quite relieved of the distress in my stomach and head. In fact, I feel like a new man since the reptile left my stomach. I can recommend the Vermifuge as a highly valuable medicine for expelling worms. It is very mild in its operation, and perfectly safe and harmless.

WINER'S CANADIAN VERMIFUGE A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases with which children are afflicted are caused by Worms, and thousands of children die annually from those diseases, when the cause is either not known or attributed to something else. Various are the preparations which have been recommended as remedies for Worms, but experience has proved them all more or less ineffectual; the end however has at length been attained, and a remedy found which has never failed to destroy Worms, wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

WINER'S CANADIAN VERMIFUGE,

WARRANTED PURELY VEGETABLE.

It is safe in its operation, and more easily administered than any other. Some of the symptoms which indicate the existence of the Worms in the bowels are as follows: the countenance is pale, of a leaden color, and suffused with occasional flushes; the eyes are heavy and dull, the breath fetid, the upper lip swollen, itching in the nostrils, which causes the patient to pick his nose; the sleep is disturbed, the patient often awakening in great fright, and is liable to starting and grinding the teeth; the appetite exceedingly irregular, being sometimes voracious, others feeble, and in some instances it is depraved.

To the following certificates numerous might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

MEDICAL EVIDENCE.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal. G. O'REILLY, Licentiate of the R. C. of Surgeons in Ireland, etc.

G. W. DICKINSON, Member of the R. C. of Surgeons in London, etc.

FROM THE REV. J. FLANAGAN, OF SANBROOK, C. W.

J. WINER—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one here prefer it to any other, as its effects are certain, and children take it more readily, which is a great point gained in giving medicine to children.

July 16, 1845. JOHN FLANAGAN.

Physicians generally now use WINER'S CANADIAN VERMIFUGE. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health.

Over one thousand certificates have been sent to Agents from planters, merchants and physicians, bearing testimony to the efficacy of this infallible remedy. Warranted in all cases.

World's Safe Company.

THE attention of the public is called to the stability and superiority of these Safes over all others. Our Safes are made on an entire new principle. We first form a case strongly made from wrought iron plates or bars, around which a composition of cast-iron is run, chilling the liquid metal, and making it impenetrable to the chisel or drill, and capable of resisting the blows of the sledge. To the scientific, it is only necessary to say, "Nature's Mechanic," she leaves no bolts or straps, rivets or screws, for the ingenious burglar to remove, with perhaps less effort than was required to put them together. Neither can the burning element make an impression on the solid mass, lined as it is with a fire-proof wall.

We hesitate not in saying, that these Safes, secured with LILLIE'S EMPIRE DRILL AND POWDER PROOF COMBINATION BANK LOCKS, are the only really secure depository for money or other valuables. We say further, there is but little security in any of the popular Safes or Bank Vaults now in use. They are all the work of mechanism, often broken into, as experience has demonstrated.

This Company is now prepared to furnish at short notice SAFES and BANK VAULTS, of various sizes, for Banking Institutions, Mercantile Firms and Individuals—all of which will be warranted Drill and Powder Proof, when secured with Lillie's Bank Locks.

A sample of the above Safes and Locks, together with Day & Newell's Parautoptic Bank Lock, can be seen at the office of W. W. WHITE, No. [illegible] I. C. PETTERS, Agent, 85 Camp street.

B. ANTOGNINI, Manufacturer of BILLIARD TABLES AND PATENT INDIA RUBBER CUSHIONS OF THE UNITED STATES.

14 Conti street, between Chartres and Levee streets.—B. ANTOGNINI informs his numerous customers and gentlemen amateurs, billiard players generally, that after diligent researches and numerous trials, he has just obtained

an extraordinary success in the manufacture of Billiard Cushions. These Cushions are made of India Rubber; they are entirely different from those made of Caoutchouc, and superior to all Cushions hitherto used both on account of their duration and the precision of the ball. Mr. Antognini will deliver, to whosoever buys a Billiard Table in his establishment, a certificate warranting, for the time fixed by the purchaser, the duration of the Table and Cushions. Mr. Antognini avails himself of this opportunity to inform persons who, since 1849, have bought from him Tables with French Caoutchouc Cushions, that he is ready to replace them, without charge, by India Rubber Cushions.

He has on hand a large assortment of new Billiard Tables made of solid Mahogany, and second-hand Tables. There are also to be found in his establishment all articles pertaining to the game of Billiards, complete sets of Loto and Ten-pin Alley Balls and Pins.

Persons who cannot visit New Orleans, and wish to purchase some of the above named articles, are requested to forward their orders to B. Antognini, who will attend to them promptly and to the satisfaction of the purchaser.

N. B. Persons who wish to judge of the excellence of the above mentioned Cushions can call at the Veranda Billiard Saloon, No. 92 Common street, New Orleans. The prices are moderate. oc1 1

ISAAC STRAUB & CO., MILL FACTORY, Corner of Front and John streets, Cincinnati, Ohio.

Warehouse No. 19 Front street, between Main and Walnut streets.

KIDDER & FABIAN, Agents, 94 Magazine street, New Orleans.

The above is a Wood Cut of a single geared "Queen of the South" Corn Mill and Crusher.

We manufacture a Cob Breaker of great strength and durability and sizes of operation.

We place this useful contrivance on all sizes of Mills, by which means we convert a Corn Mill into a Stock-Feed Mill; but a few minutes work to put it on or take it off.

We manufacture portable Mills, single and double geared, (best quality of French burrs,) to grind Wheat, Corn and Stock Feeds, calculated for steam, water or horse power. These Mills have been run by steam and horse power, in competition against the other make of Mills of our city, at our State Fairs, and have never failed to carry off the first premium—on one occasion was awarded a beautiful silver medal. Our Mills also took two first premiums, as the best Mills, at two Annual Fairs of our Mechanics' Institute.

Also—Portable SAW MILLS, to be run by steam, water or horse power. This Mill was exhibited in operation by horse power, at the Ohio State Fair, in 1850, when it was awarded a premium and a splendid silver medal.

Also—Different kinds of portable HORSE POWERS AND STEAM ENGINES. All our articles, for ease of operation, simplicity, usefulness and durability, are surpassed by none now in use.

All our articles are warranted as represented—or no [illegible] cost of transportation and the money refunded.

For a full description and testimonials of merit and [illegible] we refer those interested to our pamphlet, to be had at our office, where we take pleasure to explain each article. ISAAC STRAUB & CO.

NOTE.—Mr. Kimball, the partner of J. H. Burrows, while exhibiting a Burrows Mill at our State Fair, last Fall, was boisterous about his Mill, and courageously entered into a verbal agreement with me to grind corn, thus: Whoever grinds the most, regarding quality and quantity, was to be the owner of both mills, at each and every trial:

FIRST TRIAL.

Straub to run an eighteen inch mill.

Burrows & Co. to run a twenty inch mill.

SECOND TRIAL.

Straub to run a twenty [illegible] mill.

Burrows & Co. to run a twenty-[illegible] mill.

THIRD TRIAL.

Straub to run a twenty-six inch mill.

Burrows & Co. to run a thirty inch mill.

When the pinch came, that boisterous courage popped out.

To the above, I now append a challenge to grind cob-feed out of whole ears of corn.

I will run my eighteen inch QUEEN OF THE SOUTH, with a cob breaker attachment, THE SAME ARTICLE THAT TOOK THE PREMIUM AT THE OHIO STATE FAIR, last fall, against a twenty-four inch Burrows' Mill, and Wm. Stewart's Ohio and Kentucky Steck Feed Mills, both to be run at once; and if you are apprehensive of a bad business, you have my entire approbation to run Mr. Peterson's Corn Crusher as an auxiliary. Should my single article fail to grind equal in quality and quantity to the combined production of the two or three mills (just as you please) then you can draw a few hundred dollars as stakes put up.

Come boys, don't be cowardly—there is nothing like walking straight into the merits of a thing. ISAAC STRAUB.

NATIONAL LOAN FUND LIFE ASSURANCE SOCIETY, 26 Cornhill, London, May 31, 1853.

GENTLEMEN—I have again to lay before you the results of my annual investigation of the affairs of the National Loan Fund Life Assurance Society.

During the past year 1416 Policies have been issued, covering Assurances to the extent of £491,869, and yielding premiums to the amount of £12,875 3s 4d per annum.

The claims paid during the year amount to £34,694 1s 5d. The expected claims, according to the table of mortality, being £39,326. The total claims paid from the commencement of the Society to the end of the year amount to £191,379 12s 3d, being £1081 less than the expectation.

From the end of the year up to the present time 421 policies have been issued, and the income of the Society, arising from the premiums on policies is now £76,876 18s 0d per annum, and the corresponding amount of insurances is £2,416,121.

The position of the affairs of the Society, calculated up to the 1st of December 1852, stands thus:

Present value of income from Annual Premiums	£1,001,601	14	3	
Amount of Investments as per Auditor's Report	112,846	7	7	
	£1,114,448	1	10

	£1,050,336	1	5	
Balance in favor of the Society, after payment of all claims	£49,112	0	1	

I am of opinion that the whole of this balance should be reserved for the future profits of the Society.

Before concluding this report, perhaps the Court of Directors will allow me to congratulate them on the vigilant, prudent, and very efficient superintendence of the affairs of the Society, by the present Managers. I am, gentlemen, your very obedient servant,

W. S. B. WOOLHOUSE, Actuary.

JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA.—This invaluable remedy has already carried happiness to the hearts of thousands, and is daily giving more consolation to the afflicted than could be afforded by all the wealth in the mines of California and the world combined. It is put up in full quart bottles, and contains the strength of six times as much pure Honduras Sarsaparilla as any similar preparation made in America.

PRICE—$1 per bottle, or six bottles for $5.

It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, etc. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound, before being used, is subjected to the strictest chemical tests, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound and producing the greatest curative agent in the known world.

GOOD TESTIMONY.

The Ohio State Journal, Columbus, Ohio, thus speaks of Bull's Sarsaparilla:

"It has no equal. The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months only with the very gratifying effects produced upon all who have used it, warrant the assertion that as a purifier of the blood it has no equal. This is a bold assertion, but it can be substantiated by calling on the agent in this city."

Bear with us, reader, a little longer, and be convinced that Bull's Sarsaparilla is the WONDER OF THE WORLD!

and that it will cure you, no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about Bull's Sarsaparilla:

LOUISVILLE, May, 1848.

MR. JOHN BULL—*Dear Sir:* I have been for several years severely afflicted with a Mercurial Headache and a dull heavy pain in my Liver. I used almost all the remedies of the day, especially the Sarsaparillas prepared by different persons, but all to little or no advantage, until I chanced to meet with yours, three bottles of which gave me more relief than all the others combined.

I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article.

Very respectfully, J. H. OWEN, M. D.

RHEUMATISM.

Let all those who are suffering under the agonizing tortures of Rheumatism read the following and see what also may be done for them, if they will use this infallible remedy:

MR. JOHN BULL—*Dear Sir:* For the last three years I have been afflicted with Rheumatism of the severest character. I was at times in the greatest agony of pain; I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism and greatly improved my general health, more than any medicine I have ever used. I have now been free of pain for several months, and have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in use for Rheumatism. ISHAM BRIDGES.

Uniontown, Union county, Ky., May 12, 1848.

FROM DR. WM. T. PRENTISS.

MR. BULL—In regard to your Sarsaparilla, in my practice I have used it to some extent in cutaneous affections of long standing, as Tinea Capitis, Lepra, Psoriasis, Scabies, Syphilitic Cachexia, and in all diseases where the indication of cure seems to consist in a thorough change or modification of the fluids of the body, with considerable success, in conjunction with local treatment. I think would prefer it to any other preparation of Sarsaparilla in use, and any physician will admit its value upon examining the substances that enter into its composition.

Respectfully, yours, W. T. PRENTISS, M. D.

Lewisport, Ky., December 4, 1847.

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines now in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient, or are profuse or overwrought, where the face is pale and colorless, the strength feeble and yielding, the spirits troubled and depressed, the health broken, mind shaken, and consequently the happiness destroyed, then Bull's Sarsaparilla is a sovereign remedy. It assists nature in the performance of her duty, braces the whole system, renews permanently the natural energies, removes obstructions, checks excesses, creates pure and healthy blood, and imparts health and happiness. When ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exists; health would take the place of disease, and the rosy cheek would succeed the pallid face; we should have smiles instead of tears, and perhaps a long life, instead of one cut short by disease, or made miserable from continued suffering and affliction. At that critical period termed the "turn of life," which is often attendant with so much danger, Bull's Sarsaparilla is found to exert a most beneficial effect. All ladies approaching this crisis should be apprised of this fact, and avail themselves of this valuable medicine.

A BEAUTIFUL CLEAR SKIN.

How we all admire a clear, beautiful white skin, and a rosy colored cheek! How often do we see persons not possessing this desideratum so devoutly to be wished, resorting to cosmetics, lotions, washes, paints and coloring materials, to restore to them a semblance of that which disease has deprived them of, and that, too, often times, with manifest injury to the skin! The fact is, Bull's Sarsaparilla is the best cosmetic known. It makes the skin clear upon the correct and only true principle, not by coating the surface with poisonous or deleterious matter which serves to close the pores and check a natural perspiration, but by removing every particle of bilious, morbid and diseased matter from the blood, making the same pure, healthy and vigorous, giving action to every minute vessel, and changing the yellow, dark and sallow countenance to the bloom and freshness of youth. If the ladies general could be apprised and convinced of this fact, they would abandon the use of all paints, mixtures and lotions, and use the only effectual remedy. 'A word to the wise is sufficient,' and a hint is enough for the ladies.

BETTER TESTIMONY THAN WAS EVER OFFERED IN FAVOR OF ANY MEDICINE!

FROM DR. JAMES M. MOORE.

MR. JOHN BULL—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, December 26, 1847. JAMES M. MOORE.

MORE TESTIMONY FROM DR. MOORE.

MR. JOHN BULL—I am using your Sarsaparilla in several new cases of Scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

Winchester, Ky., Feb. 1, 1849. JAMES M. MOORE, M. D.

Testimony like the following renders superfluous all further comments upon the efficacy of Bull's Sarsaparilla:

FROM DR. L. P. YANDELL, PROFESSOR OF CHEMISTRY IN THE LOUISVILLE MEDICAL COLLEGE.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases to which it is applicable. L. P. YANDELL, M. D.

Louisville, June 6, 1848.

What Dr. Pyles, Physician by appointment of the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 30, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and in private practice, and think it the best article of Sarsaparilla in use. M. PYLES, M. D.

Resident Physician at the Louisville Marine Hospital.

DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—In offering to the public this new and invaluable remedy for CONSUMPTION, BRONCHITIS, ASTHMA, COUGHS, COLDS, etc., we append a few notices of the character and efficacy of the medicine. Numerous testimonials may be seen in a pamphlet for distribution at the agency, which sufferers are invited to obtain. It may be proper to say that Dr. D. is an eminent practicing physician of twenty years' standing, a graduate of the University of Pennsylvania.

FROM MR. JOHN D. MORGAN, Druggist.

PITTSBURG, Jan. 12, 1847.

The Syrup of Wild Cherry and Tar has given great satisfaction to those who have used it. I know of one instance of a permanent cure of Asthma in a gentleman of this city. I think I shall be able to sell at least six gross a year.

FROM THE WESTERN EMPIRE.

DAYTON, Ohio, July 29, 1847.

MR. J. F. HOWELL—Sir: It affords me much pleasure to say to you that my cough and severe affection of the lungs has been entirely removed by the use of one-half bottle of Dr. Davis's Syrup of Wild Cherry and Tar, which you and others advised me to use. You can safely recommend the use of the above named Syrup for Coughs and Colds, as a most excellent remedy.

Yours respectfully, W. W. PHILLIPS.

FROM MR. EDWARD ROBBINS, Druggist.

[illegible], Jan. 9, 1847.

We have taken some trouble to introduce Dr. Davis's Syrup of Wild Cherry and Tar here, and have sold all we received from you. Dr. J. H. Cook has used it in his practice; he thinks highly of the Medicine.

Dr. Cook is one of the most eminent physicians in the United States, and was the attending physician of Joseph Bonaparte ex-King of Spain, during all his residence in this country.

When we first offered this medicine to the public, it was with the expressed intention of publishing no certificate without good authority for its truth. To that rule we have adhered; rejecting all certificates for the authenticity of which we have not had the most responsible guarantee.

The following was forwarded to us by a respectable Druggist, Mr. Howells, of Dayton, Ohio:

[*Extract from a Letter from S. W. Wilson, Merchant of Newtown, Bucks county, Pennsylvania.*]

NEWTOWN, 9th month 20, 1846.

A young man of my acquaintance has taken your Syrup and has been perfectly cured. He labored under the consumption for more than three years, and took a great many kinds of medicine, and was under the direction of three of the most eminent physicians in the country, but received no benefit until he took Dr. Davis's Syrup of Wild Cherry and Tar, and immediately commenced getting better, and is now well and hearty. This statement I received from himself; his name is Henry T. Godshalk, Warminster township, Bucks county, Pa. He is known all over the country—is a poor laboring man, and it cannot be doubted but the Syrup saved his life.

ANOTHER CURE.

Palpitation of the Heart and Consumption of the Lungs relieved by Dr. Davis's Compound Syrup of Wild Cherry and Tar:

PHILADELPHIA, April 9, 1845.

For four or five weeks of last winter I was troubled with a severe cough, attended with great tightness and pain in the breast, and frequent violent palpitation of the heart. The cough was so harassing as to prevent me from sleeping a great deal of the night, and weakened me to that degree that I was obliged frequently during the day to leave my work to rest myself. My physician pronounced my lungs affected, and I began to entertain serious apprehensions that I would not get well again. At this time, Dr. Davis's Syrup of Wild Cherry and Tar was recommended to me. In two or three days' use of it, the oppression and pain in the breast was greatly relieved, and by the time I had taken four bottles the cough was removed entirely, and my general health and strength restored. The palpitation of the heart, with which I had been severely troubled for ten years, is almost gone; I feel a little of it occasionally with over-exertion. The relief of the palpitation has been so great that I am confident one or two bottles more of the medicine would have entirely removed it. HENRY NICKERSON, 120 John street.

WEAKNESS AND PAIN IN THE BREAST.

PHILADELPHIA, [illegible] 1846.

I can highly recommend Dr. Davis's Syrup of Wild Cherry and Tar, from my knowledge of its virtues. My wife had been afflicted for some time with weakness and pain in the breast; the use of this medicine for a short time entirely relieved her. The symptoms would, after a time, recur, and on all occasions the relief was speedy as in the first [illegible]. It is now near six months since she has been free of the affection, and I consider it and recommend it as a most valuable medicine. Its strengthening effect has been very great in addition to relieving the breast.

B. WADLOW, 79 Water street.

PHILADELPHIA, June 28, 1846.

I feel free to recommend Dr. Davis's Syrup of Wild Cherry and Tar from my experience of its beneficial effects in my own case. I have been for some weeks past subject to attacks of spitting blood, attended with soreness of the breast and an uneasy sensation in the stomach, accompanied with dyspeptic symptoms. Last spring, having an attack of it, I was recommended by an acquaintance, who had been cured by Dr. Davis's Syrup, to try it. I did so, and was relieved by it in less than two bottles. Its apparent good effects were immediate.

JOHN F. ORAM, Ladies' Shoemaker, 70 Race st.

Merchants from different sections of the country give the most gratifying accounts of the universal popularity and efficacy of Dr. Davis's Syrup, under their notice. A number of them, possessing its virtues, have regularly sold it on condition that if it did not give satisfaction, the price should be returned, and no one of them has had any application to return the money. This speaks volumes in favor of the medicine. We append a few extracts from orders, as samples of those we are in frequent receipt of, as well as of verbal accounts we frequently hear:

FROM DRS. VAUGHAN and RUSH,

Both Practicing Physicians as well as Druggists.

MISHAWAKA, Ind., June 1, 1847.

Dr. Davis's Syrup of Wild Cherry and Tar goes off like hot cakes. We think that if you choose to give us a Wholesale Agency for this medicine, we can dispose of almost any amount in Northern Indiana.

FROM HARGRATT & McGOWAN.

LOGANSPORT, July 10

Your Wild Cherry and Tar Syrup gives general satisfaction. We have been out of it for some time, and thought we would not order any, but it is almost daily inquired for, and we thought, perhaps, it would be best to order some.

FROM DR. W. S. MACKINTOSH.

WELLSVILLE, Ohio, January 29, 1847.

The article of Wild Cherry and Tar I find to be a valuable one. I use it considerably in my practice. I have sold and used some you sent, and I would be pleased to have you send another supply as soon as the means of transportation will be open.

PORT CARBON, February 20, 1847.

MESSRS. ROBINSON, COLLINS & CO.—I am happy to inform you that I think Dr. Davis's Syrup of Wild Cherry and Tar will take the lead of in our part of the country. I am out of it, and have a half dozen bottles bespoke. I have been asked so often for Dr. Davis's Depurative Extract and Joseph Davis's Horse Liniment, that I have taken the liberty of writing for an agency for the above articles, if agreeable to you. If so, please write me word, and send me two dozen of each, with large show bills. Respectfully yours, SAML. R. KEMPTON.

DAVIS'S SYRUP OF WILD CHERRY AND TAR.—We would call attention to the advertisement of this valuable medicine in another column. Several cases of its salutary effects have come under our personal observation, and we therefore confidently recommend it to the afflicted.—[*Ed. N. J. Weekly Visitor and Temperance Sentinel, (Trenton,) Feb. 8, 1847.*]

FROM MR. S. C. HAYES, of the Firm of Brower, Hayes & Co., Booksellers and Stationers, No. 192 Market street, Philadelphia, [illegible] 9, 1847.

Your Syrup of Wild Cherry and Tar is an invaluable remedy. [illegible] the worst of colds with me. If you want a certificate I will cheerfully give one. S. C. HAYES.

FROM S. S. GIVENS.

PADUCAH, Ky., June 8, 1846.

My stock of Cherry and Tar Syrup is now reduced to six bottles, and its popularity is daily increasing. You would do well to send me another supply.

MILFORD, Perry county, Pa., October 1, 1846.

MESSRS. ROBINSON, COLLINS & CO.—Sirs: This is to inform you that I was afflicted for twenty years with a violent pain in my breast; so severe so that I could hardly lie in bed at night. Cough attended, followed by emaciation, and other decided symptoms of consumption. I applied to several eminent physicians, and took a great deal of medicine, without any relief whatever. I was advised to try Dr. Davis's Compound Syrup of Wild Cherry and Tar, of which I took two bottles, which entirely relieved me of my complaints; therefore I can, with confidence, recommend it to all who are in like manner afflicted, as a most valuable medicine. JOHN TOOMEY.

The authenticity of the above statement is vouched for by Mr. Isaac Murphy, a merchant of Milford, who knows Mr. Toomey and the circumstances of his case. Mr. T. is [illegible] years of age.

DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—The following statement is word for word as it was taken from the lips of Mrs. George—without paint or varnish, [illegible] manufacturing. Will sufferers resist such evidence?

PHILADELPHIA, September 25, 1847.

I have been subject for the last [illegible] years to weakness of the lungs, cough and hectic fever, and very frequently laid up in bed during that time with distressing cough and pain in my breast and left side, with night sweats. Last April I had a violent attack, which lasted for three months; it appeared to me that my whole lungs were diseased; I would spit up daily half a pint of matter. I took a great many remedies that were recommended to me, as well as a number of prescriptions from our family physician, without any relief. At last I was prevailed upon to take Dr. Davis's Compound Syrup of Wild Cherry and Tar, which had the most happy and salutary effect on my disease. Before I had taken one bottle, my cough gave way, my night sweats were relieved, the pain left my side and breast. I now consider that I am entirely well, except a neuralgic pain that I am occasionally afflicted with on one side of my head. JANE ELIZA GEORGE, Thompson street, 9 doors below Schuylkill Sixth, south side.

A gentleman of this city, who has been troubled with a disability of the urinary organs for several years, which as may be supposed was a constant trouble to him, day and night, was recently cured of a severe cold and cough, by the use of Dr. Davis's Compound Syrup of Wild Cherry and Tar. But his great satisfaction was to find, while taking the medicine, that the more tedious affection was also disappearing. It has now been several years since he has ceased taking the medicine, and the irritability of the bladder is entirely removed; and feels stronger and better in health than before he was attacked with cold—and are the soothing and renovating effects of this valuable medicine. The efficacy is the same in inflammation of the kidneys or liver, palpitation of the heart, nervousness, etc. To any one similarly afflicted, who may want a respectable reference, his name will be given, and we [illegible], as people are so often deceived by advertised medicines, that they frequently reject those which are good and free of quackery.

We are acquainted with the gentleman to whom the above statement alludes. He is a fellow-craftsman, a respectable master-printer.—Editor Keystone.

The following statement is from a worthy and well-known citizen. Mr. Millar has been for several years a Director of the Public Schools and has held various offices of honor and responsibility:

PHILADELPHIA, September 19, 1848.

A fortnight or more since, I was attacked with an obstinate hacking cough, which resisted the common remedies, such as paregoric, squills and other ordinary medicines. Dr. Davis's Compound Syrup of Wild Cherry and Tar relieved me in a few doses, and three-fourths of a bottle entirely cured me. My mother, who is troubled with a habitual cough, and has been regularly taking squills and paregoric, has been taking Dr. Davis's medicine for a few days past, and says her cough is not "half so bad" as before she commenced taking it.
