FORTY FEET OF TAPE WORM Expelled BY USING D. A. FAHNESTOCK'S VERMIFUGE. It cannot be surpassed.

WORCESTER, MASS., September 27, 1851.

This will certify that I have been afflicted with a pain in my stomach, and headache occasionally, for the last seventeen years. Hearing D. A. Fahnestock's Vermifuge recommended very highly for expelling worms, I was induced to try it. I took four doses of it, and, to my great astonishment, I PASSED ABOUT FORTY FEET OF TAPE WORM. I feel quite relieved of the distress in my stomach and head. In fact, I feel like a new person. I cannot recommend the Vermifuge as a highly valuable medicine for expelling worms. It is very mild in its operation, and perfectly safe and sure.

WINER'S CANADIAN VERMIFUGE A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases with which children are afflicted are caused by Worms, and the remaining fourth is also generally from the diseases, when the cause is either not known or attributed to other causes. Vermifuges have been prepared by their recommendation as remedies for Worms, but experience has proved them to be uncertain or less beneficial; the real one has never been attained, and a remedy found which has never failed to destroy Worms, wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

WINER'S CANADIAN VERMIFUGE,

WARRANTED PURELY VEGETABLE.

It is safe in its operation, and more easily administered than any other. Some of the symptoms which indicate the existence of the Worms in the bowels are as follows: The countenance is pale, of a leaden color, and suffused with occasional flushes; the eyes are heavy and dull, the breath fetid, the upper lip swollen, itching in the nostrils, which causes the patient to pick the nose; bad dreams, grinding of the teeth, the patient often awakening in great fright, and is liable to starting and rending the teeth; the appetite exceedingly irregular, being sometimes voracious, at others a total aversion to some individuals.

To the following certificates numerous might be added, but it is believed that these are sufficient to convince any candid mind that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

MEDICAL EVIDENCE.

We, the undersigned, having frequently prescribed a medicine prepared by Mr. Jacob Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal.

Licentiate of the R. C. of Surgeons in Ireland, etc.

G. O'REILLY,

Member of the R. C. of Surgeons in London, etc.

FROM THE REV. J. FLANAGAN, OF SANBROOK, C. W.

J. WINER—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results. One in my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one here prefer it to any other, as it effects no sickness, and children take it more readily, which is a great point gained in giving medicine to children.

Sept. 18, 1846. JOHN FLANAGAN.

☞ Physicians generally now use WINER'S CANADIAN VERMIFUGE. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health.

Over one thousand certificates have been sent to Agents from planters, merchants and physicians, bearing testimony to the efficacy of this infallible remedy. Warranted in all cases.

Prepared only by JOHN WINER, Manufacturing Chemist and Wholesale Druggist, Hamilton, Canada West.
