EXTRAORDINARY STATEMENT.—The fol-lowing statement of the effects of B. A. Fahnestock's Vermifuge, from a respectable planter in Virginia, must convince every one of its virtues:

PRINCE EDWARD Co. Va.

Messrs. B. A. FAHNESTOCK & CO.—Gents.: I feel it a duty that I owe to the public to make known the following:

A negro child belonging to me has been complaining for some time—lost appetite, and frequently crying. Supposing that worms were the cause, I gave him in broken doses a part of a vial of B. A. Fahnestock's Vermifuge. In the evening the child's mother called on me to come and see it. To my great astonishment I saw a ball on the ground, of about two inches wide, and upon [illegible] first glance, looked like a string of [illegible]. The servants were separating and counting them. Suffice it to say that the [illegible] counted, were upwards of FOUR HUNDRED WORMS! The child began from that time to decline [illegible] and is now well. Yours, etc. JAS. D. LIGON.

To persons living, or having business, even for a short period, in low, marshy districts, the Bitters are invaluable; for, persons using them will never be troubled with Chills and Fever, at the same time they invigorate the system, give tone to the stomach, improve digestion, remove the appetite, cure Dyspepsia and Indigestion, and give health and vigor to the general system.

For the above remedies we publish no certificates of extraordinary cures performed by them. We will say this much, they are all that they are represented to be. They are remedies that we have used in our practice for years with the most satisfactory results. The great demand for these remedies alone has induced us to put them up in a manner that they can be reached by all. Prepared and sold by

WINER'S CANADIAN VERMIFUGE A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of doubt, by the experience and testimony of the most eminent physicians, more than three-fourths of the diseases with which children are afflicted are caused by Worms and thousands of children die annually from those diseases, when the cause is either not known or attributed to something else. Various are the preparations which have been recommended as remedies for Worms, but experience has proved them all more or less ineffectual; the end however has at length been attained, and a remedy found which has never failed to destroy Worms, wherever they have existed. This assertion is supported by the testimony of the most eminent physicians and respectable individuals in the country. The remedy is

WINER'S CANADIAN VERMIFUGE,
WARRANTED PURELY VEGETABLE.

It is safe in its operation, and more easily administered than any other. Some of the symptoms which indicate the existence of the Worms in the bowels are as follows: the countenance is pale, of a leaden color, and suffused with occasional flushes; the eyes are heavy and dull, the breath fetid, the upper lip swollen, itching in the nostrils, which causes the patient to pick his nose; the sleep is disturbed, the patient often awakening in great fright, and is liable to starting and grinding the teeth; the appetite exceedingly irregular, being sometimes voracious, others feeble, and in some instances it is depraved.

To the following certificates numerous might be added, but it is believed that these are sufficient to establish the fact that WINER'S CANADIAN VERMIFUGE IS A SUPERIOR REMEDY FOR WORMS.

MEDICAL EVIDENCE.

We, the undersigned, having frequently administered a medicine prepared by Mr. John Winer, of this town, designated J. WINER'S CANADIAN VERMIFUGE, and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of Worms from the intestinal canal. G. O'REILLY,
Licentiate of the R. C. of Surgeons in Ireland, etc.
G. W. DICKINSON,
Member of the R. C. of Surgeons in London, etc.

FROM THE REV. J. FLANAGAN, OF SANDBROOK, C. W.

J. WINER—Sir: I have made the trial of your Canadian Vermifuge and with the most happy results. In my own family, and in every case which has come to my knowledge, the expulsion of Worms has followed the administering of your Vermifuge, and every one here prefer it to any other, as its effects are certain, and children take it more readily, which is a great point gained in giving medicine to children.

July 14, 1853. JOHN FLANAGAN.

Physicians generally now use WINER'S CANADIAN VERMIFUGE. This medicine is a simple vegetable preparation, and can always be administered with perfect safety and confidence as to the result, as it will always destroy Worms and restore the patient to health.

Over one thousand certificates have been sent to Agents from planters, merchants and physicians, bearing testimony to the efficacy of this invaluable remedy. Warranted in all cases.

World's Safe Company.

THE attention of the public is called to the ability and superiority of these Safes over all others. Our Safes are made on an entire new principle. We first form a case or vessel strongly made from wrought iron plates or bars, and fill the same with a series of cast-iron layers, chilling the liquid metal, and making it impenetrable to the chisel or drill, and capable of resisting the blows of the sledge. To the scientific, it is only necessary to say, "Nature and Mechanics," the leaves no bolts or straps, rivets or screws, for the burglar to remove, with perhaps less effort than was required to put them together. Neither can the burning element make an impression on the solid mass, fitted as it is with a fire-proof wall.

We hesitate not in saying, that these Safes, secured with LILLIE'S EMPIRE DRILL AND POWDER PROOF COMBINATION BANK LOCKS, are the only really secure depository for money or other valuables. We say further, there is but little security in any of the popular Safes or Bank Vaults now in use. They are all the work of mechanism, often broken into, as experience has demonstrated.

This Company is now prepared to furnish at short notice SAFES and BANK VAULTS, of various sizes, for Banking Institutions, Mercantile Firms and Individuals—all of which will be warranted Drill and Powder Proof, when secured with Lillie's Bank Locks.

A sample of the above Safes and Locks, together with Day & Newell's Permutation Bank Locks, can be seen at the office of W. W. WHITE, No. [illegible] Camp street.

B. ANTOGNINI, Manufacturer of BILLIARD TABLES AND PATENT INDIA RUBBER CUSHIONS OF THE UNITED STATES, 14 Conti street, between Chartres and Levee streets.—B. ANTOGNINI informs his numerous customers and gentlemen amateurs, billiard players generally, that after diligent researches and numerous trials, he has just obtained

an extraordinary success in the manufacture of Billiard Cushions. These Cushions are made of India Rubber; they are entirely different from those made of Caoutchouc, and superior to all Cushions hitherto used both on account of their duration and the precision of the ball. Mr. Antognini will deliver, to whomsoever buys a Billiard Table in his establishment, a certificate warranting, for the time fixed by the purchaser, the duration of the Table and Cushions. Mr. Antognini avails himself of this opportunity to inform persons who, since 1849, have bought from him Tables with French Caoutchouc Cushions, that he is ready to replace them, without charge, by India Rubber Cushions.

He has on hand a large assortment of new Billiard Tables made of solid Mahogany, and second-hand Tables. There are also to be found at his establishment all articles pertaining to the game of Billiards, complete sets of Loso and Ten-pin Alley Balls and Pins.

Persons who cannot visit New Orleans, and wish to purchase some of the above named articles, are requested to forward their orders to B. Antognini, who will attend to them promptly and to the satisfaction of the purchaser.

N. B. Persons who wish to judge of the excellence of the above mentioned Cushions can call at the Veranda Billiard Saloon, No. 92 Common street, New Orleans. The prices are moderate. oc7 1

ISAAC STRAUB & CO., MILL FACTORY, Corner of Front and John streets, Cincinnati, Ohio.

Warehouse No. 19 Front street, between Main and Walnut streets.

KIDDER & FABIAN, Agents,
94 Magazine street, New Orleans.

The above is a Wood Cut of a single geared "Queen of the South" Corn Mill and Crusher.

We manufacture a Cob Breaker of great strength and durability and ease of operation.

We place this useful contrivance on all sizes of Mills, by which means we convert a Corn Mill into a Stock-Feed Mill; but a few minutes work to put it on or take it off.

We manufacture portable Mills, single and double geared, (best quality of French burrs,) to grind Wheat, Corn, Stock Feeds, calculated for steam, water or horse power. These Mills have been run by steam and horse power, in competition against the other makes of Mills of our city, at our State Fairs, and have never failed to carry off the first premium; on one occasion was awarded a beautiful silver medal. Our Mills also took two first premiums, as the best Mills, at two Annual Fairs of our Mechanics' Institute.

Also—Portable SAW MILLS, to be run by steam, water or horse power. This Mill was exhibited in operation by horse power, at the Ohio State Fair, in 1850, when it was awarded a premium and a splendid silver medal.

Also—Different kinds of portable HORSE POWERS AND STEAM ENGINES. All our articles, for ease of operation, simplicity, usefulness and durability, are surpassed by none now in use.

All our articles are warranted as represented—or no [illegible] our cost of transportation and the money refunded.

For a full description and testimonials of merit and [illegible] we refer those interested to our pamphlet, to be had at our [illegible], where we take pleasure to explain each article. ISAAC STRAUB & CO.

NOTE.—Mr. Kimball, the partner of J. H. Burrows, while exhibiting a Burrows Mill at our State Fair, last Fall, was boisterous about his Mill, and courageously entered into a verbal agreement with me to grind corn, thus: Whoever grinds the most, regarding quality and quantity, was to be the owner of both mills, at each and every trial:

FIRST TRIAL.
Straub to run an eighteen inch mill;
Burrows & Co., to run a twenty inch mill.
SECOND TRIAL.
Straub to run a twenty-inch mill.
Burrows & Co. to run a twenty-four inch mill.
THIRD TRIAL.
Straub to run a twenty-six inch mill.
Burrows & Co. to run a thirty inch mill.

When the pinch came, that boisterous courage popped out. To the above, I now append a challenge to grind cob-feed out of whole ears of corn.

I will run my eighteen inch QUEEN OF THE SOUTH, with a cob breaker attachment, THE SAME ARTICLE THAT TOOK THE PREMIUM AT THE OHIO STATE FAIR, last fall, against a two sixty-four inch Burrows' Mill, and Wm. Stewart's Ohio and Kentucky Stock Feed Mills, both to be run at once; and if you are supported by a risky business, you have my entire approbation to run Mr. Pomeroy's Corn Crusher as an auxiliary. Should my single article fail to grind equal in quality and quantity to the combined productions of the two or three mills (just as you please) then you can throw a few hundred dollars as stake as put up.

Come boys, don't be cowardly—there is nothing like walking straight into the merits of a thing. ISAAC STRAUB.

JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA.—This invaluable remedy has already carried happiness to the hearts of thousands, and is daily giving more consolation to the afflicted than could be afforded by all the [illegible] in the mines of California and the world combined. It is put up in full quart bottles, and contains the strength of six times as much pure Honduras Sarsaparilla as any similar preparation made in America.

Price—$1 per bottle, or six bottles for $5.

It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, etc. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound, before being used, is subjected to the strictest chemical tests, and its genuineness ascertained before being used.

Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound and producing the greatest curative agent in the known world.

GOOD TESTIMONY.

The Ohio State Journal, Columbus, Ohio, thus speaks of Bull's Sarsaparilla:

"It has no equal. The unprecedented sale of Bull's Compound Fluid Extract of Sarsaparilla in this city, where it has been introduced for the past two months only with the very gratifying effects produced upon all who have tried it, warrant the assertion that as a purifier of the blood it has no equal. This is a bold assertion, but it can be substantiated by calling on the agent in this city."

Bear with us, reader, a little longer, and be convinced that Bull's Sarsaparilla is the

WONDER OF THE WORLD!

and that it will cure you, no matter how long you have been suffering.

What Dr. Owen, Druggist and Apothecary of several years standing, says about Bull's Sarsaparilla:

LOUISVILLE, May, 1848.

MR. JOHN BULL—*Dear Sir:* I have been for several years severely afflicted with a Mercurial Headache and a dull heavy pain in my Liver. I used almost all the remedies of the day, especially the Sarsaparillas prepared by different persons, but all to little or no advantage until I chanced to meet with yours, three bottles of which gave me more relief than all the others combined.

I therefore take pleasure in recommending your Sarsaparilla to the afflicted community as a superior article.

Very respectfully, J. H. OWEN, M. D.

RHEUMATISM.

Let all those who are suffering under the agonizing tortures of Rheumatism read the following and see what also may be done for them, if they will use this infallible remedy:

MR. JOHN BULL—*Dear Sir:* For the last three years I have been afflicted with Rheumatism of the severest character. I was at times in the greatest agony of pain; I tried every remedy I could procure for the disease, but found no permanent relief until I was induced to use your preparation of Sarsaparilla, which has entirely cured me of Rheumatism and greatly improved my general health, more than any medicine I have ever used. I have now been free of pain for several months, and have no doubt the cure is permanent, and I confidently recommend it as being the best medicine in use for Rheumatism. ISHAM BRIDGES.

Uniontown, Union county, Ky., May 19, 1848.

FROM DR. WM. T. PRENTISS.

MR. BULL—In regard to your Sarsaparilla, I will say that I have used it to some extent in cutaneous affections of long standing, as Tinea Capitis, Lepra, Psoriasis, Scabies, Syphilitic Cachexia, and in all diseases where the indication of cure required is a thorough renewal or modification of the fluids of the body, with considerable success, in conjunction with local treatment. I think would prefer it to any other preparation of Sarsaparilla in use, and any physician will admit its value upon learning the substances that enter into its composition.

Respectfully, yours, W. T. PRENTISS, M. D.

Lewisport, Ky., December 4, 1847.

NOTICE TO FEMALES.

John Bull's Sarsaparilla is one of the greatest Female Medicines in existence. In those numerous cases where the constitution is debilitated, the nervous energy is lessened, when the efforts of nature are weak and deficient, and the system is prostrated, where the face is pale and colorless, the strength feeble and yielding, the spirits troubled and depressed, the health broken, mind shaken, and consequently the happiness destroyed, then Bull's Sarsaparilla is a sovereign remedy. It assists nature in the performance of her duty, braces the whole system, renews permanently the natural energies, removes obstructions, checks excesses, creates pure and healthy blood, and imparts health and happiness. Were ladies generally to adopt the use of this medicine, we would see far less suffering, disease and unhappiness among them than now exists; health would take the place of disease, the rosy cheek would succeed the pallid face; we should have smiles instead of tears, and perhaps a long life, instead of one cut short by disease, or made miserable from continued suffering and affliction. At that critical period termed the "turn of life," which is often attended with so much danger, Bull's Sarsaparilla is found to exert a most beneficial effect. All ladies approaching this crisis should be apprised of this fact, and avail themselves of this valuable medicine.

A BEAUTIFUL CLEAR SKIN.

How we all admire a clear, beautiful white skin, and a rosy colored cheek! How often do we see persons not possessing this desideratum so devoutly to be wished, resorting to cosmetics, lotions, washes, paints and coloring materials, to restore to them a semblance of that which disease has deprived them of, and that too, often times, with manifest injury to the skin! The fact is, Bull's Sarsaparilla is the best cosmetic known. It makes the skin clear upon the correct and only true principle, not by coating the surface with poisonous or deleterious matter which serves to close the pores and check a natural perspiration, but by removing every particle of bilious, morbid and diseased matter from the blood, making the same pure, healthy and vigorous, giving activity to every minute vessel, and changing the yellow, dark and sallow countenance to the bloom and freshness of youth. If the ladies generally could be apprised and convinced of this fact, they would abandon the use of all paints, mixtures and lotions, and use the only effectual remedy. A word to the wise is sufficient," and a hint is enough for the ladies.

BETTER TESTIMONY THAN WAS EVER OFFERED IN FAVOR OF ANY MEDICINE!

FROM DR. JAMES M. MOORE.

MR. JOHN BULL—I have no hesitation in saying that I believe your Sarsaparilla to be the best article ever manufactured for the cure of Scrofula, Syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, December 25, 1847. JAMES M. MOORE.

MORE TESTIMONY FROM DR. MOORE.

MR. JOHN BULL—I am using your Sarsaparilla in several new cases of Scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

Winchester, Ky., Feb. 1, 1848. JAMES M. MOORE, M. D.

Testimony like the following renders superfluous all further comments upon the efficacy of Bull's Sarsaparilla:

FROM DR. L. P. YANDELL, PROFESSOR OF CHEMISTRY IN THE LOUISVILLE MEDICAL COLLEGE.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable. L. P. YANDELL, M. D.

Louisville, June 4, 1848.

What Dr. Pyles, Physician by appointment of the Louisville Marine Hospital, says of Bull's Sarsaparilla:

LOUISVILLE, March 30, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and in private practice, and think it the best article of Sarsaparilla in use. M. PYLES, M. D.

Resident Physician at the Louisville Marine Hospital.

This Medicine is daily grappling with disease through the Western country, restoring to blooming health and youthful vigor the sick and afflicted—ay, those that are grievously tormented.

Certificates are teeming from all directions from men of truth and high moral standing, placing it, from its intrinsic worth, the very best of all remedies ever before the public.

DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—In offering to the public this new and valuable remedy for CONSUMPTION, BRONCHITIS, ASTHMA, COUGHS, COLDS, etc., we append a few notices of the character and efficacy of the medicine. Numerous testimonials may be seen in a pamphlet for distribution at the agency, which sufferers are invited to obtain. It may be proper to say that Dr. D. is an eminent practicing physician of twelve years' standing, a graduate of the University of Pennsylvania.

FROM MR. JOHN D. MORGAN, Druggist.
PITTSBURG, Jan. 13, 1847.

The Syrup of Wild Cherry and Tar has given great satisfaction to those who have used it. I know of one instance of a permanent cure of Asthma on a gentleman of Ohio. I think I shall be able to sell at least six gross a year.

FROM THE WESTERN EMPIRE,
DAYTON, Ohio, July 29, 1847.

MR. J. F. HOWELL—*Sir:* It affords me much pleasure to say to you that my cough and severe affection of the lungs has been entirely removed by the use of one-half bottle of Dr. Davis's Syrup of Wild Cherry and Tar, which you and others advised me to use. You can safely recommend the use of the above named Syrup for Coughs and Colds, as a most excellent remedy.

Yours respectfully, W. W. PHILLIPS.

FROM MR. EDWARD ROBBINS, Druggist.
BORDENTOWN, N. J., [illegible] 9, 1847.

We have taken some trouble to introduce Dr. Davis's Syrup of Wild Cherry and Tar here, and have sold all we received from you. Dr. J. H. Cook has used it in his practice; he thinks highly of the Medicine.

Dr. Cook is one of the most celebrated physicians in the United States, and was the attending physician of Joseph Bonaparte, at Bordentown, during all his residence in this country.

When we first offered this medicine to the public, it was with the expressed intention of publishing no certificate without good authority for its truth. To that rule we have adhered; rejecting all certificates for the authenticity of which we have not had the most responsible guarantee.

The following was forwarded us by a respectable Druggist, Mr. Howells, of Dayton, Ohio:

[*Extract from a Letter from S. W. Wilson, Merchant of Newtown, Bucks county, Pennsylvania.*]

NEWTOWN, 5th month 26, 1848.

A young man of my acquaintance has taken your Syrup and has been perfectly cured. He labored under the consumption for more than three years, and took a great many kinds of medicine, and was under the medical treatment of three of the most eminent physicians in this country, but received no benefit until he took Dr. Davis's Syrup of Wild Cherry and Tar, and immediately commenced getting better, and is now well and hearty. This statement I received from himself; his name is Henry W. Godshalk, Warminster township, Bucks county, Pa. He is known all over the country—is a poor laboring man, and it cannot be denied that the Syrup saved his life.

ANOTHER CURE.

Palpitation of the Heart and Consumption of the Lungs relieved by Dr. Davis's Compound Syrup of Wild Cherry and Tar!

PHILADELPHIA, April 9, 1848.

For four or five weeks of last winter I was troubled with a severe cough, attended with great tightness and pain in the breast, and the most violent palpitation of the heart. The cough was so harassing as to prevent me from sleeping a great deal of the night, and weakened me to that degree that I was obliged frequently during the day to leave my work to rest myself. My physician pronounced my lungs affected, and begun to entertain serious apprehensions that I would not get well again. At this time, Dr. Davis's Syrup of Wild Cherry and Tar was recommended to me. In two or three days' use of it, the oppression and pain in the breast was greatly relieved, and by the time I had taken four bottles the cough was entirely cured, and my general health extremely restored. The palpitation of the heart, with which I had been severely troubled for ten years, is almost gone; I feel a little of it occasionally with over-exertion. The relief of the palpitation has been so great that I am confident one or two bottles more of the medicine would have entirely removed it. HENRY NICKERSON, 110 Jones street.

WEAKNESS AND PAIN IN THE BREAST.

PHILADELPHIA, Jan [illegible]

I can highly recommend Dr. Davis's Syrup of Wild Cherry from my knowledge of its virtues. My wife had been afflicted for some time with weakness and pain in the breast; the use of this medicine in a short time entirely relieved her. The symptoms would, after a time, recur, and on all occasions the relief was speedy as in the first case. It is now near six months since she has been free of the affection. I consider it and recommend it as a most valuable medicine. Its strengthening effects have been very great in addition to relieving the pain.

S. WADLOW, 71 Water street.

PHILADELPHIA, June 25, 1848.

I feel free to recommend Dr. Davis's Syrup of Wild Cherry and Tar from my experience of its beneficial effects in my own case. I have been for some years in great subject to attacks of spitting blood, attended with soreness of the breast and an uneasy sensation in the stomach, accompanied with dyspeptic symptoms. Last spring, having an attack, I was recommended by an acquaintance, who had been cured by Dr. Davis's Syrup, to try it. I did so, and was relieved by it in less than one bottle. Its apparent good effects were immediate.

Merchants from different sections of the country give the most flattering accounts of the universal popularity and efficacy of Dr. Davis's Syrup, and their orders. A number of them, without [illegible], have regularly sold it on condition that if it did not give satisfaction, the price should be returned, and in not one case has any application to return the money. This speaks volumes in favor of the medicine. We append a few extracts from orders, as samples of those we frequently receive, as well as of verbal accounts we frequently hear:

FROM DRS. VAUGHAN and RUSH,
Both Practicing Physicians as well as Druggists.
MISHAWAKA, Ind., June 1, 1[illegible]

Dr. Davis's Syrup of Wild Cherry and Tar goes off like hot cakes. We think that if you choose to give us a Wholesale Agency for that medicine, we can dispose of almost any amount in Northern Indiana.

FROM HARGEATT & McGOWAN.
LIGONIER, July 20 [illegible]

Your Wild Cherry and Tar Syrup gives general satisfaction. We have been out of it for some time, and thought we would not order any, but it is almost daily inquired for, and we thought, perhaps, it would be best to order some.

FROM DR. W. S. MACKINTOSH.
WELLSVILLE, Ohio, January 18, 1847.

The article of Wild Cherry and Tar I find to be a valuable medicine, and use it considerably in my practice. I have sold and used one [illegible] that you have forwarded, and I would be pleased to have you send another supply as soon as the means of transportation will be open.

FORT CARROLL, February 10, 1847.

Messrs. ROBINSON, COLLINS & Co.—I am happy to inform you that I think Dr. Davis's Syrup of Wild Cherry and Tar will take the lead up in our part of the country. I am out of it, and have a half dozen bottles bespoke. I have been asked so often for Dr. Davis's Depurative Extract and Joseph Davis's Horse Liniment, that I have taken the liberty of writing for an agency for the above articles, if agreeable to you. I also please write me word, and send me two dozen of each, with a few show bills. Respectfully yours, SAML. R. KEMPTON.

DAVIS'S SYRUP OF WILD CHERRY AND TAR.—We would call attention to the advertisement of this valuable medicine in another column. Several cases of its salutary effects have come under our personal observation, and we therefore confidently recommend it to the afflicted. [Ed. N. J. FROM MR. E. C. HAYES, of the Firm of Brower, Hayes & Co., Booksellers and Stationers, No. 192 Market street, Philadelphia. J[illegible] 9, 1847.

Your Syrup of Wild Cherry and Tar is an invaluable remedy for the worst of colds with me. If you want a certificate I will give you [illegible] E. C. HAYES.

FROM S. S. GIVENS.
PADUCAH, Ky., June 5, 1848.

My stock of Cherry and Tar Syrup is now reduced to six bottles, and its popularity is daily increasing. You would do well to send me [illegible] supply.

MILFORD, Perry county, Pa., October 1, 1846.

Messrs. ROBINSON, COLLINS & Co.—Sirs: This is to inform you that I was afflicted for twenty years with a violent pain in my breast; so much so that I could hardly lie in bed at night. Cough attended, followed by emaciation, and other decided symptoms of consumption. I applied to several eminent physicians, and took a great deal of medicine, without any relief whatever. I was advised to try Dr. Davis's Compound Syrup of Wild Cherry and Tar, of which I took two bottles, which entirely relieved me of my complaints; therefore I can, with confidence, recommend it to all who are in like manner afflicted, as a most valuable medicine. JOHN TOOMEY.

The authenticity of the above statement is vouched for by Mr. Isaac Murphy, a merchant of Milford, who knows Mr. Toomey and the circumstances of his case. Mr. T. is [illegible] years of age.

DR. DAVIS'S SYRUP OF WILD CHERRY AND TAR.—The following statement is word for word as written [illegible] from the lips of Mrs. George, without paint or varnish, [illegible] manufacturing. Will sufferers resist such evidence?

PHILADELPHIA, September 15, 1847.

I have been subject for the last thirteen years to weakness of the lungs, cough and hectic fever, and very frequently laid up in bed during the time with distressing cough and pain in my breast and left side, with night sweats. Last April I had a violent attack, which lasted for three months; it appeared to me that my whole lungs were diseased; I would spit up daily half a pint of matter. I took a great many remedies, and was recommended to me, as well as a number of prescriptions from doctors, family physicians, without any relief. I was at last prevailed upon to take Dr. Davis's Compound Syrup of Wild Cherry and Tar, which had the most happy and salutary effect on my disease. Before I had taken one bottle, my cough gave way, my night sweats were relieved, the pain left my side and breast. I now consider that I am entirely well, except a neuralgic pain that I am occasionally afflicted with on one side of my head. JANE ELIZA GEORGE, Thompson street,

A gentleman of this city, who has been troubled with an inability of the urinary organs for several years, which he may have from a constant trouble to him, day and night, was recently cured of a severe cold and cough, by the use of Dr. Davis's Compound Syrup of Wild Cherry and Tar. But his great satisfaction was to find, after taking the medicine, that the more tedious affection was also relieved, and that the inability of the bladder is entirely removed; and feels assured, and [illegible] health than before, of the efficacy of this valuable medicine. He is convinced by the [illegible] and renovating effects of it in valuable medicine. He is [illegible] the same in inflammation of the kidneys or liver, dissipation, the heart, nervous troubles, etc. To any one sufficiently afflicted, who wants a respectable reference, his name will be given, and we are sorry, as people are so often deceived by advertised medicine, that they frequently reject those which are good and free of quackery.

[We are acquainted with the gentleman to whom the above statement alludes. He is a fellow-craftsman, a respectable master-printer.—Ed. Keystone.]

The following statement is from a worthy and well-known citizen. Mr. Miller has been for several years a Director of the Public Schools and has held various offices of honor and responsibility:

PHILADELPHIA, September [illegible]

A fortnight or more since, I was attacked with a violent [illegible] cough, which resisted the common remedies, such as paregoric, squills and other ordinary medicines. Dr. Davis's Compound Syrup of Wild Cherry and Tar relieved me in a few doses, and three-fourths of a bottle entirely cured me. My mother, when troubled with a tedious cough, has been regularly taking squills and paregoric, [illegible] Dr. Davis's medicine for a few days past, and says she [illegible] bed as before she commenced taking it.
