McGuffey's Eclectic School Books.

THE attention of teachers and friends of Education in Indiana is respectfully solicited to the above series of School Books. It is believed that they are, all things considered, better adapted for use in the schools and academies of the west than any other similar series extant. One of the best evidences of this is to be found in the fact of their immense popularity, (millions having been sold) and *rapidly increasing sale.*

The publishers now hope to state that in many important places in Indiana, their books have recently been adopted as text books to the exclusion of all other competing works. Richmond, Indianapolis, Camden, Delphi, Greensville, Hagerstown, Coatesville, Lauel, Fort Wayne, Logansport, Lafayette, Covington, and Crawfordsville, are among the places where these books have recently been adopted in place of other books from other publishers.

The following appeared in the Terre Haute Journal:

To the Teachers of Vigo County, Indiana.

We, the undersigned, having for our object the adoption of a uniform series of Elementary Books, in the schools of Terre Haute and Vigo county, have examined with much care, and with unprejudiced minds, Goodrich's, Sanders's, Cornell's, and McGuffey's series, and Porter's Rational Reader;—Emerson's, Sanders's and McGuffey's Spelling Books; Davies's, Adams's, Smith's, Colburn's, and Ray's Arithmetics;—Olney's, Smith's, Mann's, Mitchell's Geographies, and give the preference to, and have adopted, and cordially recommend to the Teachers of Vigo, the Five Readers, and Spelling Book of "McGuffey's Eclectic Series;" the Three Arithmetics of "Ray's Series;" and Mitchell's Geography and Atlas.

These several works are, in our opinion, more copious and minute, more progressive and thorough, freer from inaccuracies of orthography and diction, more practical and better adapted to supply the wants of schools in their several departments, than any similar works that have met our observation. We respectfully invite the concurrence of the Teachers of Vigo, in their adoption.

For the promotion of the cause of Education, and for our mutual benefit, we would also suggest the propriety of organizing a Teachers' Association in our county, to meet monthly, quarterly, or semi annually, as may hereafter be deemed expedient, for the consideration and discussion of matters relating to our profession, and for mutual counsel and encouragement.

An organization of this kind would, it is thought, very much facilitate the obtainment of a judicious and efficient system of instruction in our county, by bringing into habits of intimacy persons now almost or quite strangers to each other, and eliciting from each and all, valuable hints and facts suggested by experience and observation, connected with modes of teaching, school government, &c. &c. We submit our plan to our colleagues, and so left their opinion. Respectfully,

DR. DUNCAN'S Expectorant Remedy for CONSUMPTION,

Colds, Coughs, Spitting of Blood, Bronchitis, Difficulty of Breathing, Asthma, Pain in the Side, Breast and Chest, Whooping Cough, Croup, and all Diseases of the Liver and Lungs.

They Die of Consumption.

BEWARE OF THE DESTROYER.—How many persons pass off from time to time that most important calling—attending to their health before it be too late. Look around us, particularly in our city, and we will daily behold hundreds of persons, whose countenances bespeak suffering with disease of the lungs and a protracted cough, fast approaching their immortal destination, without, perhaps, being sensible of their serious situations. May this warning awake them in due season, and at once seek relief, which is to be found in Dr. DUNCAN'S EXPECTORANT REMEDY, a safe, pleasant and certain medicine for the cure of a cough and the premonitory symptoms that lead to CONSUMPTION. This medicine immediately heals the irritated Membrane of the Bronchi and lungs, gives strength and support to the enfeebled frame, thus enabling the lungs to throw off the viscid secreted matter that accumulates and settles upon them.

Read the following Case and Cure:
Let all the World know the wonderful efficacy of Dr. Duncan's EXPECTORANT REMEDY!
For the cure of CONSUMPTION, and the symptoms indicating "going into a decline."

DR. DUNCAN.—*Dear Sir*—The undersigned, a patient under my care for the last three months, who has been labouring with *Phthisis Pulmonalis*, or pulmonary consumption, and finding that no medicine I could prescribe would afford him any relief, I was therefore determined to try your EXPECTORANT REMEDY, at the same time having no confidence in the medicine set forth to cure consumption; but to please the patient, I allowed him to send to your agent in Worcester, Dr. J. F. Coolteer, for the medicine, which he did, and used it according to the directions accompanying the bottles, and truly to my astonishment, I found my patient fast improving, which, he continued until he became perfectly well. I believe he used only 7 bottles. By his request, I write you these lines, hoping your expectorant medicine will continue to do for the consumptives generally as in the above case. Yours Respectfully,
DR. JAMES R. RICKEY.

I willingly subscribe my name to the above as being a solemn and sincere fact. I hope these afflicted with that dreadful disease, consumption, will try your medicine in time, and be cured.
WM. H. WILKINS, Wayne County, O.

More Cures performed by Dr. Duncan's Expectorant Remedy!

DR. DUNCAN—*Dear Sir*—You may perhaps remember that I consulted with you in your office in Cincinnati, in June last, when you examined my lungs and informed me that there was a small cavity forming in the lobe of my left lung, with slight ulcerations, and advised me to take a few bottles of the EXPECTORANT REMEDY, which I bought of you (6 bottles.) I have used 4 of them, and feel as well as I ever did in my life. My cough disappeared after using the first bottle, the pain in my breast also left me, my strength increased and also my appetite. The medicine caused me to expector in large quantities of foul matter; after this was all thrown up, I felt relief at once. I think that the whole world should know something about the good effects of your "EXPECTORANT REMEDY," for the removal of the distressing symptoms leading to Consumption. Please inform me if you think it advisable for me to use the remedy any longer.
Yours truly, and ever grateful, HORACE BINNS,
Near Hamilton, O.

Consumption, or going into a Decline.

Cure follows Cure, by the use of Dr. Duncan's Expectorant Remedy.

MR. WM. B. PETERS, Richmond, Indiana, was taken with a bad cold last spring, which settled upon his lungs, at length cavings and ulcers formed, his Physician used everything that he thought of, but to no effect; he informed him that he could not be cured, that nothing more could be done, in the mean time, a friend of his, Mr. Howell, induced him to send to David P. Holloway, who is agent in this place, for the medicine, which he did. Before using two bottles, he found that he was getting better. After using six bottles he became perfectly satisfied that the medicine was certain to cure him as well as ever. He sent for six bottles more, and is happy to state to those afflicted, that he has used 4 of them and became in all respects healthy, and feels himself entirely cured. He wishes the facts published in the newspapers, that others afflicted with Consumption may know the virtues of Dr. Duncan's Expectorant Remedy, and open their lives.

We the undersigned are well acquainted with Mr. Peters, and know as care to be as above stated.
