Measures Looking to the Relief of the Poor Tillers of the Soil —A Colored Cadet.

[SPECIAL DISPATCHES TO THE RECORD-UNION.]

POOR FARMERS.

Colonel Polk Warmly Supports Senator Vance's Bill.

WASHINGTON, April 22d.—The Senate Committee on Agriculture and Forestry to-day had under consideration Senator Vance's bill to provide for a system of warehouses for farm produce throughout the country to be operated by the Government, which is to issue notes upon deposit of grain therein. Colonel Polk, President of the National Farmers' Alliance, read a long argument in favor of the measure, which he said was formulated by the committee appointed by the Convention of the National Farmers' Alliance and Industrial Alliance, held at St. Louis on December 3, 1889. He sketched the decline in agricultural values, in face of the marvelous progress and development of other industries and interests during the past two decades, and insisted that something should be done for the farmer. He charged the fault upon the financial system of the Government, which resulted in high-priced money and low-priced products. The remedy, Colonel Polk suggested, was threefold.

First—To restore silver to its dignity and place as a money metal, with all the rights of coinage and all the qualities of legal tender which gold possesses.

Second—To issue sufficient amounts of currency direct to the people at a low rate of interest, to meet the legitmate demands of the business of the country and which shall be legal tender for all debts, public and private.

Third—To secure to such issues equal dignity with money metals, by basing it on real, tangible, substantial values.

Colonel Polk was followed by Dr. C. W. McCune, Chairman of the National Committee on Legislation of the Alliance, who addressed himself more particularly to the merits and details of a system of warehouses as outlined in the bill. He asserted that merchandise thus stored would not deteriorate below the market standard, and that the system had proved feasible and practicable in California, where the Grangers' Bank in 1889 loaned $3,000,000 on certificates issued to farmers on wheat deposited in warehouses owned and controlled by them.

House Silver Committee.

WASHINGTON, April 22d.—The House Silver Caucus Committee met this afternoon, and spent an hour endeavoring to reach an agreement. The committee is united on the proposition offered at last night's meeting as an amendment to the bill, providing for the purchase of two million ounces of silver per month. An agreement was reached on the question of allowing the Secretary of the Treasury option in the redemption of bullion certificates, they agreeing on the provision giving him discretion of redeeming them in lawful money or silver coin. The committee meets the Senate sub-committee tomorrow.

Perhaps a Colored Cadet.

WASHINGTON, April 22d.—The appointments of naval cadets are beginning to flow into the Navy Department to fill vacancies that will be caused by the graduation of the class in June, but there is one vacancy already existing that is not yet filled, and that attracts some attention among the officers. This vacancy is to the credit of Representative Cheatnam, of the Second District of North Carolina, the only colored man in Congress, and it therefore becomes a direct probability that the new cadet will be of the dark race. This will be the second instance of the kind, and the outcome will be noted with intense interest by every man in the service.

On an Inspection Trip.

WASHINGTON, April 22d.—Orders have been issued at the Navy Department directing that the United States steamer Baltimore, now at Norfolk, proceed to sea on Saturday next on an inspection trip. She will remain at sea several days, and on May 10th will arrive at Baltimore, Md., where a celebration in her honor will be given by the city authorities. The Baltimore is now fully manned and equipped, with the exception of having on board two of her couplement of four 8-inch guns.

Man-of-War Nipsic.

WASHINGTON, April 22d.—The sailors and crew of the unfortunate man-of-war Nipsic, which was wrecked in the Samoan hurricane, are clamoring at the doors of the Treasury for the money for the loss of their personal effects allowed them by an Act of Congress. John C. Moore has been engaged in prosecuting some of these claims during the past few days. He was Paymaster's Clerk on the Nipsic when she was blown ashore.

Snicide of a Young Widow.

WASHINGTON, April 22d.—Mrs. Wildred Lawton Willingham, niece of General Lawton, formerly minister to Russia, committed suicide here last night. She came to secure a Government position and failed. She was about thirty years of age, and leaves a daughter of ten. Her remains have been sent home to Georgia.

Gray's Harbor.

WASHINGTON, April 22d.—The sub-Committee on Commerce reported to the full committee this morning in favor of the appropriation for a light-house at Gray's Harbor, Washington. The report of the full committee to the House will be made at the next meeting.

John C. Fremont.

WASHINGTON, April 22d.—The President to-day sent to the Senate the nomination of John C. Fremont, of New York, to be Major-General of the United States army on the retired list.

Light-keeper Appointed.

WASHINGTON, April 22d.—The Secretary of the Treasury has appointed Charles A. Paulsen third assistant keeper of the light station at Point Bonita, Cal.

Vacancy Filled.

CARSON (Nev.), April 22d.—Trenmor Coffin has been appointed to fill the County Treasurer's office made vacant by the death of Jake Lobriner.

Fearful Explosion.

MARQUETTE (Mich.), April 22d.—The Anthony Powder Company's mill at Negaunee caught fire and exploded shortly after 9 o'clock to-night, shocking the whole of Marquette county. Twenty minutes later there was another heavy explosion. The fire was scattered and is still burning. Some of the packing houses may go up. The shock in this city, eleven miles distant, was severe, while in Negaunee the store fronts were blown in, and the police are on duty to protect the goods. No one was killed. The loss is not obtainable to-night.

UNITED LABOR.

Building Interests in Chicago Very Generally Demoralized.

CHICAGO, April 22d.—The carpenters' strike presented an unchanged appearance to-day. The same sporadic attempts on the part of the bosses to resume work were made to-day, with the usual uncertain results. The Carpenters' Council will hold a conference this afternoon with President Gompers of the American Federation of Labor, at which the strike in all its relations will be discussed.

The labor situation this afternoon presents a more serious aspect. It is believed that by the 1st of May tradesmen numbering 25,000, belonging to the Federation of Labor, will quit work in sympathy with the eight-hour movement. Should such be the case, the interests of the city will be badly demoralized.

While a number of non-union carpenters were engaged in erecting a building this morning, a large crowd of union men gathered and demanded of them to cease work. Their request was refused, when the strikers resorted to violence by using clubs. These were only quelled by the presence of the police after a terrible battle on both sides. The police succeeded in arresting fifty of the rioters, who were locked up in the police station.

AN APPEAL FOR AID.

CHICAGO, April 22d.—Samuel Gompers, President of the Confederation of Labor, to-night issues an address to "wage-workers, and the sympathizers with the progress of America." He says:

"In accordance with a resolution of the Boston Convention of the American Federation of Labor, to select a trade to make a demand for the enforcement of the eight-hour work per day on May 1st, the Executive Council have decided that the United Brotherhood of Carpenters and Joiners of America shall make the demand.

"It appears that the wealth, power and influence of the employing and corporate classes of the country are to be concentrated to defeat the movement, which seeks not only to improve the condition of the employed, but which will find employment, and consequently save from poverty, degradation and despair, hundreds of thousands of our idle fellow men and women.

"In view of this situation it will be necessary for the wage workers and their friends of America to rally with greater unanimity of purpose than ever before; to concentrate all their efforts, and to counteract and overcome the action of our enemies. They must voluntarily contribute their mite to place at the disposal of the American Federation of Labor a sum of money sufficient to meet all contingencies."

This evening Gompers addressed a mass meeting in Chicago. He denounced as lepers the non-unionists who were now taking the places of the striking carpenters of Chicago.

PACIFIC MAIL.

The Effort to Secure a Line of Steamships by the Northern Pacific.

NEW YORK, April 22d.—The *Mail and Express* says: The personal feelings of Mr. Gould are complicating the affairs of Pacific Mail. The Northern Pacific is anxious to compete with the Canadian Pacific in the China and Japan trade by securing a Pacific Mail terminus at Tacoma. Gould is only too willing to make Tacoma the only terminus, while Huntington's interests in the Central Pacific will not permit him to take the other line entirely away from San Francisco. Gould's object is to take away business from the Union Pacific, and the Northern Pacific is ready to guarantee the steamship company $75,000 a month if it will make Tacoma its terminus. Nothing is settled yet.

The *Commercial Advertiser* on the same subject says: The buying of Northern Pacific stock to day was done by the strong parties. The point on which the stock was bulled was the proposed contract with the Pacific Mail for Tacoma terminus. The story in the street was that Northern Pacific authorities have ordered to guarantee the Pacific Mail Company $75,000 per month in consideration of the change. The sum named is higher than will be seriously considered. The guarantee of a smaller sum will, however, undoubtedly be offered, together with terminal facilities for the vessels. It may be stated on excellent authority that Villard and Huntington are much nearer together interested in the matter than has been supposed. If Huntington withdraws his opposition the change may be made.

Good morning
Have you used
PEARS' SOAP?

WHAT IS SAPOLIO?
It is a solid handsome cake of scouring soap which has no equal for all cleaning purposes except in the laundry. To use it is to value it...
What will SAPOLIO do? Why it will clean paint, make oil-cloths bright, and give the doors, tables and shelves a new appearance. It will take the grease off the dishes and off the pots and pans. You can scour the knives and forks with it, and make the tin things shine brightly. The wash-basin, the bath-tub, even the greasy kitchen sink will be as clean as a new pin if you use SAPOLIO. One cake will prove all we say. Be a clever housekeeper and try it.
BEWARE OF IMITATIONS. THERE IS BUT ONE SAPOLIO.

Covered with Sores
Boy one year and a half old. Face and body in a terrible condition, being covered with sores. Sulphur Springs fail. Cured by Cuticura Remedies.
Cured by Cuticura.
I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely covered with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try the CUTICURA REMEDIES, which I did. He took one bottle and a half of CUTICURA RESOLVENT, when his skin was as smooth as could be, and is to-day. I used the CUTICURA on his sores and the CUTICURA SOAP in washing him. He is now five years of age, and all right. The other case was a disease of the scalp, which was cured by washing with the CUTICURA SOAP and rubbing in the CUTICURA, one bottle of CUTICURA RESOLVENT being used. They have proved successful in every case. It is surprising how rapidly a child will improve under their treatment.

Itching and Burning.
I have been afflicted since last March with a skin disease the doctors called Eczema. My face was covered with scabs and sores, and the itching and burning was almost intolerable. Seeing your CUTICURA REMEDIES so highly recommended, concluded to give them a trial, using the CUTICURA and CUTICURA SOAP externally, and RESOLVENT internally for four months, I call myself cured, in gratitude for which I make this public statement.

IN THE SUPERIOR COURT OF THE COUNTY of Sacramento, State of California. In the matter of CHARLES JACOBS, an insolvent debtor. CHARLES JACOBS having filed in this Court his petition, schedule and inventory in insolvency, by which it appears that he is an insolvent debtor, the said CHARLES JACOBS is hereby declared to be insolvent. The Sheriff of the said County of Sacramento is hereby directed to take possession of all the estate, real and personal, of the said CHARLES JACOBS, debtor, except such as may be by law exempt from execution, and of all his deeds, vouchers, books of account and papers, and to keep the same safely until the appointment of an assignee of his estate. All persons are forbidden to pay any debts to the said insolvent, or to deliver any property belonging to him or to any person, firm or corporation or association for his use. The said debtor is hereby forbidden to transfer or deliver any property until the further order of this Court, except as herein ordered.

It is further ordered that all the creditors of said debtor be and appear before the Honorable Judge of the Superior Court of the County of Sacramento, in open Court, at the Court-room of said Court, on the 9th day of MAY, 1890, at 1:30 o'clock P. M. of that day, to prove their debts and choose one or more assignees of the estate of said debtor.

It is further ordered that the order be published in the SACRAMENTO DAILY RECORD-UNION, a newspaper of general circulation published in the county of Sacramento, as often as the said paper is published before the said day set for the meeting of the creditors.

And it is further ordered that in the meantime all proceedings against the said insolvent be stayed.

Dated April 2, 1890.
