HOWARD ASSOCIATION, PHILADELPHIA—A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic Diseases.
To all persons afflicted with SEXUAL DISEASES, such as Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or Self-Abuse, etc., etc.
The "Howard Association," in view of the awful destruction of human life, caused by Sexual Diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS to all who apply by letter, with a description of their condition, (age, occupation, habits of life, etc.,) and, in cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.
The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important but much despised cause.
Just published by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail, (in a sealed letter envelope,) FREE OF CHARGE, on the receipt of TWO STAMPS for postage.

AMERICAN AROMATIC BITTER CORDIAL—This Cordial, whose delicate flavor and aroma are unsurpassed, is the most successful tonic and restorative known in cases of general debility and nervous complaints; it restores the appetite, invigorates the action and functions of the stomach, and thereby prevents dyspepsia, so often brought on by continued attacks of indigestion, the prevalent complaint of hot and humid climates. Said Cordial may be administered with equal efficiency to the infant and the aged, by following the directions printed on the label of each bottle; and its agreeable taste is not the least of its recommendations.
This Cordial has been introduced into general use in the principal coffeehouses of this city, such as Sazerac, Gem, Ruby, the Age, etc., as far superior to Baker's Stomach Bitters, so celebrated throughout the United States of America; and there can be no doubt that all who have tasted the American Bitter Cordial give it the preference over all other Bitters hitherto in use. THANKSGIVING PROCLAMATION—
Whereas, the year now drawing to a close has been, to the people of this State, one of health, peace and prosperity, and as it becomes us as a people to acknowledge our gratefulness to that Supreme Being to whose beneficent goodness we should attribute our present prosperity—
Therefore, I, as Governor of the State of Louisiana, deem it meet and proper to suggest that WEDNESDAY, the 16th day of December next, be set apart and observed as a day of Prayer and Thanksgiving, and recommend to the people of this State the propriety of assembling at their usual places of worship on that day, to offer up praise to Almighty God, to sincerely thank Him for mercies and blessings already bestowed, and earnestly pet tion for a continuance of His divine favor; an increase of our prosperity as a nation; for permanence unto ourselves and final spread throughout the entire universe of the blessings of civil and religious liberty.
Given under my hand and the seal of the State, this 24th day of November, in the year of our Lord 1857.
ROBERT C. WICKLIFFE.

RURAL RESIDENCES—
MANUFACTURING SITES!
RARE OPPORTUNITY!!
LONG CREDIT!!!
FOR SALE—150 SQUARES OR ABOUT 3400 LOTS IN THE TOWN OF KENNER.
This property is situated on the line of the N. O., Jackson and G. N. Railroad, ten miles from the city. The ground, forming a part of the Metairie Ridge, is higher than any other place within forty-five miles, and will drain itself rapidly, without any artificial means.
To secure airy, healthy and agreeable neighborhoods, as rural retreats for the families of the business men of the city, certain sections of the higher grounds have been set apart for private residences, with ample space and under uniform regulations, all the streets of which it is designed shall be lined with shade and ornamental trees. To meet their wants, grounds have been set apart and will be donated to the proper parties for schools, churches, colleges and public squares. Here taste and wealth may combine to make a place unsurpassed for rustic beauty.
Other sections are set apart for business purposes. This locality presents more decided advantages for a manufacturing town than any other point in our State. It has a front on the Mississippi river of more than a mile and a half, and a rear upon the navigable waters of Lake Pontchartrain, only about four miles distant. It is the only place where the N. O., Jackson and G. N. Railroad connects directly with the river, and offers at the same time easy access to the piney woods and lumber districts. For the establishment of manufactories of all descriptions, dry docks and steamboat building, it has not a superior; and for the encouragement of artizans and the mechanic arts, so much needed in our midst, liberal inducements will be offered.
Lumber by the daily trains, and brick made on the spot, can be delivered here at less than city rates. The Railroad Company will render the necessary facilities to the traveling community, and will run an accommodation train to and from the town at hours to suit the convenience of those doing business in the city, as soon as a sufficiency of travel may require it. Mr. P. Irwin will also run his line of omnibusses to the depot at the requisite hours, thus making the connection with Canal street.

VALUABLE PLANTATION AND SLAVES AT AUCTION—The ARGOYNE PLANTATION, on the Bayou Black, parish of Terrebonne, La., with Slaves and Stock of every kind, will be sold at public auction in New Orleans, to the highest bidder, at Banks' Arcade, on the first MONDAY of February next, to effect a partition between the proprietors.
The property consists of over 2230 Acres of Land, inferior to none in Louisiana, heavily timbered, and nearly all susceptible of cultivation, about 700 acres of which are in cultivation; upwards of 80 Slaves, all family negroes; over 50 Mules; a stock of Cattle and Hogs; Circular Saw Mill; Farming Utensils; Mechanics' Tools, (with which the plantation is abundantly supplied;) Corn and Hay, supposed to be sufficient for the next season's consumption.
The Machinery in the Sugar-House is of the most valuable kind and works well. The quality of the sugar usually made is inferior to none made in the State, and its quantity equal to that of any other plantation in proportion to the number of hands. The growing crop is expected to be about 500 hhds.
J. J. HANNA will be on the plantation during the rolling season, and will take pleasure in showing it to any person desirous of examining it.
The terms of sale are one-fourth cash, (the purchaser to assume the mortgage debt due to the Bank of Louisiana,) and the balance to be payable in equal annual instalments, divided into coupons to suit the vendors, if required, at one, two and three years from the date of sale, bearing interest at eight per cent. per annum from date until paid, and secured by mortgage and privilege on the property sold; possession to be given when the terms of sale shall have been complied with; but the use of the hands, teams, etc., will be reserved for the purpose of preparing for market, and removing from the plantation, whatever of the growing crop may still be on the plantation at the time of the sale.
A more particular description will be given before the day of sale.
For further particulars, apply to WM. E. LEVERICH & CO.

SINGER'S SEWING MACHINES.
SUCCESS THE BEST EVIDENCE OF MERIT.
Over 13,000 SINGER'S SEWING MACHINES are in use, which is a much greater number than of any other Sewing Machine, and the amount of clothing and shoes made by them is probably much greater than by all other Sewing Machines put together.
Thousands of Singer's Sewing Machines have been in daily use for years without one dollar's expense for repairs, while a heavy expense is incurred yearly to keep thirty of the "Triumphant Success" Machines in order at the Steam Clothing Factory in this city.
The following are some of the reasons of the great superiority of Singer's Sewing Machines:
1. There is no other Sewing Machine in the world that will do all kinds of sewing with equal facility.
2. The superior beauty and excellence of the stitch being the same on both sides of the fabric.
3. Negroes can be safely trusted with the entire care of the Machines without the least apprehension that they will get out of order.
4. We are daily receiving propositions to exchange all other kinds of Sewing Machines for Singer's.
No other Sewing Machine has given universal satisfaction for several years in any portion of this State.
The only Triumphant Success Machine (G. & B.) in the parish of Lafourche, was laid aside two years since.
One of the signers of the subjoined certificate used Wheeler & Wilson's Machine eighteen months and sold it for one-half the cost and bought Singer's.
We, the undersigned, certify that we have had SINGER'S SEWING MACHINES in use the length of time and for the purpose specified, and find them admirably adapted to all kinds of sewing, fine or coarse. They are very simple in construction and not liable to get out of order, and the work done by them is beautiful and substantial. We believe they have given universal satisfaction in this region, and we therefore recommend them to all who have much sewing to do, of any kind, as a great labor-saving machine:

The premium was awarded to Singer's Sewing Machines at the recent Fair in St. Louis, and at different times at seven other State Fairs, also at the American Institute in 1851; and as a crowning triumph at the Great Exhibition Universal in Paris of Europe and America.
Singer's New Family Machine is now on hand and for sale, and is the most useful as well as the most ornamental Sewing Machine ever offered to the public.
The persons whose names are marked *, have left the management of their machines entirely with negroes.

A NEW DISCOVERY—THE GREATEST AND MOST WONDERFUL IN THE WORLD.
SARSAPARILLA LOZENGES,
Simple and Compound.
Prepared by N. HEREU, Druggist and Physician.
Superior to all Essences, Syrups and Extracts so named, and to all specialities heretofore known.
I have for a long time thoroughly investigated the idea of a general therapeutic agent, susceptible of being applied to all diseases, the development or morbid principle of which proceeds from an internal cause, either in the blood or any of the organs.
A careful and uninterrupted analysis of the animal, vegetable and mineral kingdoms had induced the hope that I could bring about such a result, and, thanks to my indefatigable researches, it is now obtained.
I have found in some vegetables the necessary means for this grand idea, which is based upon an oleaginous principle of Sarsaparilla partly known to the public. Such is the discovery which I have the honor this day of advertising. The form of Lozenges has been given to it, because its nature precluded the possibility of giving otherwise; and I have divided it into simple and compound Lozenges, in order that they might be given to children as well as adults.
My first experiments were made privately, and remained unknown until wonderful results had satisfied me that I had succeeded, and that the charge of quackery could not be brought against me.
The attention of physicians and of the public is called to these Lozenges, in order that every one may witness the admirable results of the same.
GENERAL EFFECTS.
Testified to by upwards of a thousand persons.
The stomach is cleansed, the blood is purified and renovated by removing all impurities from this precious organ and fluid.
SPECIAL EFFECTS.
1. Prompt and radical cure of all diseases generally.
2. Persons who have used these Lozenges have never had the cholera nor the yellow fever.
3. Venereal, syphilitic, hepatic, scorbutical, gouty, rheumatic and nervous and bilious diseases, are completely cured a few days after the remedy is resorted to.
4. All diseases of the lungs, head, eyes, stomach, bowels and other internal and external complaints disappear entirely, provided the Lozenges are resorted to.

DOUBLING THE INCOME OF COTTON PLANTERS.
PATENTED IMPROVEMENT IN THE MANUFACTURING OF YARNS,
Employing to Spin the Crop up but about one-fourth of the number required to raise it—this number consisting of children of six years of age and above, and women unfit for plowing or picking cotton.
I am now prepared to furnish Planters with this NEW COMBINATION OF MACHINERY, inclusive of the STEAM ENGINE, if necessary—namely: The Gin with Lap Appendage in one Machine, and the Boquet Machines of the Spinning Series, and to have all arranged in the Spinning Room on the plantation, complete, with great dispatch. Also, competent Spinners.
ONE-HALF OF THE NEW PORTION OF THE INCOME the very first year, will MORE THAN PAY for the whole Machinery, inclusive of the Steam Engine and the Spinner's Wages.
My IMPROVEMENT, in its results to the Planter, is equivalent to his having purchased of me a plantation, negroes, etc., more productive than those he now works; and while his Spinning interest will prove his diversion, it will be exempt from the cares and anxieties inherent to Planting, Gathering and Baling up a crop.
MY TERMS.
MACHINERY is a CASH ARTICLE, but for good acceptance I can grant reasonable facilities; and for the RIGHT OF THE PATENT, one-fourth to be paid to me each of the first five years of the excess the Yarns bring over Ginned Cotton, with a contract insuring payment should the plantation change proprietors.
Propositions from Planters may now be made, and to know cost of Machinery in their particular case, they must not omit to state what has been the number of pounds of their crops—or how many pounds of Yarn a day they must Spin.
